

DR. HYDE GIVEN LIFE SENTENCE CONVICTED OF MURDER IN FIRST DEGREE

Attorneys Will Seek New Trial and Will Appeal if Application is Denied

(Times Leased Wire.) Kansas City, Mo., May 16.—Dr. B. C. Hyde today was convicted of murder in the first degree and was given a life term in the penitentiary for having killed Colonel Thomas Swope, the Kansas City millionaire.

The conviction and sentence of the gang and popular physician comes as a climax to one of the most sensational murder trials in the history of Missouri.

The jury which brought in the verdict had been out since last Friday night. For a time it appeared likely that the jury would not agree and that Judge Latahew would declare a mistrial.

The defendant, his wife and his sisters were in court by the time the jury had returned. Dr. Hyde was composed and apparently unmoved as the verdict of "guilty" of murder in the first degree was read.

Mrs. Hyde, who has expected an acquittal, burst into tears at the word "guilty," and was led, sobbing, into an ante room.

The verdict of the jury was as follows: "We find the defendant guilty of murder in the first degree as charged in the indictment, and assess punishment at imprisonment in the state penitentiary during his natural life."

It became known soon after the verdict was brought in that a majority of the jury stood for conviction from almost the first ballot. The trial of Dr. Hyde began April 11th and continued almost without any interruption until today.

After the verdict with the sentence was read and the usual formalities of asking the jurors if they felt satisfied had been gone through with, Dr. Hyde was taken to the room where his wife was waiting. He was under guard of a special marine who stood by the doctor attempted to comfort his wife for hysterical sobbing could be heard distinctly in the court room.

His sisters, who were waiting expecting to congratulate their brother on his acquittal and vindication, seemed stunned by the verdict. For a moment they sat motionless, then they gave way to their emotion and wept audibly.

Judge Latahew remanded Hyde to jail without bail. He declared Mrs. Hyde would be allowed to visit her husband only on regular visiting days. Hyde's meals may be sent him and his cell provided with a few comforts.

Judge Latahew said, "but he is to be allowed no luxuries." "I'm awfully sorry for the poor little woman," he added, referring to Mrs. Hyde, whose sorrow at her husband's conviction powerfully impressed him.

"I will give the attorneys the full time limit in asking for a new trial and preparing an appeal. The sentence will be formally imposed in open court. The sentence will be pronounced, probably, next Thursday or Friday."

Under the Missouri law the jury in murder trials fixes the sentence, which is later imposed by the judge. Hyde's attorneys will fight for a new trial, and if it is denied will appeal the case. They will fight the case to the limit.

INDIAN UPRISING IN NEW MEXICO TROOPS SENT TO SCENE OF TROUBLE

Redskins Terrorize White Women and Children and Drive Away Stock of Settlers

Santa Fe, N. M., May 14.—Two companies of New Mexico National Guardsmen are being rushed today to Beraneca, where they will take horses to the ancient Taos Indian pueblo to quell an uprising among the Indians.

Sheriff Elizandro Quintana notified Governor Mills from Beraneca that the situation had gone beyond his control, and requested that the militia be sent.

The Indians are said to be primed with liquor and already have committed many acts of depredation, cutting wires and driving away the stock of settlers, and terrifying white women and children.

Reports from the scene of the uprising state that a band of the redskins assaulted Mrs. L. S. Meyers, wife of a ranchman, and her two small children. The stock of the Meyers ranch was driven into the mountains, and the ranch property devastated.

The trouble is said to have had its origin when the Indians, Additional trouble arose when the federal census enumerators appeared among the Pueblo dwellers.

Governor Mills is holding additional militia in readiness to dispatch to Beraneca if necessary.

Communication Severed. Santa Fe, N. M., May 14.—Later.—Telephone and telegraph wires into Taos, N. M., the Pueblo Central to the district where Pueblo Indians are on the war path, were cut today.

Sixty picked men of the territorial guard were dispatched last night in a special train, but owing to poor communication, their whereabouts are unknown. The fear is expressed that the presence of the militia will incite the Indians to further acts of violence.

RAKE WIDE DEATH. Los Angeles, Cal., May 14.—Racing to the bedside of her son who is ill in Paris, Mrs. Belle Fulton, of Los Angeles, is speeding across the continent today in an effort to catch the liner Louisiana, which sails from New York next Wednesday morning.

Last evening Mrs. Fulton received a cablegram saying her son, Robert Fulton, is dangerously ill of typhoid fever. Immediately she prepared to rush to his side and, accompanied by Mrs. Geo. Mitchell, her mother, started within two hours for New York on a Santa Fe limited train.

CONSERVATION OF RESOURCES. Seattle, Wash., May 14.—Henry S. Graves, chief forester, succeeding Gifford Pinchot, is due to arrive in Spokane today. He left Seattle at 7:10 last night after a very busy 10 hours in Seattle.

Yesterday afternoon he was banqueted at the Rainier Club by prominent lumbermen in the city. There, in a 45-minute speech, he reiterated the statement made in Portland that he was rigorously following the policies laid down by Mr. Pinchot.

ASSESSMENT ROLL HAS BEEN PREPARED City Assessor to Submit His Report at This Evening's Meeting of City Council

OUT OF THE WAY!

PAVE DOUGLAS STREET SOON WORK IS TO START AS SOON AS POSSIBLE

Commencement Will Be Made on Humboldt Street End—Lateral Connections Being Made

(From Monday's Daily.) The work of paving Douglas street, on the section between Humboldt and Figuard streets, will be taken in hand almost immediately. This announcement was made to the Times this morning by Angus Smith, city engineer.

Mr. Smith said it was desirable to commence the work at the earliest possible date, so as to take advantage of the fine weather. Certain preliminary work has yet to be done, however, such as putting in lateral connections. These will be pushed to completion as soon as possible and then the main job tackled. Mr. Smith said he would probably make a start from the Humboldt street end.

The B. C. Electric Railway Company, having completed the work of putting in heavy permanent rails and curves at the corner of Yates and Douglas streets, his now a gang of men engaged on similar work on the main trunk on the section between Yates and Fort. These operations are retarding the running of cars to some small extent, but the work is imperative before the city can undertake the paving.

Simultaneously with the work of putting down the wood blocks all the wires on the section mentioned will be placed underground, the city having made arrangements for the necessary conduits. Douglas street will thus be the first thoroughfare in the city to have the wires underground, though it is intended to effect a similar improvement throughout the whole of the business section just as soon as the necessary arrangements can be made.

Rows of ornamental lights will be a feature of the comprehensive scheme of improvement to be taken in hand on Douglas street. These lights are of the most modern type, such as are employed on some of the leading streets of Seattle and other up-to-date cities on the coast. They are of the cluster variety, mounted on pretty pillars, about twelve feet in height.

The cement sidewalks on both sides of the street are to be made a uniform width of 20 feet, this decision having been reached at the last meeting of the streets committee. Thus Douglas street will have the widest walks for pedestrians of any street in the whole city. When all the improvements are effected this thoroughfare should be one of the most handsome and attractive of any city on the coast. It is one of the widest streets in the city, and easily lends itself to the work of beautification. It is anticipated that larger and better buildings will be erected shortly. There has lately been a considerable increase in property values in consequence of the policy which the city council has adopted.

BROTHER AND SISTER PERISH LOSE THEIR LIVES IN CAPILANO CANYON

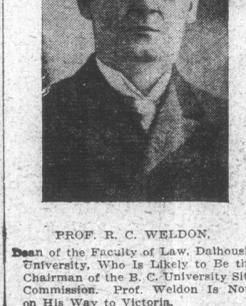

Woman Drops Dead After Leaving Doctor's Office—Engineer Killed in Collision

(Times Leased Wire.) Vancouver, May 15.—The bodies of Thomas Tennent, who was drowned in an unavailing effort to save his sister in the swirling waters of Capilano canyon last night, and that of the sister, have not been recovered today. The recovery will be a very difficult task. In previous drownings it has been weeks before the bodies were found.

Three hundred people saw Tennent go to the rescue of his sister, and finally throw up his hands and disappear himself beneath the waters. The Tennents with other young people carried their lunch to the summer resort yesterday afternoon. The party was sitting down to eat when Miss Tennent, walking along the brink of a 15-foot cliff, slipped and fell into the river.

Two other deaths combined to make the day an unusual one. Mrs. Stanmore, aged 35, dropped dead on the street just after leaving a doctor's office where she had been given a prescription. J. D. Hamilton, a Canadian Pacific engineer, was killed at Ashcroft, B. C., when his engine struck a heavily loaded flat car.

THE DUKE OF CONNAUGHT. Edinburgh, May 15.—The Scotsman London correspondent says the Duke of Connaught probably will go to Canada before the end of the year.

PROF. R. C. WELDON, Dean of the Faculty of Law, Dalhousie University, Who is Likely to Be the Chairman of the B. C. University Site Commission. Prof. Weldon is Now on His Way to Victoria.

ATTEMPT TO KILL CHINESE EXPLOSIVES FOUND IN RAILWAY CARS

Officials at Vancouver Searching for Man Who Tried to Blow Up Coaches

(Times Leased Wire.) Vancouver, May 15.—An investigation is under way today to ascertain the identity of the men who nearly succeeded in an attempt to dynamite 120 Chinese who had just debarked from the Empress of China, and had entered cars on the Canadian Pacific line for a trip across the continent.

The plan to kill the Chinese was discovered by a Canadian Pacific railway agent who found a stick of dynamite inside the stove of the two cars which were to carry the Orientals across the country. In one case the stick was about to be lighted by the Chinese appointed by his brethren to do the cooking while on the trans-continental journey.

The Chinese arrived from the Orient via the Empress of China Saturday night and yesterday 400 of them were removed from the detention shed to the waiting colonist cars which convey them to various destinations as far east as Winnipeg. Sixty are assigned to a car and each batch appoints its own cook.

Ham Chow, cook in one car, had started removing and replacing paper and sticks in his stove, preparatory to starting a meal, when C. L. Corning, the railroad agent, stopped him and took from his hand the stick of dynamite which had been attached to a 60-pound explosive cap.

The Chinaman was ignorant of the explosive's character, but Corning at once instituted an investigation of the other car, which resulted in one stick of dynamite being found.

INDIAN TROUBLES OVER. Leaders Are Under Arrest—State Troops Recalled. Santa Fe, N. M., May 15.—Leaders in the Taos Pueblo uprising are under arrest today and their followers have returned to the reservation. The state militia has been recalled and the order for federal troops to proceed to the scene of the uprising has been rescinded. The local authorities are in complete control of the situation.

KING WILL ARBITRATE. Washington, D. C., May 14.—Representatives of the American and Chilean governments in London having charge of the celebrated Alosop claim, which was shortly to have been presented to King Edward for arbitration, have been informed by the United States government and that of Chile that King George V. will undertake the arbitration of this claim and the matter will be presented to him about August 1 next.

SAVE PROPOSAL IS FAIR ONE LEADING CITIZENS ON THE RESERVE QUESTION

All Agreed That Latest Offer is One Which Indians Should Accept

(From Monday's Daily.) The opinion prevails among all classes in the community that the offer contained in the latest negotiations looking to a settlement of the long-standing Songhees reserve dispute is a very fair one and that the time has arrived when further delay in arranging to throw that area of land, right in the heart of the city, open for development, ought not to be tolerated.

The Times this morning interviewed a number of representative citizens and put to them the question: "Do you think the offer to the Indians as set forth by Senator Riley, on behalf of the Dominion government, and concurred in by the provincial government, a fair one?" In every case the answer was in the affirmative, and the opinion prevailed that the people of Victoria should now rise to the occasion and demand that no further delay be tolerated.

A typical comment on the situation was that made by C. E. Redfern, one of the leading pioneer merchants of the city and one who has served the city well in many public capacities. "I regard the offer as outlined in the Times in interviews with Senator Riley as essentially a fair and equitable one—perhaps more generous than the Indians really deserve," said Mr. Redfern. "There is one point I think ought to be emphasized, and that is that in the event of the reserve being opened on the terms mentioned the expense of making streets should be borne by the Dominion government out of the funds accruing from the sale of the property."

Victoria ought not to be made to stand the cost of improving the reserve, as owing to the attitude of the Indians in the past the city has suffered a real injury, and on the other hand it is owing to the growth and expansion of the city that the present value attaches to the reserve property. But I certainly think the time has arrived when a settlement should be arrived at."

Alex. Wilson, another pioneer, resident and business man, who is thoroughly familiar with all the circumstances surrounding the history of the reserve and the many negotiations for a settlement, was equally emphatic in declaring that the terms of the latest offer were fair and ought to be acceptable to the Indians. Mr. Wilson mentioned incidentally that this new scheme of settlement was quite in line with a suggestion which he had made to that end several years ago.

Dr. Lewis Hall, ex-mayor, expressed the hope that the present negotiations would result successfully. He thought the offer now made was a fair one in every particular.

Others were interviewed and they were of the same opinion as those quoted, but they were disinclined to allow their names to be used. "The feeling of the community is, unquestionably, that the present state of affairs is quite intolerable, and signs are not wanting that if the present negotiations should fall drastic measures will have to be resorted to by the two governments if public opinion is not to be outraged."

CALGARY MAN IN CUSTODY AT MINNEAPOLIS Is Accused of Defrauding Hotel Keeper—Hints at Interesting Developments

St. Paul, Minn., May 16.—A. M. Parkin, of Calgary, was arraigned this morning in the Minneapolis police court on the complaint of a hotel keeper, which he is alleged to have defrauded of more than \$200 in room rent, automobile charges and other expenses. The case was continued until Monday.

The Minneapolis police this morning received a warrant signed by David Tait, of the Rathskeller of St. Paul, alleging that Parkin cashed a worthless cheque for \$75, made payable to himself as representing the Eastern Investment Company of Calgary. Parkin is now in Minneapolis jail. Behind his reticence there are vague suggestions of intimate connection with the recent events in Alberta politics.

"This case is still in its infancy," said Parkin. "I have retained an attorney and before we get to the end of this I shall have cleared myself freely of the charges against me. I cannot go into details regarding my mission here further than to say that every move I have made, either in St. Paul or Minneapolis, was made by a previous arrangement with my solicitor. The royal commission was in Minneapolis about a week ago and tried to make me testify. It had not the power of forcing my testimony, however. Although it is applying for it and I gave it no satisfaction I will say that I am very anxious at this time not to give evidence before that commission. There are many ramifications to the situation which I cannot go into."

GRANT WOMAN SUFFRAGE. Christiania, Norway, May 16.—By a great majority the odelsing has voted to grant universal suffrage to women over 25 years of age.

TROOPS POURING INTO LONDON PREPARING FOR FUNERAL OF KING EDWARD

Body Will Be Taken From Buckingham Palace to Westminster Hall To-morrow

(Times Leased Wire.) London, May 16.—Troops are pouring into London today for service when the body of King Edward is removed from Buckingham palace to Westminster hall to-morrow. The soldiers will line the streets through which the royal funeral cortege will pass when the body is borne to Westminster hall, where it will lie for three days, thence being taken on the evening of the third day to Windsor.

The removal of the body will be attended by a military spectacle only less impressive than the funeral itself. Following the casket, drawn on a gun carriage, will walk King George, the royal princes and all the kings and princely guests, and members of the late King's household, lords and gentlemen in waiting, court dignitaries, and official and the queen mother's household. There will come a procession of nine carriages with the queen mother and all the imperial and royal ladies.

Upon the arrival at Westminster hall, the late King's company of the Grenadier Guards, who will have charge of the casket throughout the ceremony, will place the body upon the catafalque, lying in state will begin. The body being placed upon the casket, the Archbishop of Canterbury will conduct a solemn service in the presence of the royal mourners, after which the public lying in state will begin. The body of the late King will not be exposed to view. The mourners will see only the coffin, with the official regalia, and hearse of flowers.

The details of Friday's ceremony are still incomplete, but it has been decided blue jackets will draw the gun carriage with the coffin at Windsor, whereas the last solemn service will be held in London.

King George, Queen Mary, the queen mother and the other members of the royal family were present last night at a solemn service over the body in the throne room at Buckingham palace. One discordant note was sounded in the funeral arrangements when it was discovered that no provision had been made for reception of British colonial representatives who have been delegated to represent Britain's dependencies at the obsequies. The colonial emissaries had been overlooked in the general excitement over the prospective visit here of foreign sovereigns.

Although King George requested the people not to abandon their usual White Monday holiday, the popular grief over Edward's death was proved by a general lack of festivity. Colonel Theodore Roosevelt and party arrived here at 7:30 this morning. He was met at the Victoria station by civic officials and representatives of the British government. King George sent a carriage to convey the Roosevelts to Dorchester house, the home of American Ambassador Reid. The morning papers here print columns of praise of the former American president.

Official courtesies having been exchanged, Roosevelt proceeded to Buckingham palace, where he viewed the body of the late king. Then the colonel went to Marlborough house, where Ambassador Reid presented him to King George.

The meeting between the new King and the recent president was simple, brief and cordial. King George expressed his pleasure at the appointment of Roosevelt as special representative of the United States at the funeral of his father. (Concluded on page 2.)

RUSSIAN LABOR NOT SUCCESS IN HAWAII Immigrants Established Their Own Colony and Ignored Laws of the Territory

(Times Leased Wire.) Honolulu, May 16.—Experiments with Russian labor in the place of Japanese have proved to the officials and planters of Hawaii that the Muscovite is a failure, according to leaders of the immigration movement today. The Russians have not assimilated or been assimilated. They have established their own colony, own laws, a duma and a presidency. They bid defiance to the laws of the territory and beg and steal for a living.

The authorities have discovered that most of the marriages performed in Russia to enable the immigrants to enter were bogus. The federal authorities already are investigating the moral status of the immigrants, men and women, with a view to deportation. The president of the colony at Iwilei and several members of the duma are in jail for violating and several others have been indicted by the grand jury for "unlawful assembly."

ACCIDENTALLY SHOOTS SISTER. Chicago, Ill., May 16.—Raymond Hayes, fourteen years old, accidentally shot and killed his invalid sister, nine years old, while entertaining her with an exhibition of Indian fighting.
