In the city of Washington a certain col-ored attorney was once retained for the de-fence of a negro youth who had entered a shop and appropriated some article, but be-fore he could make good his escape the boy was detected and forced to surrender the stolen property. The stand the lawyer took was that no larceny had been committed, inasmuch as the defendant had been re-lièved of the stolen matter before he had left the premises from which it was taken. He quoted, as parallel, that a man might his horses or cattle until he reached the boundaries of the field, but unless he passed them, no charge of theft could be made. as that property was guarded by those limits, and therefore still in the owner's possession.
