PETERSVILLE PICNIC.

Perhaps one of the most enjoyable picnics of the season was that which was held at Armstrong's Corner, Queens Co., on Wednesday last in aid of the Church of England. Although the weather was threatening, which prevented many from coming, yet the rain held off until after all had left the grounds. The committee had provided many games and sports, all of which were keenly contested, none more so than the tug of war, where the Petersville boys had to give way to the superior tact and skill of the friendly team from Blissville, Sunbury Co. The newest game, guessing "Johnny's" age, was as funny as it was profitable, and Joe Kimersey made a rare "Johnny." The committee wish to heartily thank those strangers who gave valuable assistance in making the picnic the success it was, and would specially mention Mrs. Waters and Miss Ida Waters of Boston and Thomas Trott of Gasperaux station, all of whom lent cheerful assistance at a time when it was most needed. They also wish to thank Wm. McKee for valuable aid rendered by him and to the firm of W. H. Thorne & Co. of St. John for prize donations.

A SERIOUS CASE.

Too Difficult and Complicated
for Ordinary Medical Aid.Paine's Celery Compound is
the Mighty Rescuer.

Mr. Forsythe says: "I am Pleased to Recommend Paine's Celery Compound; I Believe It is the Best Medicine in the World."

Wells & Richardson Co.

Gentlemen—For two years I was in a low condition of health, suffering from nervousness, fainting, pain in the head, stomach troubles and loss of appetite. I was under the care of two doctors, but received no benefit from their treatment. I also used two bottles of a recommended patent medicine, but no good results came. I was then advised by a neighbor to use your wonderful medicine, Paine's Celery Compound. The use of this marvellous preparation soon produced the very best results. I am glad to report that my health is improved in every respect. I am stronger, sleep better, and my appetite is good and natural. I am pleased to recommend Paine's Celery Compound to all sick people, as I believe it is the best medicine in the world.

Yours truly,
A. FORSYTHE,
Manvers, Ont.

GRAND MANAN.

A Great Abundance of Fish that will Not Bite.

GRAND MANAN, Sept. 10.—The Adventists are holding a convention at Woodward's Cove. There are five or six clergymen in attendance and some delegates.

The prohibition committee at White Head is composed of Rev. Irwin D. Harvey, Sidney H. Gupill, A. A. Bagley, H. A. Lyne.

Collector Graham, Mrs. Graham and special officer of customs Jas. Bogue have been visiting the island. On the 9th inst. they in company with Mrs. Charles Dixon visited South Head light.

Judson L. Gupill, Jr., and Frank Ingersoll have brought their new boats from St. John. They were built by A. N. Harned of Carleton, who came down in Ingersoll's boat. They are fine specimens of the boat-builder's art, and reflect great credit on Mr. Harned as a workman and designer. Captain Gupill's sloop, the W. E. Gladstone, has been in company with the fast boats of the fleet and in light wind has had no trouble in passing them. How she will show up with the fast boat Ethel and Carrie (owned by Albert Woodier) in a good reef breeze, is yet to be seen.

Large quantities of small herring and tinker mackerel are reported in our waters; also immense shoals of pollock, which will not take the hook at all, being in eager pursuit of the grating and small mackerel. Fishermen report greater quantities of pollock than have frequented our waters for years. They also think the large number of very small mackerel indicate the coming of large mackerel later on.

Owen Bancroft is here visiting friends and relatives. Mr. Bancroft is located in Maryland, U. S. A.

Miss Maud Hutchinson is visiting her sister, Mrs. Lawton C. Gupill. Miss Geneva McDonald and Roland Gupill were married on the 3rd inst. Schr. John M. Plummer is loading with bladders for the New York market for Frank Ingersoll, the smoked herring king of Grand Manan.

THINK OF THE BOYS.

Think of a hundred things the hurry, hustle Exhibition time will bring.

The opportunity for a pleasant visit to the city is at hand, and you've promised to bring the boys—and there's four of them—James, 4 years; Albert, 6; Charles, 8; Herbert, 12.

Early to bed the night before—up at 5 o'clock—Sunday clothes—breakfast—lunchbasket—drive, to the depot, to the Exhibition building—tickets—and you're off with a rush.

Business first,—so you consult your memo and do your buying in the morning.

First attend to the boys, and pardon us if we speak a word about ourselves.

This store makes a specialty of dressing boys; but please don't take our word for it—come and see. This store has the largest assortment of boys' clothes of any store in the Maritime Provinces.

This store carries as good clothing and quotes as low prices as any store in Canada. No other store in any part of Canada, not even in Toronto, can possibly give you as good boys' clothes at as small cost as this store.

This is saying a great deal—but it is the truth. The proof of the pudding is in the eating of it, and every day dozens of boys are treated to our clothing pudding, and it is from them that we hear "It is the best we have ever tasted."

Then to the sight seeing—There's the bands playing—the flags flying—the open air performances, free—the exhibits of novelties—machinery—the fowl—horses—cattle—fruits—vegetables—the like of which you never saw before. Exhibitors are filling your pockets with samples and souvenirs, until you have an armful of things to remember, the greatest time of your life.

Home again, late at night, new clothes, new ambitions, new life—to live in remembrance of the day's outing for another year.

Here's to your health and that you'll live to come again.

GIRLS TATTOOED AT 25 EACH.

A Drovers' tollage, who has been engaged tattooing the Maoi girls in the Bay of Plenty district during the past few weeks, has shifted his residence to Otawarua, a settlement near Macmillan. He is still kept busy and on this account has raised his price all round to \$25 a head. As a rule Maoi girls are not very fresh of cash, but like their European sisters, when it comes to a question of adornment, the money is found somehow.—Auckland Star.
