of Governing Body.

The annual convention of the Dis-

an, and his methods, or some em, are unconventional. But the n restion at issue is what has he d r his country, not how has he d This trumpery incident of the

J. WOOD,

and his methods,

NEW YORK, June 6 .- The Herald's

NEW YORK, June 6.—The Herald's naval correspondent in London writer, The discussion in the house of commons on the two power standard disclosed a definite difference of opinion on this subject, mainly defined by pohlicical lines of cleavage. The minister is peakers, while accepting the form on the transmitter of the opposition, on the practice. The opposition, on the other hand, insists not only upon the standard with the doctrine. Mr. Asquith and Mr. McKenna hold that the standard is not to be interpreted numerically. The discussion of more assured strength and greater readiness for war into the meaking ours equal to the sum with a margin for contingencies. Along with a margin for contingencies and other conditions must be taken in to consideration. Mr. Baifour and Mr. McKenna hold that the standard is not to be interpreted numerically is not to be interpreted numerically. The future of Great Britain as a set in and other conditions must be taken in the making ours equal to the sum with a margin for contingencies. Along is the they have not gone far enough is that they have not gone far enough is the avail officer publicity to express in the mucleus crew system; he was the is inficient affective standard officer publicity to express in the fast few was the has announced his adhesion to the proposal of the governments.

Neither party would, therefore, ex-bude America from the calculation, but the government is of opinion that if advisors that the four contingent ships

but the government is of opinion that if any power out of Europe is counted, then when the standard is applied due allowance must be made for distance. This is not what Mr. Asquith said in November last, any more than it is wha Mr. Winston Churchili said a few include the standard is applied due allowance what Mr. Asquith said in November last, any more than it is wha Mr. Winston Churchili said a few include the standard is applied due allowance what Mr. Asquith said in November last, any more than it is wha Mr. Winston Churchili said a few include the standard is applied due the standard is applied due allowance what Mr. Asquith said in November last, any more than it is what Mr. Winston Churchili said a few include the standard is applied due to distance. It is unlikely, therefore, that the bestowed will have any permanent efweeks ago, and there is ground, there-fore, for the charge of vacillation made by the opposition. The fact is that if the two power standard is to remain a workable rule it must be applied im-have a personal opportunity of makpeople of England will shortly

In these circumstances the reserva-tions and qualifications which Mr. As-quith advanced in the discussion have, as Mr. Balfour said, befogged and be-clouded the situation—a situation which, as I reported last week, can only be descred up by a definite proonly be cleared up by a definite pro-nouncement upon the subject of the by J. H. Garrison of St. Louis, editor four contingent was ships in this year's ed The Christian Evangelist. The afterbuilding program

Anti-Fisher Faction Busy. by Rev. M. B. Ryan of Selkirk. The general uneasiness has been in-creased by the efforts of the anti-Fisher board held a general meeting, at which creased by the efforts of the anti-Fusher faction, who have sought by what the Times calls "a breach of the ordinary courtesies of public life" to attract the attention of the country to a per-sonal matter by exaggerating its im-sonal matter by exaggerating its im-sonal matter by exaggerating its acceleration of the country to a per-sonal matter by exaggerating its im-sonal matter by exaggerating its acceleration of the country to a per-sonal matter by exaggerating its im-sonal matter by exaggerating its acceleration of the country to a per-sonal matter by exaggerating its im-sonal matter by exaggerating its im-sonal matter by exaggerating its importance and putting upon it a con- been elected for the next term as fol struction which is wholly mischievous lows: President, M. N. Stephens, Glenand misleading. There is no gainsaying cairn; vice-president, C. A. Fleming, the fact that personal matters excite Owen Sound; treasurer, John McKininterest more than any non, Guelph; corresponding secretary the public interest more than any others, and this is particularly the case when they can be served up with a spice of scandal. Ever since Sir George Arnistrong first quoted the private letters of Captain Bacon some few weeks ago, a certain section of the Weeks ago, a certain section of the secretary, Amos Tovell, Guelph; mem-bers of board, John Percy (Guelph), J. D. Stephens (Winger), Thos. White-head (Walkerton), John A. McKillop (St. Thomas), and J. D. Higgens (Tothe public press has made a feature of what has ronto). In the course of his sermon last been described as "astonishing disclosures" and "amazing revelations" about the "espionage" in the navy. evening Dr. Garrison, speaking from the text, "Seek first the Kingdom of In parliament also endless questions have been put to Mr. McKenna on the God," sought to prove by outstanding facts, that the kingdom of God had already come into the world. Proof of subject with the obvious purpose of discrediting Sir John Fisher and makthis was found in the breaking up of the power of Rome, the freeing of men ing party capital out of the business. From the tone and temper of the in-terrogatories it might also be supfrom political slavery, the elevating of women, and the advancing of society posed that the admiralty was suspect-ed of a desire to make of Mr. Carlyon generally. Bellairs a sort of naval Dreyfus. That GERMANY'S NAVAL PLANS this member of parliament was harshly and inconsiderately handled by Sir Fleet is Needed to Assure Peace, Says John Fisher's correspondents is indis-putable, but a full expression of per-Prince Henry. sonal regret has been made to him by Mr. McKenna on Sir John's behalf. KIEL, June 6 .- Prince Henry of and that incident should now be con-Prussia, representing his brother, Emperor William, spoke as follows Satursidered closed. Confidential, But-The facts of the case and its ex-planation are simple. The letters which league, held here under the presidency Sir George Armstrong has made pub- of Grand Admiral Von Keester: "Everyone is glad that a good underlic were written about three years ago when the controversy about the new system of naval training was raging with great virulence. For the pur-tion should devote itself to the furtherpose of reference and record a num-ber of private letters on the subject naval program. In addition to a pow-naval program. In addition to a powwere printed and circulated within the erful army we need a fleet in order to admiralty. Probably some of the let-Admiral Von Keester said that Gerters thus printed were also sent in many was not considering a fleet against any definite opponent, but as a confidence to others who were known to favor the new system. That these letters would have been all the better for judicious editing before they were means of self-defence. "We desire to live on the best terms rinted is indisputable; certainly the ersonal remarks they contained with all civililzed countries," he declared. uld have been struck out. That Admiral Weber then made an address was an error of judgment for which apology has been made. Admiral weber the to the "concen-in which he referred to the "concen-tration of the strongest fleet in the world apology has been made. But the letters were not published in the North Sea." He hoped war would never happen, but Germany, after rein any ordinary sense of the term; never happen, but Germany, after to hear interaction in the state of the solution of the solut they were unmistakeably official and confidential documents, and would have been forgotten and harmless had they not been unearthed to serve their present purpose. It is now sought to invest them with a spurious importtain in the matter of naval construction ance, apparently in order to mislead A telegram was received from Em peror William, saying: "Our phincipal task in the future, as in the past, is to the country upon the feeling of the naval service, which is pictured as being demoralized and in 'a state of unrest and apprehension, and also to open a way to make the fleet popular excite animosity against Sir John Fish-and to create German sea power for er, who is accused of introducing the the assurance of peace."
