W. H. Bostwick Defies Arrest in Ocala, Georgia, and, With His Six Children, Barricades House—Troops Ordered Out and War of Factions is Feared

Ocala, Ga., June 27.—Barricaded in his home near here, W. H. Bostwick, who last night killed two policemen and seriously wounded three others, was successfully resisting the police and sheriff's posse today. His threats to kill anyone who ventured in range of the bullets compelled respect and the deputies were inclined to await the arrival of the militia, who have been called out by Governor Brown.

With Bostwick in the house were six of his children, all small and some of them girls. Four policemen were sent last night to arrest Bostwick and he opened fire upon them as soon as they reached his home. Steve Davis, the chief of police, and Deputy Sheriff Sheffield were instantly killed. Chief Joseph McInnes was fatally wounded and Deputy T. C. Bass was shot and seriously hurt.

The information came today that the troops from Fitzgerald would reach Irwinville just as quickly as they could be reached there on a special train. From there they were under orders to march rapidly to the scene of action. Troops were made by the posse to burn Bostwick out of his house, but when it was seen that nothing could be accomplished in that way the deputies began firing. It is not known whether any of the bullets found a human mark. It is known that one of the little girls in the house is ill. The posse have made careful plans to take the children if their drive Bostwick out.

It is stated that several months ago Bostwick shot his brother-in-law, C. G. Fiddler, and was arrested charged with assault with intent to murder. He was put under a peace bond but his bondsmen recently told the sheriff that they wanted to be released from responsibility. On Friday a deputy went to Bostwick's house to arrest him but Bostwick told him he would never submit to arrest, that he would die.

A large number of citizens have left Ocala for the scene of the shooting and all are well armed.

Albany, Ga., June 27.—After learning that Sheriff McInnes was believed to be fatally injured, Adjutant General Scott at 2 o'clock this morning decided to order the Albany Guard to proceed on a special train to the scene of Sunday's battle with W. H. Bostwick. It is feared that trouble between the two political factions in that county may result from the shooting.

WOULD LEAVE OUT WORDS OFFENSIVE

Is and Presbyterian Clergyman on Coronation Oath

SOME SENSATION CAUSED

Rev. Mr. Fulton in Charlottetown Gives His Opinion in Sermon—John Doucette Falls to Death Through Opening in Dredging Scow in Duluth

Charlottetown, P. E. I., June 27.—A sensation was created here yesterday by a sermon on the coronation oath preached in St. James' Presbyterian church by the pastor Rev. T. F. Fulton. He favored the striking out of the words "worship of saints and the mass as idolatrous and superstitious" which were necessarily offensive to Roman Catholics, but he opposed any further change.

He gave a historical review of the struggle in England for religious freedom and held that freedom was obtained at too great a cost to be tampered with. The succession to the throne should be carefully guarded. The disabilities formerly upon Catholics in Protestant countries, he said, grew out of previous intolerance when they had the power and a return thereto would be dangerous. This church was doing great good in many ways. They had a right to teach what they believed but not to encroach upon the lawful authority of the state or the rights of others.

The body of John Doucette, aged twenty-five of New Acadia, was brought to the island on Saturday. He was drowned in Duluth by falling through an opening in the centre of a scow when engaged in dredging work, as the load was being dumped. The body was not recovered till eleven days later.

COSGRAVE IS LOOKING WELL FOR SCULLS

London Paper Says Canadian Will Take a Lot of Beating-Heavy Wind at Henley Makes Practice Light

London, June 27.—The Pall Mall Gazette says that Cosgrave, the Canadian sculler, will take a lot of beating on his first race form. He is little, but very, very good, and, like Kelly, no record-holder of the diamond sculls is beautifully easy, and yet most effective in style. Whoever beat McCulloch should win.

Owing to heavy winds the practice of the Winnipeggers at Henley today was of the lightest possible character.

SHE MUST GET TO WED THE \$100,000

Winnipeg, June 27.—That she will get \$100,000 if she wins a husband and only the income from that amount if she remains a spinster, is the odd provision in the will of Alma Naumann, formerly of Milwaukee, in the \$500,000 will of Mrs. Henriette Friend, who dies tonight in Germany.

The young woman is a foster-daughter of her friend, whose action of life was that woman's place in the management of her home.

VATICAN'S NOTE IS AN ULTIMATUM

More Troubles in Spain—Anti-Catholic Demonstration in Bilbao, One Man Killed

Madrid, June 27.—The Vatican's latest note to the Spanish government is regarded as practically an ultimatum. It insists upon the withdrawal of the decree of June 11 as a condition precedent to the continuation of the negotiations over the revision of the concordat.

The republicans and radicals are organizing throughout Spain counter demonstrations against the Catholic agitation.

Bilbao, Spain, June 27.—Republicans who were making an anti-Catholic demonstration entered the Carlist Club rooms and rioting followed today. The police intervened but before the fight was stopped one man had been killed and many others injured.

San Sebastian, Spain, June 27.—A religious riot occurred before the quarters of the Basque Club today and shots were exchanged. Municipal guards charged the disturbers killing one man and injuring several others.

AMERICAN BRIDE OF GENTLEMAN IN WAITING TO THE LATE KING

London, June 27.—For the present there will be a cessation of fashionable weddings, the last of the series of important ones having taken place in St. George's, Hanover Square, when Miss Nellie Post, only daughter of the late Arthur Post, of New York, and Lady Barrington, by his first marriage, was married to Montague Elliot, gentleman in waiting to the late king.

There is little news to be said about any of the weddings of the last week, as no colors could be introduced in the toilettes of the bridesmaids, and as one of the guests remarked, now that it is the fashion for bridal attendants not only to wear white dresses but also long tulle veils, surrounded by wreaths, there is very little to distinguish them from the bride herself.

NORTH STREET ITALIAN WAS SHOT IN HEAD

Andy Rose Captured By Detective Killen At Welsford

Examination in Hospital Proves That Bullet Fractured Sacrusa's Skull—He is Still Unconscious and Recovery Not Expected—Prisoner Shows Where He Hid Revolver With One Chamber Empty—Trouble Was Over a Girl

Distinct traces of lead, found on the shattered bones of the skull of Diego Sacrusa, in the General Public Hospital, are regarded as establishing it beyond doubt that the wound which is regarded as certain to cause his death, resulted from a revolver shot.

Andy Rose, believed by the police to have shot Sacrusa in the latter's North street home early Sunday morning, was captured at Walsford today by Detective Killen, who comes in for good words for the prompt arrest.

No hope whatever is entertained for the life of Sacrusa. He is lying unconscious in the General Public Hospital. He may live several days, perhaps only a few hours, but there is no hope of his recovery. It is now believed his injury was the outcome of a quarrel between the two young Italians, over a girl.

Takes Police to Hidden Gun

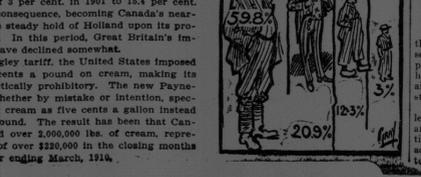

Rose, after the shooting, disappeared, but between 5 and 9 o'clock this morning Detective P. F. Killen, who left here on the early train in search of him, found him standing at the station, waiting for the arrival of the train, on which it is thought he intended to go farther away.

FIGURES THAT TELL STORIES

FREE FOR ALL RACE BRITISH CHEESE MARKET

W H I L L E Canada's supremacy as Great Britain's chief supplier of cheese is likely to be unquestioned for some time to come, it is always good policy to watch your competitors. In 1901, Canada with 59.3 per cent, the United States with 29.3 per cent, Holland with 12.3 per cent, and New Zealand with 3 per cent, competed for the British market in this order. In 1905, Canada had increased her lead to 76.1 per cent, Holland had captured second place with 21 per cent, the United States was third with 7.2 per cent, and New Zealand had slightly gained to 3.2 per cent. In 1909 Canada diminished her lead by dropping to 65.4 per cent, New Zealand advanced from fourth to second place with 15.4 per cent, Holland dropped to third with 11.9 per cent, and the United States with 2.3 per cent had lost fourth place to Italy, which had 2.3 per cent. The features of this contest, as will be seen, are the practical elimination of the United States as a competitor, the splendid achievement of New Zealand in advancing from a supply of 3 per cent, in 1901 to 15.4 per cent, in 1909, and, in consequence, becoming Canada's nearest rival, and the steady hold of Holland upon its proportionate share. In this period, Great Britain's imports of cheese have declined somewhat.

Under the Dingley tariff, the United States imposed a duty of five cents a pound on cream, making its importation practically prohibitory. The new Payne-Aldrich tariff, whether by mistake or intention, specifies the duty on cream as five cents a gallon instead of five cents a pound. The result has been that Canada has exported over 2,000,000 lbs. of cream, representing a value of over \$220,000 in the closing months of the fiscal year ending March, 1910.

Board Oregon Train and Shoot at or Beat All Who Resist Demand for Their Valuables—Get Away But Posses is in Pursuit

Ogden, Utah, June 27.—Oregon short line passenger train No. 1 was held up at Five Points at 1:30 o'clock and every passenger on the train robbed of his valuables.

The robbers boarded the train at Ogden and held up the passengers as soon as the train left the city limits. The brakeman was shot at twice but escaped injury. A woman was badly beaten and an unknown man, a foreigner, was also severely beaten.

The bandits, three in number, struck down every one who offered the slightest resistance. The express messenger was compelled to give up his keys and the express car was searched. One of the robbers remarked that he knew there was no money in the car, but they would search anyhow. They said they had seen the money go out on the first section, but they were unable to board it. Sheriff Wilson and posse is in pursuit.

FIVE THOUSAND SAILED FROM NEW YORK SATURDAY

Represent \$25,000,000 in Passage Money and Cash Carried Along on Trips to Europe

New York, June 26.—All records for outgoing European travel were broken on Saturday when eleven great liners sailed with 5,000 cabin passengers from the port of New York. Most of these—in fact 90 per cent of them—are Americans, showing the increase of the wanderlust.

In passage money alone the fares ran for above \$1,000,000. In addition to the cabin passengers more than 30,000 steerage passengers sailed for their former homes. Many of these carry tidy sums, and with letters of credit possessed by the cabin passengers there left the country, it is estimated, the equivalent of \$25,000,000.

The steamship Necker, of the North German Lloyd, is very much of a vacation ship. Her passenger list is made up of 250 school teachers from various parts of the United States. Her cruise will be through the Mediterranean, stopping at Gibraltar, Naples, Malta and other points.

The other vessels that sailed include the Kaiserin Auguste Victoria, with 500 first and 400 second class passengers—the record for a single steamship, the St. Paul, 330 first, 135 second; Carmania, 300 first, 220 second; Dux Degli Abruzzi, 100 first, 140 second; Minnetonka, 170 first; Celtic, 320 first, 400 second; Columbia, 300 first, 240 Chicago, 400 first; Kronland, 275 first, 200 second.

TWO DEATHS IN CHINESE TONG WAR

New York, June 27.—Two Chinamen are dead today, a third is badly wounded in a hospital, and seven Orientals are under arrest as the result of the renewal of hostilities in the Tong war in Chinatown yesterday.

Shu Foo, a Long Island landradyman, was the first victim to succumb to the wounds he received when the fusillade of shots broke loose while the Four Brothers, one of the parties to the conflict, were celebrating yesterday in Pell street. The On Long Tongs, their rivals, were over the recent murder of one of their number, were gathered in force in Mott street, nearby, and are alleged to have raided the arriving banquet.

The second victim was Sen Jing in front of whose store at Mott & Pell streets, the heaviest shooting occurred. He died this morning. Chu Pan, the third man to be struck by the bullets, is expected to recover.

The outbreak was entirely unexpected, but the police rushed in in time to confine the trouble to the immediate locality. The two dead men were members of the Four Brothers, and the recent killing of Chung Fook Yuen of the On Long Tong, is said to be considered.

BRITISH CATTLE AND OTHER MARKETS

London, June 27.—Edward Watson & Ritchie report 124 cattle on offer. Trade is firmer. There are few prime quality. Secondary classes are quieter; prime beef are in request; beef, top, 14s cents; secondary 13s cents; mutton, 12s to 13s cents a pound.

Hogs killed in Denmark last week numbered 31,000, a third is badly wounded in a hospital, and seven Orientals are under arrest as the result of the renewal of hostilities in the Tong war in Chinatown yesterday.

FELL 172 FEET AND IS BACK AT WORK AGAIN

Spokane, Wash., June 27.—David Danielson, twenty years of age, who fell from the top of the new Morrison theatre building here, a distance of 172 feet, without serious injury, on June 17, has returned to work on the structure. Danielson tripped over a coil of rope on the roof and pitched headlong to the pavement, where he landed in a wheelbarrow. Before those who saw the descent could rush to his aid, he arose to his feet and walked to the office of Dr. Stanley H. Titus, where he stretched out on an operating table to ascertain the extent of his injuries.

A cursory examination showed that no bones were broken, and when Danielson learned this he walked to his sister's home and invited her to dinner in a restaurant where he did justice to a meal that would satisfy a man of ordinary appetite. Danielson says the cut over his left eye is the only thing that caused pain, adding that the sensation of the hurried flight through space amply repaid the after inconvenience by reason of a closed optic.
