

12. In the event of a design-basis loss-of-coolant accident at the Bruce A Generating Station, what would be the probable consequences if only one of the two scram systems were available?

13. In the event of a loss-of-coolant accident in a CANDU reactor, within how many seconds must the reaction be shut down in order to prevent fuel failures from occurring and in what way does this time depend upon the design and/or the megawatt rating of the reactor?

14. How many scram systems are in the Pickering A. Generating Station?

15. Has consideration been given to the possibility of retrofitting the Pickering A reactors with an additional scram system for safety reasons?

16. What is the estimated dollar cost of retrofitting an existing 500 MWE reactor with an additional scram system?

17. In applying for a reactor license from AECB, is the licensee required to consider "failure to scram" as a credible event?

18. (a) What is the maximum loss-of-containment assumed in the safety report for a commercial CANDU reactor (b) under what circumstances would a loss-of-containment occur and what would be the effects?

19. In the context of a design basis accident, involving a loss-of-coolant accident coupled with a partial loss of containment, what would be the maximum health effects if the ECCS does not function as planned at the (a) Pickering site (b) Bruce site?

Return tabled.

COST OF PRODUCTION OF ANNUAL REPORTS

Question No. 2,396—Mr. Cossitt:

1. What was the total cost in each of the past three years for printing, designing, mailing and circulating etc., the annual reports of all departments, agencies, Crown corporations etc. and what was the total cost of such reports for the three years combined?

2. (a) What were the six most costly reports in each year (b) what was the total amount in each case for each year (c) what was the total cost of all of them for three years?

3. Does the government plan taking any steps to cut down the expense to the taxpayer of such annual reports by using less glossy or fancy formats etc. and (a) if so, what are such plans (b) if not, for what reasons?

Return tabled.

MR. VICTOR CHAPMAN

Question No. 2,441—Mr. Cossitt:

1. What is the complete government employment record of Mr. Victor Chapman, including dates and annual salaries received?

2. Has Mr. Chapman served the Prime Minister as a press officer and/or has he served the Prime Minister or his family in any other capacity?

3. Since April 20, 1968, has Mr. Chapman and/or Intertask Limited, Ste. 700, 71 Bank Street, Ottawa received any business from the government and, if so, in each case, what (a) is a full description of the services performed (b) was the amount of money received?

4. What was the total amount received for all such business?

Return tabled.

CANADA'S CONTRIBUTION TO MOZAMBIQUE

Question No. 2,531—Mr. Caouette (Villeneuve):

1. What has been the nature and dollar value of Canada's contribution to Mozambique under the terms of the agreement made at the Prime Ministers' Conference in Jamaica in 1975?

2. Since 1975, how much aid has Canada accorded Mozambique through (a) CIDA (b) any other government agency?

Order Paper Questions

3. Since 1975, what is the value and nature of Canadian exports to and imports from Mozambique?

Return tabled.

STUDENT SUMMER EMPLOYMENT

Question No. 2,535—Mr. Young:

1. How many students were hired for part-time, temporary or summer help as Canada Customs or Canada Immigration staff at the (a) Niagara Falls (b) Fort Erie port of entry in (i) 1972 (ii) 1973 (iii) 1974 (iv) 1975 (v) 1976?

2. For each of the same years (a) how many applications were received (b) were interviews or examinations held and, if so (i) on what dates (ii) in what locations?

3. Which government office was in charge of selections and which officers made the selections?

4. Were any of the students hired related at the time to present or former employees of Canada Immigration or Canada Customs and, if so, how many?

5. (a) What are the usual criteria for selection (b) did all such employees hired between 1972 and 1976 meet the criteria?

6. What were the usual home addresses, by city, as opposed to the university-attended addresses, of those who were successful in gaining such employment?

Return tabled.

MR. IAN C. WALKER

Question No. 2,548—Mr. Neil:

1. What was the cost of the preparation of the publication by Mr. Ian C. Walker, *Clay Tobacco-Pipes, With Particular Reference to the Bristol Industry*, in 4 Volumes, and published by National Historic Parks and Sites Branch, Parks Canada, Department of Indian and Northern Affairs in 1977?

2. How many sets were published?

3. What was the cost of publication?

4. How many sets of the volumes have been distributed?

5. Is Mr. C. Walker an employee of the Department?

Return tabled.

PRIVY COUNCIL AND FEDERAL-PROVINCIAL RELATIONS OFFICES

Question No. 2,551—Mr. Cossitt:

For the fiscal year 1976-77, what are the (a) duties and job designations (b) salaries (c) names of those employed by, under contract to, or on loan to the Privy Council and Federal-Provincial Relations Offices?

Return tabled.

FEDERAL AIRPORT ASSESSMENTS

Question No. 2,643—Mr. Elzinga:

1. On what basis is the assessment for federal airports made?

2. Does the (a) method (b) rate of assessment vary from one airport to another?

3. Is the municipality reimbursed, if taxes are not paid on the property occupied by the Air Force and, if so, in what manner?

4. What is the amount of reimbursement to the municipality in which each federal airport is located?

Return tabled.
