INVITE especial attention to the New Screw STEERING GEER manufactured by them, which can be seen at their Establishment. They confidently recommend to all Ship Owners and Masters, as the best Ship-Steerer now in use. It works easier, and more promptly than the common tiller with ropes and blocks, and can be worked easily by one man in the heaviest gale. By an ingenious arrangement, a gradually increased power over the Rudder is obtained, which prevents sudden jirks, so well known to nautical men with the common gear. Its action is direct, prompt, and is not liable to get out of order. For strength and durability it is superior to any other apparatus that has yet been applied, and will be sold considerable lower than they can be imported.

May 22, 1857. 6w.

To Ship Builders and Owners.

THE Subscribers begs to call attention to a new and superior description of *CAMBOOSE*, which they are now manufacturing, suitable for a Vessel of from 1500 to 2000 tons, which from its great thickness of plate and improved arrangements will be found fully equal if not superior to any Camboose heretofore in use, it having numerous improvements of vast importance to its utility and durability, which have been hitherto neglected. They have also made similar improvements to their former Stock of PATTERNS, which they feel confident will make them superior to any others at present in the market, and will sell them lower than they can be imported.

HOLLOWAY'S PILLS.

The blood furnishes the material of every bone, muscle, gland and fibre in the human frame. When pure, it secures Health to every organ; it necessarily produces disease. HOLLOWAY'S PILLS operate directly upon the elements of the stream of life, neutralizing the principle of disease, and thus radically curing the malady, whether located in the nerves, the stomach, the liver, the bowels, the muscles, the skin, the brain, or any other part of the system.

ALARMING DISORDERS.

Dyspepsia, and derangement of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives, in all cases, however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the ystem and the constitution at the same time.

GENERAL WEAKNESS—NERVOUS COMPLAINTS.

When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and enfeebled muscles of the victim of general debility.

The Subscriber having been appointed Agent to the above Company for New-Brunswick, begs to announce that he is prepared to receive Proposals for FIRE AND LIFE ASSURANCE. The large Capital of the Company, and the number and influence of its Proprietors, enable it to rank with the most eligible Offices, either in America or Europe, with respect to the advantages offered to the Public.

FIRE BRANCH.

Persons Assured by this Company are not subject to any covenants or calls to make good losses which may happen to themselves or other, nor do they depend on any uncertain fund or contribution, the Capital Stock of this Company being an unquestionable security to the Assured in case of Loss or Damage by Fire.

LIFE BRANCH.

In addition to the more customary methods of Insurance, the Company likewise Assures Lives on any of the following contingencies:—

For the terms of One Year, Seven Years, or any other definite period.

For the whole continuance of Life.—The Premiums to cease, after a limited number of Annual Payments.

For Two Joint Lives.—The sum assured to be paid on the death of either.

On the longest of Two or Three Lives.—The sum assured to be payable at the death of the last survivor; or,

The Survivorships.—To secure the payment or the sum assured, if a life A die before another life B.

For a sum to be payable at age 60, or at death.

Premiums on Credit.—A portion of the Premiums on Credit. Assurances may be effected in various ways, not enumerated, to meet the convenience of parties.

The important advantages afforded by the Company in the Life Branch will include the following viz:—

The Guarantee of an ample Capital, and Exemption of the Assured from liability of Partnership.

Moderate Premiums.

Large Participation of Profits by the Assured amounting to Two-thirds of its net amount, which may be applied at the option of the party effecting the Assurance:—1st. By the immediate payment of the sum so apportioned.—2nd. By an equivalent increase of the sum assured.

Small Charge for Management.—The expenses of the Office being borne in due proportion by the two Branches.

Prompt Settlement of Claims.

Policies lapsed by non-payment of the Premium may be renewed within three months, by paying the premium, with a fine of 10s. per cent., on the production of evidence to the satisfaction of the Directors of the good health of the life assured.

The Company will always be prepared to Purchase the Policies of this Office at their equitable value or will grant a New Policy in lieu thereof without any further payment of Premium, for a sum to be agreed on.

Extra Premiums, suitable to special circumstances, will be accepted to cover the risk of a party possessing a Policy on the life of another to guard against the possibility of its being vitiated by the late departing beyond limits, or by any other cause.

Thirty Days are allowed for the Payment of Premiums after the day on which they respectively fall due.

Additional Advantages offered to Lives Assured with this Company at St. John, N. B.

I.—RESIDENCE.—Persons assured for the whole term of life will have permission, without the payment of extra Premium, to reside in any part of Europe, or in any place in North America to the north of 38 degrees of North Latitude, but not to the westward of the Mississippi River.

II. VOYAGES.—They will also, if not seafaring by profession, be allowed, without any extr charge—

To cross and re-cross the Atlantic Ocean, in steamers or first class sailing-vessels;

To pass from any part of Europe to any other or from any part of North America to another within the limits above specified; also,
