DR. McILROY, Consulting Physicians.  
 DR. DECK,

Stages run daily from the House to Berlin  
 in connection with lines to St. Jacobs,  
 Elmira, Hawkesville, etc.

**PRESTON.**

Preston is a charmingly situated village  
 in the County of Waterloo, three miles from  
 Galt, on the line of the Guelph Branch of  
 the Great Western Railway.

Among its most prominent attractions is  
 the Artesian Mineral Spring, the analysis of  
 which is given on next page. The grounds  
 attached are tastefully laid out, and at the  
 Bathing House, Baths can be had at any  
 temperature, at any hour. This resort must  
 recommend itself to invalids in preference  
 to any other in the country, from the fact of  
 its being free from the excitement and noise  
 so usual at such places in large towns and  
 cities.

Patients will be expected to adhere strict-  
 ly to the regulations prescribed by the Phy-  
 sician in regard to bathing, diet and exer-  
 cise.

**PRESTON, Ontario.**

Experience has proved that the contin-  
 uous use of the water with which the Preston  
 Mineral Baths are supplied, used internally  
 and externally, is of great benefit to inva-  
 lids suffering from Gout, Nervous Debility,  
 Diseases of the Stomach, Liver and Kidneys,  
 but more especially Skin Diseases.

Sufferers from Rheumatism will find that  
 using these waters will almost always effect  
 a cure.

The Hotel adjoining the Baths has been  
 recently fitted up with an especial view to  
 the comforts of Invalids and Guests. There  
 is a Billiard Parlor, Croquet Ground, &c.,  
 attached to Hotel. Livestock in Connection.

Stage Line between Preston and Berlin  
 meets G. W. R. and G. T. R. Trains.

Telephone in connection with Hotel.

Reduced Rates by G. T. R. good for  
 thirty days.

**ANALYSIS.**

The following is the result of an Analysis  
 made by Prof. Croft, of Toronto:

	In 10,000 Grs.	In a Gal.
Carb. Lime	2.5000	17.5000
Sulph. do	16.4425	115.0975
do Magnesia	3.8532	26.9725
do Soda	0.6160	4.3120
do Potash	1.7530	12.2710
Chlor. Sodium	1.0492	7.3444
Silicic Acid	0.1266	0.8932
Total Contents	26.3415	184.3906
Free Carb. Acid	1.5400	10.7800
