Seriously injured include Jack Green, back broken, injured internally, who will die.

The dead are Gwendolyn Barrows, opportunity of expressing their yiews on the subject, and without exception vigorously opposed any such action that would to so large an extent detract from the natural beauty of the municipality. By the removing of the broom, rose bushes and oak trees which Vancouver, June 11.—A motion to ask a local real estate agent, claimed that

city asking for a further increase of 25 cents a day. The petition recited the conditions which made an increase necessary, the high cost of living being the main one.

A proposal is on foot to effect a \$50,000 cents of the multiplanty, were fall of the council and these were all in the same strain, vigorously opposed to twenty-fifth anniversary of the issuance of the city charter, which will be the beautiful rural effect which these hedges created:

These communications, as well as the cent Catholic edifice in Ottawa City, words of the property owners present, was totally destroyed by fire yest called forth great discussion among entailing a loss of \$155,000, with insur-

called forth great discussion among the council.

Councillor Sutherland pointed out that in many places the roads in the municipality were not more than ten feet wide, especially on the Foul Bay and Shoal Bay road, and lined as they are with high hedges of broom and.

The flames originated in the main. are with high hedges of broom and brush, which renders totally unseen the approach of vehicles, even a few yards ahead, they are a continual menance to the safety of the commun-

should be trimmed back to regular road oblate Juniorate, who was near at width. He stated that roads were made hand, rushed into the church and saved for traffic and not for hedges, and that the blessed sacrament and Rev. Father the safety of the community should Auclair rescued the vestments and surely be considered before the beauty sacred vessels.

Councillor Sutherland stated that the the falling of the stone wall. council had never intended the total destruction of the hedges on existing late Order of Priests, who a few years roads, and he pointed out that the property owners must be laboring under a great misapprehension, as the only roads referred to in the council's resolution were St. Patrick's street and

trim back the bushes when it was absolutely necessary to do so. He also moved a resolution that the minimum width between the hedges in all roads be twenty feet. This resolution was passed unani-

nously.

The meeting was chiefly taken up by the discussion of this question, and at its conclusion there was little time left for the routine work. A communication from C. Hamilton,

regarding the open drain on Hamb-shire road, was referred to the roads and bridges committee. The subject of the city's drainage upon Foul Bay road was again discussed, and the report of the special committee appointed to await upon the Mayor was heard.

Councillor Rattenbury stated that the city engineer proposed to remove the nuisance immediately by a branch sewer from Oak Bay avenue It was decided that the same com-

ing privileges of trap shooting at clay was granted subject to the council's power of withdrawal at any time on the condition that the party use the Tourcoing, France, June 10.-The first utmost caution and shoot only over the

enay, was completely destroyed by fire Wednesday night. The fire originated in a bedroom in the Wardner hotel where one of the boarders had left a lamp lighted which, it is supposed, exploded and the flames spread so rapidly hat nothing could be done to save the

The post office and store belonging to G. Donohue, which adjoined the Wardner hotel, was also burned to the ground and there was no time to save anything. The Union hotel was saved with great difficulty and for a time it seemed as if the store belonging to the Crow's Nest Pass Lumber Company would be destroyed, as the roof took fire, but the men worked bravely with buckets of water and wet blankets and saved the building, although the glass in the large shop window was broken from the heat of the burning hotel

across the street, Another large building which for-tunately happened to be vacant, was burned to the ground, so that the main street of the town is now a desolate
