LOCAL NEWS

NATIVE TOMATOES
The first ripe native tomatoes of the season were brought to the city this morning from the Vanwart's farm at Gerow's wharf.

A TINY BABE
A babe weighing only three pounds and one ounce was born on last Sunday week at the St. John Maternity Home, Colony street. The child was reported on Friday to have gained thirteen ounces and is in excellent health.

MRS. MARY SLAVIN
Friends learned with regret of the death of Mrs. Mary Slavin of St. Marline, who passed away on July 10 at the age of sixty-five years. She is survived by one daughter, Mrs. Harry Durick of this city, and one son, Mrs. Morris Rubin of Boston. The funeral took place on Thursday of last week at St. Marline.

COUNCIL MEETING POSTPONED
The weekly meeting of the common council will not be held at the usual time tomorrow after, as the committee on arrangements for the entertainment of the returned soldiers and the widows of the Prince of Wales will be in session. The council will meet on Wednesday morning at 11.30 o'clock.

PILGRIMAGE LATE
In announcing yesterday that next Saturday would be the Feast of St. Anne, His Lordship Bishop LeBlanc said that it was not likely that there would be a pilgrimage to St. Anne de Beaugre before September this year. This was due, he said, to the difficulty in obtaining excursion trains. He expected that it would likely be late in September before a pilgrimage from this part of the country could be arranged.

BASEBALL
The Wolves, leaders of the North End baseball league, played a nine from St. George on Dufferin diamond on Saturday afternoon, and were defeated by the visitors, 12 to 10. The game was unusually contested and was interesting. A large number of fans were in attendance. The battery for the St. George team was Dowd and Spear, and for the Wolves Johnston and Thompson. This evening the Curlews and Wolves will play.

NEARLY \$2,500 NETTED.
His Lordship Bishop LeBlanc announced at the 9.15 o'clock mass in the Cathedral yesterday that the proceeds of the production of the opera "Madame Butterfly" at the St. John's school in Cliff street had amounted to \$2,490.55 after expenses had been paid. This sum will be applied to the building fund of the school. His Lordship thanked all those who had taken part in the production and also the people who had patronized the opera.

WERE IN WRECK
Mr. and Mrs. Walter Steeds returned today from Newfoundland, where they have been spending their honeymoon at the home of the groom in Bonaville. In coming through Cape Breton they were among the passengers on the train which was wrecked early Saturday morning at French River. They escaped without injury, crawling through one of the windows after their car was upset. Mr. Steeds was an original of the 26th and was quartermaster-sergeant for some time.

GRANTS AVAILABLE FOR
RIFLE ASSOCIATIONS

It was announced at local military headquarters this morning that several provincial rifle associations have applied to the department of militia and defence for an annual grant, loan of rifles, camp equipment and issue of ammunition for the purpose of resuming their annual competitions.

It has been decided that there is no objection on the part of this department to rendering assistance along the lines indicated in such cases as the local conditions render it advisable to do so. Grants to provincial associations have been provided for by parliament on a pre-war basis and may be applied for by those associations whose expenditures warrant it. Associations in all cases will be required to comply with the following regulations:

The provincial rifle associations should furnish, not later than December 31 in each year, an annual report and return showing the dates of prize meetings or rifle matches held, the number of competitions, the amount received from competitors and other sources during the year, the amount expended in prizes and the amount expended for other purposes under the several heads of expenditure. Applications for grants will be forwarded to militia headquarters, Ottawa, for approval. This announcement will be read with interest by many.

POLICE COURT

In the police court this morning twelve men charged with drunkenness were remanded. Two men arrested on the same charge, but out on deposits, appeared and were fined \$8 or two months in jail, while a third who was out on deposit was to appear this afternoon.

Frank McDonald was charged with begging and was fined \$50 or three months in jail with an additional sentence of six months without a fine. John Elliot was arrested by C. P. R. Policemen Tower and Graham on Saturday night in a car in Fairville yard. He was in the police court charged with lying and luring. He was sentenced to three months in the County Alms House.

Fred Northrup was charged with assaulting Street Car Conductor Pierce, but the conductor could not be present this morning, so the case was postponed until this afternoon. Before sending those charged with drunkenness into jail, the magistrate asked all those who were Hebrews to put up their hands, no hands went up, and he said "Hereafter I want it distinctly understood that those Christians who get drunk on Sunday will not be allowed out on a deposit of less than \$200." The magistrate continued by saying "All right, Christians, march into jail."

At a short session of the police court Saturday morning two men charged with drunkenness were fined \$8 each or two months in jail. HOPES GERMANY WILL REPAIR DEVIATION AS SOON AS POSSIBLE. Cologne, July 20. (By the Associated Press)—The People's Gazette says Pope Benedict has sent a message to the German bishops in which the Pontiff expresses the hope that Germany will repair the devastation due to the war as soon as possible and that she will under no circumstance permit any action which would bring ruin to Europe as well as to Germany.

WILL BE EXCELLENT
ROAD FROM HERE
TO ST. STEPHEN

Surveys Made For Diversion At
Present Poor Sections

MUCH GOOD ALREADY DONE
Burton M. Hill, Chief Road Engineer of Province, Gives Description of Highway and Tells of Improvements to be Made

When the plans which have been prepared by the public works department of the province have been fully executed the road between St. John and St. Stephen will bring joy to the hearts of the motorists and all others who have occasion to use that route. Already the work accomplished along this road has resulted in making it a fine highway with the exception of two short stretches where improvements are needed and where extensive repairs have been avoided owing to the intention to make important changes. The worst section of the road is the six-mile stretch from Crow Harbor to LePreaux or LePreaux which is rough and rocky. Surveys have been made for a diversion which will afford a better road and which will be constructed in first class style. There is another stretch of about two miles at Spruce Lake which needs revision and the work in both these places will be completed next season. Burton M. Hill, chief road engineer of the province, who is in the city today, gave the Times a detailed description of the present condition of this important highway and of the improvements which are to be made to it. The Road Today. From St. John to Spruce Lake the road is in splendid condition. At Spruce Lake a stretch of two miles is to be revised to overcome the narrowness of the road at some places and eliminate bad turns. From Spruce Lake to LePreaux the road is in excellent condition. From LePreaux to New River, by the short route, extensive repairs have been made and the road widened. Some stretches of excellent new road with rock foundations have been built and the whole section is in good condition. From New River for a distance of two miles the road has been reconstructed and a fine piece of work has been completed. From this point to Crow Harbor extensive revisions are to be made and for these revisions work was completed last month by an engineer from the department. The new route will follow the shore more closely than the present road, giving very much better grades and making the short gravel available for surfacing. These revisions will do away with long stretches of rough and rocky road and also give travelers an opportunity to view the magnificent scenery along the coast. The construction work involved is quite heavy but plans have been made for the completion of the road next season and when this is done there will be a continuous improved road between St. John and St. Stephen. A crew is now working between Crow's Harbor and Penfield Ridge, where a mile of road has been completed, with two miles yet to be done. From Penfield Ridge to St. George the road is one of the finest in the province, especially that section through Penfield Ridge. The Lower Stretch. On the next section, from St. George to Digby, extensive improvements have been made this year and when additional improvements now in progress have been completed, which will be by September 1, this portion will be the equal of any improved gravel road in the province. From Digby to St. Andrews long stretches have been improved. Several miles are yet to receive attention and a crew is at work in this section. Testimony of tourists who have traveled far during the summer is to the effect that the remaining section from St. Andrews to St. Stephen is one of the best pieces of road they have passed over in the province. One man remarking that he had seen nothing better since he left Ohio. Owing to the reconstruction of the Digby bridge, which now is in progress, it is necessary for vehicles to make a detour, three miles which are rough but the new bridge will be in position in another three weeks and after that the main road again will be open. Tourists who have made the trip between St. Stephen and St. John say emphatically that the worst road they find between the two places is the western entrance to St. John, through Douglas avenue, which they say is in worse condition than even the detour roads they have found in the province.

GOLDEN WEDDING TOMORROW

Capt. Robert Murray and his wife, Sarah Murray, of 19 Harding street, will tomorrow celebrate their golden wedding, and will receive the hearty congratulations of many friends. It will be a quiet observance, but their living children—three sons and three daughters—will be with them. Captain and Mrs. Murray are both natives of St. John, and were married on July 27, 1869, by Rev. William Armstrong in old St. James' Church, Broad street. Both are hale and hearty, he at the age of seventy-three and she at the age of sixty-nine years. Few men were better known along the water-front than Captain Murray, and all his old friends will join in wishing him and Mrs. Murray happiness in their evening of life.

AT THE BAY SHORE

The glorious weather of Saturday and Sunday invited thousands to the sea shore. At the Bay Shore on Sunday afternoon fully 1,000 people were grouped along the beach or in picnic parties in the shade of the over hanging banks. The float at Bay Shore was continuously in possession of swimmers for the tide served at a good time. First the kiddies had it as the water rose just high enough to make it buoyant. Then as the depth increased the experienced swimmers had their innings and there was diving galore. Several very excellent swimmers were among the number and made an interesting time for those on the beach. The bathing houses capacity was fully taxed and shore residents said they had not seen such a crowd since before the war.

Stores Open 8.30 a.m., Close 6 p.m.—Fridays 10 p.m., Saturday 1 o'clock

Pamico Flannel

A new material just to hand, having every appearance of wool flannel but with better washing qualities and much lower in price. Noteworthy Display of
Attractive Rugs

Catering to the better homes of St. John, adhering to the highest standards in all our home furnishing offerings, and with every facility to command the best that is obtainable, it is only natural that you should look to Everett's for the most desirable selections of Rugs. The much heralded scarcity of Rugs, resulting from the destructiveness of war, only emphasizes the advisability of relying on such a house as Everett's to insure the anticipated excellence of the Rugs you buy. Recent purchases have greatly augmented our interesting showing, and we can assure patrons of one of the most extensive selections in fine Rugs in this city. Let us emphasize the fact that every Rug in our stock is personally and carefully selected for its own individual merit, and is priced on our close margin basis at its commercial worth. We shall be glad to show you our unusual collection without placing you under any obligation.
