SCOTTISH RUNNER CHIEF ATTRACTION

Eric Liddell to Compete Against America's Crack Sprinters.

Philadelphia, April 21.—(A. P.)—The 1924 Relay Carnival of the University of Pennsylvania, to be run April 23 and 24 at Franklin Field, will attract international interest for the fifth time in the 30 years that it has been held. It is the first time that it has been held in this city.

Cambridge University of England, with a crack squad of runners, will supply the chief international flavor this year, although unusual interest also will attach to the presence of Eric Liddell, star Edinburgh sprinter, and the entry of several Canadian teams in relay features.

Cambridge will make its chief bid for honors in the two-mile relay championship which, since it was first made a part of the programme in 1897, has created more track history than any other fixture in college competitive history. It has witnessed the shattering of the world's record on four occasions, first by Yale in 1916, then by Oxford-Cambridge in 1920, Pennsylvania in 1922 and again last year by Penn State's crack quartette which hung up the present mark of 7 minutes, 48.4 seconds.

Cambridge probably will meet its stiffest challenge from Penn State, which has its two outstanding stars, Alan Heffrich and Schuyler Enck, hero of last year's race, to count upon in defending the championship.

The international character of the relays, which have grown from a modest beginning in 1895 to a mammoth athletic spectacle which this year has drawn a record entry of 500 schools and colleges, first was accomplished in 1914. That year Oxford sent over a four-mile team, while Pennsylvania in one of the most sensational races of its kind ever run.

The combined Oxford and Cambridge team shattered the world's two-mile mark in 1920, while France sent a one-mile quartette which could do no

EX-ST. JOHNNER IS VICTOR IN WEST

Maurice McJunkin is Winner of Sturdy Mill in Calgary.

Maurice McJunkin, a former North End, St. John boy, who prior to his departure for western Canada, two years ago, won the featherweight championship of the Maritime Provinces, is continuing to make good in amateur boxing circles and is picked as an Olympic prospect. According to an account published in Calgary he defeated Edward Musgrove after a sensational four-round bout. Details of the bout as written by Fred Kennedy, a sport writer, follow:

"Blood and Sand" featuring Maurice McJunkin and Ed Musgrove, was enacted for the benefit of 1,000 howling, raving boxing fans in the finals of the district elimination boxing contests at the G. W. Y. A. Memorial Hall, and although the lads didn't wear side whisks to their chins or slick their hair back with patent leather shoe polish, they received an ovation at the conclusion of the bout that would have turned the illustrious green with envy.

Battered almost into insensibility in the first round, McJunkin fought back almost mechanically, but in the fourth round he punished Musgrove so severely by against the ropes that Chief of Police Ritchie intervened, and McJunkin declared winner on a technical knockout. Musgrove lay motionless on the floor for some time, but was revived by the referee.

McJunkin's victory was a sensational one, but his defeat at the hands of McJunkin last night barred him from representing Calgary district in the finals of the 135-pound novice championship of the province. It was one of the most bitterly contested bouts of the evening. In the third round McJunkin staged a sensational comeback and pummeled Musgrove with blows from both hands, he had him groggy and forced an extra round. McJunkin tore straight in at the bell and backing Musgrove against the ropes, punished him severely, the referee stopping the bout and awarding the bout to McJunkin. Musgrove was technically knocked out, and was taken from the ring in a dazed condition.

ALL READY FOR BIG EXHIBITION

Y. M. C. I. Classes to Perform in St. Vincent's Theatre.

Rounding out a year of activity in its various departments the annual physical exhibition of the classes of the Y. M. C. I. will be presented in St. Vincent's Theatre, beginning tomorrow evening and running Wednesday and Thursday evenings. Because of the hall being previously engaged, the exhibition planned for Friday night will not be held.

As in the past the Institute has taken an active interest in the work for young men in the city and it is the hope of the management that this week's exhibition will be well patronized. Like all institutions these days, the going, because of existing conditions, has not been any too good during the last year and it is hoped to raise a sufficient fund, by means of the demonstration, to materially decrease the indebtedness entailed during hard times.

The part taken by the Y. M. C. I. in promoting many sporting events in the city is pointed out as a reason for the public, in general, to show its appreciation of the Institute's efforts by patronizing the closing events of the gymnastic season. The bringing of the big Canadian ice championships to the city and the admirable way in which the Institute handled it, together with the holding of the big International championships by the Institute in conjunction with the Rotary Club, to say nothing of other championship events promoted and managed by the Institute, has made for it a well-earned place in the minds of the citizens.

The programme for this week's event is under the direction of W. E. Stirling, physical director, acting in conjunction with the physical committee. It consists of work by the various classes in the many forms of exercises indulged in during the season's work. A judging act, under the direction of Chas. Cromwell, is said to be one of the best features ever introduced in the city.

The programme consists of: Grand march, massed classes; dumb bell exercises, junior class; floor pyramids, St. Peter's boys; Indian dance, junior boys; vaulting horse, special troupe; juggling and acrobatic feats, Chas. Cromwell; wand drill, junior class; tumbling, tumbling troupe; Salter's horripole, junior boys; Indian club, High School; parallel bar exercises, bar troupe; parallel bar pyramids, bar troupe; elephant vaulting, special troupe; free hand exercises, High School; horizontal bar exercises, bar troupe; horizontal bar pyramid, bar troupe.

Chicago, April 21.—Fifteen National League players knocked out home runs during the first week of the new season while eight American League players circled the bases. LOCAL BOXERS TO HALIFAX TOURNEY

Donovan, Veno, Sands, Murphy and Young Expect to Leave Tonight.

Five St. John boys will leave this evening for Halifax to participate in the Maritime amateur boxing championships, which will be held there tomorrow and Wednesday evenings. Those going will be: Murray Young, 112-pound class; W. Sands, 118-pound class; Louis Donovan, 126-pound class; and Joe Veno in the 135-pound class. The boys have not had much opportunity to train, but hope to make a good showing. Donovan, who is the 118-pound champion, had a workout in the Y. M. C. I. last Saturday, and judging from his showing he should have little difficulty retaining his title. He is conceded to be one of the best Olympic prospects in the 126-pound class in the Maritimes.

The Maritime championships were held last year at Halifax and produced some good boxing. Donovan was in the 118-pound class and won out, while Veno annexed high honors in the 126-pound class. Since then, both boys have been taking on weight and have stepped into the class above. Judging from form displayed recently, Donovan should win out. Veno has a tougher proposition on his hands as he will be facing the redoubtable "Nixey" Kennedy, present champion and a likely Olympic prospect.

All the boys going from here will compete under the colors of the Y. M. C. I. Arthur Garnett will accompany the boys. Murphy, who is in the 147-pound class, boxed here a few years ago. He is rated pretty well and will be up against George Wright of Westville, and some Halifax boxers. The meet is being held on Wednesday and Thursday of this week. The local boys expect to return home Friday.

RICKARD WANTS FLYNN
Insiders here that Tex Rickard has asked Leo Flynn to return as matchmaker at Madison Square Garden. To take the position Flynn must accept waivers on his large stable of boxers, among whom is Jack Renault, the heavyweight. It is not considered likely Flynn will accept.

AGED INDIAN ATHLETES
Two Indian "youths," approaching the sixty-year-old mark, are star members of the lacrosse team of the Onondaga reservation. Welcome Powells, 59, and his brother, Eddie, 57, are the venerables in point. The elder Powells, incidentally, has two sons on the team.

The more you get to know about Triple C. Tailoring the better you like the idea. SIXTY THOUSAND PEOPLE WATCHED AIRDRIE WIN
Threx Park, Glasgow, April 21.—Airdrieans and Hibernians met in the final of the Scottish Association Football Cup here on Saturday afternoon before 60,000 spectators, and Airdrie won by two goals to nothing.

Both goals were scored in the first half by Russell and both were headed through. On the play the Hibernians were the better team, but Thwait's goalkeeping for Airdrie was brilliant. The first goal was scored three minutes after the start and the second after 37 minutes.

In the second half the Hibernians appeared to lose heart, but the play of either side was never exciting at any time. Airdrie's early goal gave them confidence which meant the victory. The Hibernians backs were weak.
