A CUSTOMER'S REASONABLE WISH IS THIS STORE'S PLEASURE.

DYKEMAN'S.

That Sponging

....AND....

Shrinking Machine

That we installed on our premises a short time ago is doing great work and giving the utmost satisfaction. It sponges and shrinks goods without destroying one particle of its original lustre. Goods that have become mussed and rumpled are made to look as fresh and new as the day they left the loom. It only costs FIVE CENTS A YARD to have any material sponged that is not over 50-inches wide, 50-inches and over SEVEN CENTS A YARD, minimum charge 25 cents. We will sponge any goods whether they are bought at our store or not.

The appearance of your new fall garments will be enhanced wonderfully and they will retain their appearance if you have the material sponged before making.

THE WEATHER.

Maritime—Today and on Wednesday—Strong breezes and moderate gales; southerly to westerly; occasional showers, but partly fair.

LOCAL NEWS.

Evening classes re-open for the winter term Monday Sept. 30, at Kerr's.

The guard of honor for His Excellency Earl Grey will be paid on Wednesday evening the 25th inst., at 62nd Fusiliers head quarters, Charlotte St., at eight o'clock p. m.

In the police court this morning Chas. Kane was fined $20 for fighting on the public street. His opponent was Alex. Goodall, who showed to the court that he was only on self defence. He was allowed to go. Three drunks were fined the usual amount.

The North End police found a horse lying on its back in a ditch off Bentley street. They called out the North End ladder truck to assist them and when the horse was taken from the ditch it was removed to McCarthy's stables on Simonds street. The animal was called for this morning by James McKennedy, who claims that it strayed away from his barn on Strait Shore road.

At the regular meting of the W. C. T. U. (St. John, North), the following ladies were appointed delegates to attend the provincial convention to be held at St. Stephen the first week in October: Mrs. Scott and Mrs. Patterson delegates, Mrs. James McAvity, Mrs. Starkey, Mrs. J. L. Eagles and Mrs. W. Myles, superintendents of departments.

Mrs. A. W. Hatfield passed away yesterday at her home at Hatfield's Point, Kings county. She was in her seventy-second year. Mrs. Hatfield is survived by her husband, one son David A. Hatfield, engineer of the tug Winnie, and one daughter, Mrs. W. H. Finley, of St. John. She also leaves a brother, John J. Huggard, of Quens county, and a sister, Mrs. Daggett, of Grand Manan. Mrs. Hatfield was a prominent member of the First SpringfieldB aptist church and will be much missed in the community. The funeral takes place on Wednesday afternoon.

Court North End, C. O. F., will hold their annual autumn re-union this evening at the Temple of Honor rooms, Union Hall. Dr. H. B. Nase, chief ranger, will preside. The gathering will be chiefly of a social nature, and will include a supper and musical and literary entertainment. Among other numbers on the programme will be a duet by Dr. W. F. Roberts and Mr. R. Holder, a vocal solo by Dr. H. B. Nase, a solo by O. F. Price, and a speech by L. P. D. Tilley of the executive of the C. O. F. Mr. C. C. Flewelling will be accompanist. The object of the function is to get the members together preparatory to setting about the work of both a social and business nature for the coming winter.

STORM INTERFERED WITH THE FIRE ALARM SYSTEM

The fire alarm system was given a severe shock this morning. The bells clanged all kinds of numbers about 4.20 o'clock this and after, while the firemen awoke with sudden starts from their sleep.

A tree over the wires in front of Brussels street church, and a broken wire at the box on Victoria street, were causes of all the disturbance.

Inspector of fire alarms Green went over the route early this morning and found the trouble. In a short time the matter was all adjusted, and the line was again in god repair.

DREDGE IS AT WORK AT SAND POINT BERTHS

The West Side committee of the Board of Works will hold a special meeting this evening to discuss various matters in connection with the progress of the work on the warehouses and wharves now being built.

No communication has yet been received from the government in regard to the contract for dredging the mud from berths No. 1, 2, 3 and 4.

In the meantime Mr. Mayes, trusting that the contract will be given without any hitch, has gone on with the work, as he finds the tides at present are most suitable for the work.

BEYEA APPEAL SETTLED.

The conviction for assault made on complaint of John Francis Cully, of the Black River road, against James D. Beyea, was to have been taken up before Judge Forbes this morning. The parties, however, on advice of their lawyer, agreed to a reconciliation—the fine imposed by Justice Bowes was agreed to be dropped, the defendant to pay the justice's costs.

The judge congratulated the parties on their settlement and urged them to live on friendly terms with each other in the future.

J. D. Hazen, K. C. and W. H. Harrison of James D. Beyea; J. B. M. Baxter for John Cully.

PARK-BELYEA.

A pretty wedding took place in Taunton, Mass., Sept. 18th, when Thomas Park, of Chicago, formerly of St. John, N. B., was married to Miss Annie Mae Belyea, of Belleisle, N. B., by the Rev. O. J. White, of the Winthrop street Baptist church. The bride, who was unattended, wore a travelling suit of blue Panama cloth with hat to match. On the eve of the bride's departure from the Taunton hospital, where she has been training for a nurse, she was presented by the staff with a beautiful silver tureen, and an address. After the ceremony Mr. and Mrs. Park left for Boston en route to St. John, where the groom is a well known tailor.

INTEREST TAKEN IN LIMERICK CONTEST

A Number of Answers Have Already Been Received

Everybody Has a Chance—Fill in the Last Line of the Verse and Try for the Prize.

While it was not expected that the first half day of the Star's Limerick competition would bring any great results, still the number of answers received up till noon today is gratifying. Interest will undoubtedly develop as time passes, and judging from what is shown thus far the entries will during the present wek be sufficient to provide fairly valuable prizes. It should be understood that ten cents must accompany each coupon. All the money received will be divided into three prizes in the proportion of 50, 30 and 20 per cent., so that the returns to the winners in each week's competition will depend wholly on the number of entries. A leading English paper distributed ten thousand dollars in one week on a competition of this nature. The Star does not anticipate anything like one-hundredth part of that amount, but at the same time the prizes will no doubt be well worth receiving. Several ingenious lines are found among the answers thus far received, but everyone has the same chance and no one should worry about not being able to make up a good answer. The coupon will be found on page seven of this paper. Cut it out, fill in the blanks, and bring or mail it to Limerick, Star office, before noon on Saturday. Enclose with the coupon ten cents in cash or stamps. A new verse will be given each week. All competitions close on Saturdays, and the results will be announced in the Star of the following Mondays. No person need be limited to one attempt. Perhaps after sending in an answer a happy thought may come of another line which fits in even better. Send it along. It costs ten cents. The more the merrier.

There was a sweet girlie named May,
Who went early to school every day,
She was first in her class,
And felt sure she would pass,
? ? ? ? ? ? ?

Coupons on which the line muct be written will be found on page seven. Address all communications to "Limerick, Star Office."

LAST EVENING'S RAIN WAS MORE THAN A SHOWER

The Storm Was the Worst So Far This Season—Wind Blew 36 Miles an Hour—Two Inches of Rain Fell.

The first severe storm of the season struck this part of the country yesterday and wrought considerable damage, particularly in the outlying districts. The total amount of rainfall during the storm was two inches. From nine o'clock yesterday morning until three in the afternoon .47 inches of rain fell. Then in a shower from 3.20 to 3.35 o'clock .21 inches fell. At 8.15 o'clock the heaviest shower of the day commenced and lasted until 8.30. In that time .38 inches of rain fell. Throughout the twenty-four hours the rain fell mostly in showers of fifteen minutes' duration. The total fall is greater than during any storm of the past season.

During the evening a brisk breeze was blowing and towards midnight it began to freshen. At one o'clock this morning the wind was blowing at the rate of 24 miles an hour from a southeasterly direction. The velocity of the wind increased steadily, until at 3 a. m. it was blowing 32 miles an hour and from a southwesterly direction.

From 4 to 4.15 a. m. the wind blew at the rate of 36 miles. This was the most severe blow and after it had subsided the wind gradually calmed down until at ten o'clock it was blowing at the rate of 18 miles an hour from the southwest.

Owing to the direction of the wind it is probable that the weather will not clear up today as the fog is steadily rolling in.

The residences of many suburbanites were flooded during the storm.

Storm signal No. 2 was hoisted at 12.30 for a fresh gale from the west.

BELYEA--SMITH

This afternoon at 4 o'clock the home of John N. Smith, of 173 Main street, North End, will be the scene of a pretty ceremony, when his daughter, Miss Della Smith, will be united in marriage with Frank L. Belyea, of Braintree, Mass. The wedding will be of a quiet nature, only the immediate relatives and friends of the young couple will be present. Rev. B. H. Nobles will officiate.

The bride will wear white serge with an all-over lace waist and will carry a shower bouquet of white roses. She will be given away by her father.

Miss Smith has been for some years a valued member of the Victoria street Baptist church choir which body has shown its appreciation of her efforts in the form of a magnificent cut glass punch bowl.

Mr. Belyea's fellow-employes at J. F. Williamson's foundry have presented the groom with a handsome parlor lamp while Mr. Williamson's gift was a case of silver knives.

The young couple will leave this evening for a trip to Boston and other American cities and will visit Mr. Belyea's home before their return. The bride will travel in a pretty costume of white serge with a pale blue hat.

After their return they will take up their residence for the winter at 173 Main street.

WANT MORE MONEY FOR THE SEAMEN'S MISSION

Board of Management Will Meet This Evening to Open Tenders for the New Building.

The board of management of the Seamen's Mission will meet at eight o'clock this evening at 167 King street, East, to consider tenders for the new building, which closed a week or ten days ago. While no announcement is made, the Star understands that these tenders are within the limits set by the association for the brick and stone work. The new mission, including the site, is to cost not more than $15,000. Already the sum of $1,800 has been paid for the lot on Prince William St., so that $13,200 remains for the construction of the building. Up to the present a total of slightly over $4,500 has been subscribed, out of which the land was purchased. There remains a balance of $11,500 still to be collected, and probably the principal discussion at the meeting of the board tonight will be on ways and means. It is expected that a few additional subscriptions will be reported this evening by those members who have interested themselves in the collecting, but an active campaign for further contributions will have to be undertaken.
