Toronto, June 15—At a meeting of the prisoners-of-war society yesterday the following resolution was passed and called to the premier, Sir Robert Borden, now in London:
"The prisoners-of-war society of Canada respectfully and earnestly request you to take all possible action to obtain an exchange of Canadian prisoners for enemy prisoners held by the Allies."
MAURICE HUTTON, "President."

ANOTHER SHIPYARD.

Campbellton Graphic: Preparations are being made to move the old salmon shed and other buildings off Duncan point in preparation for the commencement of the shipbuilding plant. The prospects seem bright for the establishment of a shipbuilding plant here. So far as we are aware, the McLennan Foundry & Machine Works, Ltd., have not approached the town for any special concessions in the way of a free site or tax exemptions, but when they do so we feel confident that they will be generously dealt with.

LIEUT. DEVER'S WOUND SEVERE

Gun Shot in Back is Official Word to Mother—Is in Rouen Hospital

Confirming his own advice by cable, Mrs. Hugh Dever of Victoria street has received official notice from Ottawa that her son, Lieut. James B. Dever, formerly of the Times staff, has been wounded while on duty with a New Brunswick battalion in France. The official telegram announces that he was in the Red Cross hospital in Rouen, France, but says he is suffering from severe gunshot wound in the back. In his cable, Lieutenant Dever treated his wounds more lightly, evidently with a desire to save his family from anxiety. His many friends will unite in the most sincere hope for his speedy recovery.

MUCH OF INTEREST IN LETTER FROM LIEUT. FRANK X. JENNINGS

"I saw a few Germans in the distance today, and they were riding like the dickens. They are very much afraid of our guns and never lose any time getting out of range," says Lieut. Frank X. Jennings, formerly of the Times staff, in a recent home letter. He speaks of seeing Lieut. James B. Dever, formerly an associate in the Times, who has just been reported severely wounded. At the time of writing he was looking forward to seeing more of his old chum, as the latter's headquarters were then only twenty-five yards from his dugout. He also mentions seeing his brother, Edward, who has been growing so big that he had difficulty in recognizing him. Edward has since been gassed. Lieutenant Jennings says that the impression at the front among those whom he meets is that the war may not last longer than this summer, as they are looking for a decisive victory for the Allies before the end of the season.

U-BOAT KEPT OUT OF RANGE

Raider Fought by British Steamship Off the Virginia Capes

An Atlantic Post, June 15—A story of an day fight with a German submarine off the Virginia coast on Thursday was brought here by the captain of a British ship. He said the raider gave up the chase seventy miles from the Virginia Capes, apparently fearing to brave the coast patrol. The captain, whose ship is one of the few armed craft to be attacked by the U-boats since they came to American waters, said the Germans showed no disposition to come within the range of the guns of his armed guard of British blue-jackets, though he trailed them at long range for twelve hours. Many shots were fired without effect.

AN OLD SEA DOG WHO LEARNED NEW TRICKS

Tyneside Captain Fought and Sank Submarine to Celebrate His 74th Birthday

Newcastle-on-Tyne, June 15—The captain of a Tyne steamer recently celebrated his seventy-fourth birthday by fighting and sinking a German submarine. It was just before dawn when the submarine rose and started firing at the steamer. The skipper maneuvered and placed his steamer so that he took advantage of the eastern light and brought the enemy astern. After a brisk fight of about five minutes the submarine went down and did not resurface.

MONTH OF HOLIDAYS TO CIVIL SERVANTS TO WORK ON FARMS

Ottawa, June 15—The question of recruiting farm labor for the next few months is one of the most vital affecting the welfare of the country. Heeding the effort the Ontario resources committee and the Ottawa Women's Canadian Club are making to mobilize this labor, the government has just granted one month's holidays with full pay, to members of the civil service male and female, provided that three weeks of that time be spent in farm work. This applies to those who are physically fit, and has been arranged with a view to encouraging civil servants to devote their holidays to this patriotic work. The important periods are three weeks, commencing July 15 and three weeks later, when the grain harvest commences.

TAKING THE BERRIES IN THE OLD COUNTY FOR USE OF THE SOLDIERS

London, June 15—The food controller has issued an order, operative on June 17, fixing wholesale prices on strawberries and raspberries and black and red currants and virtually requisitioning the whole crop for jam making for the army and navy, and, so far as practicable, for civilian needs. All existing contracts for berries are cancelled by the order, which is the outcome of the board of agriculture's report that the fruit crop will be considerably below the average.
