Some Facts About The Humber Deal

Several thousand men will be required at once on construction work if the country accepts the offer, and more men as the work progresses.

The plant will have to be completed in two years, and then a number of young men will be able to obtain employment and fill positions like Will Earle, Ches Hann, Isaac Parsons, Will Bradbury, Allan Bradbury, Charlie Mercer and others have belonging to this section.

It will mean the addition of \$4,000,000 yearly to the fishermen's wages. Vote for the Squires Government and you vote for this great project.

The sum of \$3,679,249 will be spent on Newfoundlanders during the next two years. When completed at the end of two years the plant will be staffed with 2,500 men. The plant will be twice the size of Grand Falls. It will require 2,500 loggers to cut 180,000 cords of wood for the 120,000 tons of paper each year.

The revenue of Newfoundland will benefit to the extent at least Two Million Dollars, and this will reduce taxation. Vote against the Squires Government and you kill this Big Industry.

The Newfoundland Power and Paper Company Limited is the title of the company undertaking this new paper-making industry. Sir W. G. Armstrong, Whitworth & Co. Ltd. have acquired the various properties in the Humber area. The total capital of the various companies under the control of this company is \$160,000,000.

It will require 1500 permanent operatives around the mill and other work establishing a town of 6,000 to 7,500 people. The company will have to provide hundreds of houses for its employees, and this building will extend over a

NEWFOUNDLANDER DIES IN CITY OF TORONTO

Late Rev. H. W. Martin

The news of the passing of the late Rev. Hayward W. Martin has come as a shock to his many friends. When it became known that he was seriously ill with pneumonia at Toronto, Canada, where he has been attending Victoria University, many prayers were offered for his recovery but the all-wise Father saw it best to transplant him in Heaven. A touching service was held in Victoria Chapel in Toronto before the remains were taken to the station. On arrival of S.S. Sable Island at St. John's Nfld., the remains were reverently received by Messrs. Martin and Whelan, representing the Official Boards of the church. There were six magnificent wreaths accompanying the case, from the Official Staff of Victoria University, Toronto; the Nfld. Students of the University; the Officers and Teachers of Westmoreland Avenue Methodist Church, and another from the Men's Class of same church, another from the Theological Class of the College, a beautiful floral Cross, etc., from sympathetic Newfoundlanders in Toronto, by whom he was greatly loved. Rev. J. G. Joyce, B.A. held a short service and a large attendance was present. Rev. W. W. Cotton of Britannia will meet the casket, etc., at Clarendville and convey it to Hickman's Hr., where his sorrowing parents will lovingly lay away their devoted son. "Death doth hide, but not divide, in Christ united still."

period of years, giving employment to carpenters, masons and laborers.

The establishment of such an industry will mean increased production in all other lines of industry and consequently more general employment throughout the country. Increased freights for railway, schooners and steamers. Increased growth of the postal, telegraph, money order parcel and express business. Employment making roads, fixing streams and doing other work. Large numbers of men will be withdrawn from the fisheries. This, in turn, will mean that those engaged in the fishery will be able to earn higher wages and enjoy greater comforts than at present.

The Humber Development scheme is a genuine proposition. It is not a visionary proposition, but a reality. Vote for it on May third, and you will never regret it.

"Wholesale, Barefaced Frauds" Says the Bennett Manifesto

Bennett in his manifesto declared that the Liberal policy of guaranteeing supplies for the fishery of 1921 "would have been productive of great benefit, but . . . BECAME THE VEHICLE FOR BAREFACED AND WHOLESOME FRAUDS."

Hickman, one of the Bennett-Cashin-Crosbie candidates for this District, got with Monroe and Harris the sum of \$74,000. Hickman and Monroe returned to the Government the sum of only \$3,646 between them. Harris repaid not one cent. They still owe over \$70,000 between them. Harris is the Bennett candidate for Burn The A. E. Hickman Co. Ltd., bossed by A. E. Hickman, the Bennett candidate for this District, got \$26,785.32 of the guarantee and returned \$1,091.89, or about seven cents on the dollar. The Monroe Export Co., bossed by that wonderful man, W. S. Monroe, now the Bennett-Cashin candidate for Bonavista, got \$26,014.52, and returned \$2,555.70, or about 10 cents on the dollar.

These are the men who are posing before the electors as the saviours of their country. "Shavers" of their country would be more appropriate.

All's Finished

(With apologies to the Late Sir W. S. Gilbert.)

Johnnie Bennett sat down with a sigh as he said, "I'm finished, I'm finished, I'm finished."

All the country is saying, "No more we'll be bled."

So I'm finished, I'm finished, I'm finished.

Sir Richard has started the Humber to hum, Bringing wealth to the country for all time to come, And the lot that I'm in with have gone on the bum—

So I'm finished, I'm finished, I'm finished."

Johnnie Crosbie jumped up from his chair with a shout, "I'm finished, I'm finished, I'm finished."

I've schemed and I've grafted, but now the cat's out, And I'm finished, I'm finished, I'm finished."

I've landed a title and piled up my gold, For a season the Tories I owned and controlled, But we are a pitiful sight to behold, Now we're finished, we're finished, we're finished."

Albert Hickman was tearing his hair and he said, "I'm finished, I'm finished, I'm finished."

I fear I am dying—I wish I were dead, For I'm finished, I'm finished, I'm finished."

In Harbor Grace District they won't turn for tin, And on John's "Manifesto" I thought to get in, But all of our bluffing was not worth a pin, For we're finished, we're finished, we're finished."

Frank Archibald groaned with his face in his hands, "I'm finished, I'm finished, I'm finished."

I did not come up to the people's demands, So I'm finished, I'm finished, I'm finished."

Since PICCOTT and CALPIN and SIMMONS have won, My time and ambition and dreams are all gone, Oh, why did I link up with Johnnie the Pawn?

STATEMENT ENDORSED

The undersigned wish to emphatically endorse the statement in the Daily Mail of April 30th. The account of the proceeding as given by the Mail was not strong enough but we cannot blame you as NO paper could print or attempt to print the language used by the few Oppositionists at that meeting.

To protect the honour of good old Bay Roberts town we sign this protest. The low-down, low tactics used must be placed on record as the doings of a few persons who have stooped so low as to besmirch the honour of this place to gain their own political ends and must not be regarded as coming from the intelligent people of Bay Roberts. Our silent X marked on May 3rd will give the lie to any other propaganda and will show that Bay Roberts endorses good, clean, wholesome Government.

Signed by 180 Citizens.

For I'm finished, I'm finished, I'm finished."

The Tories are chanting a dirgeful old song, "We're finished, we're finished, we're finished."

We're back on the shelf where we justly belong, For we're finished, we're finished, we're finished."

We'll never face Harbor Grace District again, While this generation is living and sane."

And from poor Johnnie Bennett we hear the refrain: "We're finished, we're finished, we're finished."

Saturday Night's Meeting

In The Orange Hall

Words fail us in an attempt to describe the abominable and disgraceful tactics of half a dozen Opposition supporters in the Orange Hall here on Saturday night, April 28th.

It was an understood thing when the campaign opened that the political fight in this District was going to be a clean and decent one, and that no person on either side would resort to such vile tactics as occurred on that occasion.

Hundreds of decent and respectable citizens supporting the Opposition as well as the Government attended the meeting to hear Sir Richard Squires describe the Humber Development Scheme in detail, the number of men who would be employed, the amount of money that would be spent in construction, the annual output and the many industries that would follow the erection of the original plant.

To say they were disappointed and disgusted is putting it mildly. For three or four individuals to overawe and terrorize peaceable citizens assembled to give a calm hearing to the Prime Minister of Newfoundland showed that the Opposition had

abandoned all decency and British fair play.

Rumors were around town for days previous that Crosbie and others were planning to interrupt Sir Richard Squires' meeting, but no person ever dreamed that such a disgraceful affair could have been staged.

The foul epithets and lewd remarks hurled at the Prime Minister, Mr. John Snow, C. E. Russell and others are unmentionable and cannot be published. The flow of filth was kept up for nearly an hour. A clergyman was present and heard it all.

While this was going on inside the Hall some person or persons cut or pulled asunder the electric wires at the foot of the Lodge lane, and the lights went off. The hall was in total darkness for several minutes.

The organized hooliganism displayed by Crosbie and others on Saturday night will be the means of turning scores if not hundreds of electors to the Liberal ranks, and the election of A. W. Piccott and his two colleagues is now assured beyond a doubt, as the people are determined to record a strong protest against such rowdiness as will re-establish the fair name of Bay Roberts.

Have you said it with One Dollar yet? If you want to keep Bay Roberts on the map, do it. But DO IT NOW.

Hard Work Means Success

There never was a goal worth getting but you must work to attain. You must suffer and bleed for it, cling to your creed for it. Fail and go at it again.

Success is no whim of the moment, no crown for the indolent brow. You must battle and try for it, offer to die for it: Lose it yet win it somehow.

The Pathway to glory is rugged, and many the heart-aches you'll know. He who seeks to be master must rise from disaster. Must take as he giveth the blow.

There's no royal Highway to splendour, no short cut to fortune or fame. You must fearlessly fight for it, dare to be right for it. Failing, yet playing the game.

The test of man's merit is trouble, the proof of his work is distress. Much as you long for it, man must be strong for it, Work is the door to success.
