

Your Cold Stubborn?

Are you caught like this? Feel a cold coming on fight it, but fail to stop

Are you caught like this? A cold or a cough that you dose with medicine

but somehow it sticks to you. In either case there's hope, and good hope, in a Remedy with a funny name but a corker with all kinds of colds and coughs. That Remedy—ren ember the name—is

GUAIASOTE

(Goo-ya-sote.)

Here is why it is so powerful. It kills the cause of colds by acting as a stomach antiseptic and tonic. It also acts as an comforter and antiseptic for the breathing passages. Thus it corrects stomach distress caused by food fermentation (bowel trouble) -it eases the throat where bothered by gases from such fermentation, kills cold germs and tones up the body in general. Contents are Guiacol and Creosote compound with Hypophosphites. Ask for Guiacol—the two dose cold stopper.

Committee Suggests Placing at G. P. H. and County Institution

At a meeting of a committee appointed to consider the matter of sprinklers in the General Public Hospital and the Saint John County Hospital it was decided to recommend at the next meeting of the Municipal Council that sprinklers be installed in these institutions. Councillor G. H. Simpson presided. The General Public Heaville Market Sun Rises. (Att. lic Hospital was represented by M. E. Agar, Alexander McMillan and R. H. Gale and the County Hospital by Dr.

The General Public Hospital com-missioners expressed themselves as in favor of the sprinklers on account of the possibility of saving life in the event of fire. It was said the cost of carrying the insurance risk would be a little more for 15 years, but the institution would carry \$281,000 of insurance instead of \$181,000 carried now. The total valuation placed on the buildings at the General Public is \$424,669, and including the contents

At the County Hospital the installa-tion of the sprinklers, it was said, would mean a reduction of the insur-

ance by \$34,000.

The increase in the insurance carried by the General Public Hospital is due to the requirement that 90 per cent. of the valuation be carried to get the low rates given when sprinklers are installed and the decrease in the amount carried by the County Hospital is due to the fact that they have been carrying more than 90 per process.

Employes and Begins Night

Improvement in local business conditions is shown by the fact that one Saint John concern has had to start demand for its goods. This is the Corona Company, Limited, A. B. Edwards, manager, said this morning that the company has had to operate its large factory in Union street three its large factory in Union street three nights a week and also increase its staff of workers by the addition of a large number of girls. He said that improved local conditions, which seemed to change quickly for the better, was the cause for increased activity in his line of business, although preparation for the annual Christmas business also contributed.
