**C. J. MILLIGAN RETURNS TO N. B.**

Gets Important Appointment on the C. N. R. at Moncton.

On Way Now from Regina to Take Up Post of Regional Counsel for Atlantic Division of the Government Railway.

Many will be interested to learn that C. J. Milligan, for years active in the life of St. John—his native city—in sport, in politics, as a lawyer and as manager of The Daily Telegraph for some time—is returning to New Brunswick to live after fifteen years in the Canadian West.

Mr. Milligan has been appointed regional counsel for the Atlantic Division of the Canadian National Railways, with headquarters in Moncton, and is on his way east to take up his new duties. He had planned on leaving Regina, yesterday, Mr. Milligan has been successfully established for fifteen years in Regina. Mrs. Milligan and their two daughters and youngest son, bonded, will join him in Moncton in September. The oldest boys, Walter and Charles, will remain in the West. The two daughters, who have been in educational work in the West since completion of their college courses, only recently returned after an extended tour of Europe and a lengthy stay in England with relatives of their mother.

Mr. Milligan and family will be very heartily welcomed back to their home province.

The following is from the Regina Leader of July 4:

"Resident of Regina since 1908 and Master of Titles and Inspector of Legal Offices since the inception of these offices, C. J. Milligan has accepted his position to become regional counsel for the Atlantic Division of the Canadian National Railways.

The announcement is conveyed in a memorandum issued by the Attorney-General, Col. J. A. Cross, in which it is stated: "C. J. Milligan, Master of Titles and Inspector of Legal Offices has resigned his office for the purpose of assuming a responsible position in Eastern Canada. Mr. Milligan has been in the service of the Provincial Government for the past fifteen years."

"It has been decided to divide the office of Master of Titles and Inspector of Legal Offices, W. G. Haultain, Registrar of the Assiniboia Land Registration District, will be appointed Master of Titles, and will also retain his present appointment of Registrar. Mr. Haultain is senior registrar of Land Titles in the Province. D. M. Woodhams, who has been assistant to Mr. Milligan for some years is to be appointed Inspector of Legal Offices. In making the new appointments the Government has recognized the principle of promotion within the service. Dunning Pays Tribute.

"In referring to the forthcoming departure of Mr. Milligan, Premier Dunning, with whose remarks the Attorney-General, Mr. Cross, is in accord, in the highest terms of appreciation of the services rendered to the Government by the former Master of Titles during the fifteen years he has been in its service. "We will certainly hope," said the Premier, "that Mr. Milligan has every success in his new appointment with its enlarged opportunities."

"C. J. Milligan came to St. John in 1908 direct, from St. John, N. B., the city of his birth, where he had been practicing law for some time. He was transferred to the Railways Department at Ottawa, and his headquarters will be at Moncton, N. B.

"To take up the new duties of his appointment, which dates from July 1, Mr. Milligan will leave next Sunday. While occupying the office which he is about to leave, Mr. Milligan has had the status of a Deputy Minister. In his new appointment he will be the legal head of one of the three main divisions into which the Canadian National Railways are separated for purposes of administration, under the head office in Montreal.

"Since his residence here Mr. Milligan has been a member of Knox Church, has been connected with the Wascana Lodge A. F. and A. M., a member of the Assiniboia Club and a former president of the Regina Book Club.

"Mrs. Milligan and some members of his family will follow to St. John two months hence. Charles, a son who has business interests here will remain, while Walter, another son, practicing law in Winnipeg, is expected to stay there. The other members of the family, Alice, Doris and Donald, the last named a native son of Regina, will accompany Mrs. Milligan.

**New Appointees.**

"W. G. Haultain, the new Master of Titles, a pioneer in the province having left his home in Toronto to come west 48 years ago, on March 17, 1880. His services with the Government extend over 2 years, commencing under the present Lieutenant-Governor, H. S. Newlands, who then was registrar of Titles as a clerk in the Land Titles office in April, 1901.

"In the following year Mr. Haultain was transferred to the Yukon. He was Deputy Registrar at Dawson City from January, 1902 to the fall of 1904, when he was recalled to Regina. Judge Forbes succeeded the present Lieutenant-Governor in the Land Titles Office and later in 1907, on his appointment to the Bench, was succeeded in turn by Mr. Haultain.

"Eleven years is the length of service with the Provincial Government of D. M. Woodhams, who succeeds Mr. Milligan as Inspector of Legal Offices. Four of these years were spent with the Provincial Auditor and the remainder as assistant to Mr. Milligan.

"Previous to entering the Government service Mr. Woodhams had home-stayed and farmed 100 miles from a railway near what is now Anerley, Sask. He was born in Charing, Kent, England, and has resided in the province for 19 years."

**POOR HAY CROP OUTLOOK IN N. B.**

Fredericton Reports Strawberries Plentiful and Likely Cheap This Week.

(Special To The Times)  
Fredericton, N. B., July 9.—The provincial department of agriculture reports an improvement in crop conditions during the fortnight ended Saturday. Rain, which was general in the province fell on June 28. With the commencement of the haying season two weeks distant the outlook is for a very poor crop. Only fifty per cent. of the average hay crop will be harvested on the uplands. The marsh and intervals will yield an average crop.

The potato crop is well above ground and the cultivation is in progress. The acreage is seventy-five per cent. of normal planting.

The late sown crops, turnips and buckwheat are above ground and the thinning of the root crop is in progress. The acreage sown to roots is normal.

The horticultural division reports a light crop of apples in prospect. This is on account of the heavy drop due to the severe winter. Some varieties may not be seriously affected.

Strawberries are a heavy crop in all sections but are in need of rain just now. Shipping to Montreal on a large scale will begin today from all shipping sections. Locally low prices dropped rapidly on Saturday. It is likely that the price this week will be low on account of the heavy crop.
