People Rallying to Support of Brazilian Revolutionists
MAGNANIMOUSLY VOTED AGAIN

REBELS GAIN UPPER HAND IN FIGHTING AROUND SAO PAULO

Revolt, Begun by Military, Has Support of More Than 500,000.
POLITICAL ASPECT
Rio Grande President May Throw Support to the Revolutionists.

(By Canadian Press)
Buenos Aires, July 18.—Trustworthy information received here from Brazil early today indicates that the rebels are getting the upper hand in the fighting around Sao Paulo. It is said that the Federal Government has proposed to institute "decisive operations," but the military chiefs do not entertain hopes of definite results.

Unless a political compromise is reached, the Brazilian warfare which has now been waged for nearly two weeks between the Sao Paulo revolutionists and the Federal troops promises to be long drawn out.
It is pointed out that the rebels have at their command the resources of the wealthiest city in the country, where large manufacturers are centered, including arms and munition factories, which are now reported working day and night. The de facto government in power is said to have support of practically the entire population of more than 600,000 and to be functioning in an orderly manner.

While the insurrection seems to have begun as a military revolt, emphasis is placed on the prevalence of secessionist sentiment in Sao Paulo, where the objection is often voiced that the district does not receive proportional benefit.
Federal Troops Powerless.
By BRYAN POWERS
(United Press Staff Correspondent).
Buenos Aires, July 18.—Hidden behind the absolute military censorship established by the Brazilian Government, events in the State of Sao Paulo, where state troops aided by a part of the Federal garrison have supported against the Government, appear to be moving toward an impasse, with rebellion (Continued on page 9, fifth column).

METHODISTS TO BE ASKED FOR \$1,943,000

This Amount Will Be Used For Financing Denominational Enterprises.

Toronto, July 18.—Canadian Methodists have been asked to finance their denominational enterprises in the coming year, including widespread missionary and moral reform activities, with an amount totalling slightly over five dollars a member.
In a statement just issued from the office of the General Superintendent, Rev. B. D. Chown, D.D., L.L.D., numerous plans for co-ordinating activities and conserving funds are announced. The total asked for all non-local purposes is \$1,943,250.
Dr. Chown assures the church that the General Board of Missions and the Woman's Missionary Society have reached "happy mutual understanding," that the prohibition campaigns are being vigorously prosecuted and that economy is the watchword of all departments. He strongly urges tithing as a means to spiritual growth and financial soundness, in Methodism.

Rockwood, City Health Commissioner, following the discovery of two new cases of smallpox in the neighborhood. A corps of 25 nurses and doctors went to the area with vaccine at daylight. Sixty-five specimens were taken from the district and followed out orders that one was to leave the area or enter it pending new instructions.

Scrap 2 Battleships Worth 20 Millions

New York, July 18.—Workmen at the Navy Yard in Brooklyn have completed the dismantling of the two battleships which were to have been named Indiana and South Dakota. The Government appropriated \$20,000,000 to build these vessels, of which \$20,000,000 had been spent when the order was received to scrap them in accordance with provisions of the Washington disarmament agreement.
By cutting up the steel the Government received between \$75,000 and \$100,000 more than would have been received had the ships been sold as they stood to the highest bidder. The steel was bought by the Steel Scrap Company of Philadelphia at \$9.51 a ton.

U. S. Airmen Scrap Wireless Apparatus While Crossing the Atlantic.

The flier had covered about half the distance from Hokkaido to Paramushiro Island when forced down. 11 CANADIANS IN KING'S CUP SHOOT

Survive First Stage With 1,000 Competitors—Burkes Wins Bronze Medal.
By H. N. MOORE.
(United Press).
London, July 18.—Though somewhat disappointed over their failure to secure either the Kolapore or the Mackinnon trophies the Canadian marksmen at Bisley are delighted over their progress toward the King's Cup, the greatest prize of the meet. Young Burke's win of the Bronze Medal is especially popular while the fact that 11 Canadians have survived in the first stage toward the King's Cup where there were nearly 1,000 competitors is particularly encouraging.
The success of the South Africans in the competition is believed partly due to the fact that atmospheric conditions at Bisley approximate those there at Johannesburg and Kimberley than any other part of the Empire. There is particular similarity in the choppy and inconsistent winds.

Had Loe's Brother On List of Victims

Chicago, July 18.—Nathan F. Leopold Jr. and Richard A. Loeb, awaiting trial on Aug. 4 for kidnaping and slaying Robert Franks, once considered Ernest Loeb, the eleven-year-old brother of Richard, as a victim of their search for a thrill, according to defense attorneys.
"For this reason, there is no one who wants to see the boys freed," Clarence S. Darrow, chief of counsel for the defense, said. "The father and lawyers are actually afraid of the boys, and it is for the sake of society that the parents do not want the boys freed."
The theory of the defense, it is indicated, after numerous examinations by alienists and experts has been completed, is that the killing of the Franks boy was in response to an irresistible mandate of the gods, a mad, insane impulse. The victim was merely a subject for an emotional experiment in the eyes of the youths, defense attorneys and their alienists say.

MERCHANTS ARE ANALYZING THE POSSIBILITIES FOR SUBSCRIBING TO GET ADMIRAL BEATTY HOTEL

Help of All Subscribers, Small and Big, Will Be Essential to Put Over the \$1,000,000 Project—Campaign Luncheon at Union Club Today—Stock Subscriptions to be Asked For Next Week.
As the extent of the calamity confronting St. John and the possible abandonment of the Admiral Beatty is realized, the interest has become general, and the fact that everyone seems ready to shoulder some share of the financial burden suggests some hopefulness.
Citizenship Duty.
Heretofore the disposition has been to leave stock subscribing to the other fellow, but now every business man in the city seems to feel that it is up to him personally to put this big thing across, and, if the Admiral Beatty Hotel becomes a reality, it is just this spirit which will be responsible.
A campaign luncheon was held at the Union Club today, where a large number of enthusiastic workers met for final organization in preparation for next week's drive.
On all sides this week are discussed the reasons why St. John must have the much anticipated and long expected hotel, which are too numerous for references and have, in fact, been mentioned many times in these columns in connection with the Admiral Beatty propaganda.
Momentous Days.
From Tuesday until Saturday the city will be canvassed by the Citizens' Committee, and on the success of their efforts will depend the announcement to be made next Saturday, the 26th inst. Hundreds, who a week ago may have decided that they could not afford to divert a dollar from their business for the purchase of stock, have now concluded that, if their subscription to the hotel is so essential, they cannot afford to take a chance of the announcement next Saturday representing a blow to St. John from which it might be difficult to recover.

Causey, elderly preacher of Springfield, and more than a quarter of a century pastor of the St. Luke's Methodist church in Lynn, 30 years ago performed the ceremony that united Mr. and Mrs. George B. Thomas in marriage. Mrs. Thomas became a widow 10 years ago and now comes the announcement that Rev. Causey is soon to wed his former parishioner.
Coincidentally with the elderly couple's marriage announcement, Miss Avis G. Thomas, 19-year-old daughter of the bride-to-be, announced her engagement to Frederick W. Ziemer, of New York city, and plans are progressing for a double wedding on Oct. 1.

CHAINED WIFE TO KEEP HER AT HOME

Massachusetts Man, a Cripple, is Given Term in State Hospital.
(By United Press).
Haverhill, Mass., July 18.—Determined that she should remain safe from the attentions of other men while he was away, Charles Bradley, 40 years old, crippled, chained his wife with chains before he left home each day.
Bradley's stern methods came to light when the woman, the mother of six small children, hobbled into the police station with an eight-foot chain wound around her. The chains extended over her shoulders and around her ankles. In back, out of reach was a padlock.
According to Mrs. Bradley's story to police, her husband put her in chains every time he left the house. While thus shackled, she said she did the house work and cared for the children.
In district court on Thursday Bradley was charged with assault and battery. After testimony by three doctors, he was committed to the State Hospital for an indefinite period.
Bradley lost one of his legs in an automobile accident about a year ago. Since then, police say, his mind has been affected.

It was stated that Jackson, who had been living apart from his wife, disappeared with the Weston girl three weeks ago from his work at a Stalybridge mill, where the girl was also employed.

House Split in Twain By Falling Tree; Woman Continues to Occupy It

Boston, July 18.—Mrs. Lillian Daly, storekeeper and summer cottager on Scymore avenue, Cochituate, is living in half a house now as a result of a miscalculation in chopping down a tree which once decorated her front yard. The axeman who tackled the job failed to figure right, and the falling trunk crashed to earth through the centre of the Daly bungalow. No one was injured, but the family piano, now in the cellar, will never be the same again. It was hammered through the floor.
In spite of the accident, Mrs. Daly is sticking to her home. She believes that the damage can be repaired by patching the two halves of the house together again. The tree trunk has been removed from the living room.

Has No Tongue But Is Able To Talk

London, July 18.—A marvel of surgery has been brought to light by the visit of a man to a London hospital. He said he had brought his wife to be treated, as the hospital had been successful with him 18 years ago. He said that he had suffered from cancer, and lost his tongue had been cut out in 1906.
The man's story sounded incredible, particularly as he was able to talk quite naturally, an almost unheard of thing after such an operation, but examination corroborated his statement.
The malignant growth had gone entirely, and the man was able to masticate his food and enjoy his smoke.

DOMINIONS AND CONFERENCE

London, July 18.—(Canadian Press).
The question of representation of the British dominions at the allied conference has been settled, it was announced by J. H. Thomas, Colonial Secretary, in the House of Commons this afternoon. It had been agreed, he said, that the representative of any dominion so desiring, including India, should become a member of the British Empire delegation at the conference, under the panel system. Under this system the overseas delegates are to be designated one at a time in the conference as the representative of the British dominions with powers similar to those of the delegates of the other nations.
