Any attending on g-sons may correspond with individuals.

THIS PAPER may be found on the 15th of each month at the office of the **NEWSPAPER ADVERTISING BUREAU, 100 WATER STREET, NEW YORK.**

News Summary.

DOMINION.
—Mr. Thomas Fisher, of Gasperaux, P. E. I., was attacked by about twenty crows, while plowing in his field the other day, and badly cut about the head and face.
—Two hundred and forty thousand bushels of potatoes were shipped from the eastern end of Kings County, N. S., last season. The price is now 55 cents per bushel.
—A little boy named James Powe died at Little River, Elgin, Albert County, the other day, from eating wild roots that he thought he recognized as good.
—During a heavy thunder storm lightning entered the window of a house at Gushyboro, N. S., struck and killed a three-year old child sleeping between his parents, then killed a dog, and demolished the stove. The escape of the parents was most remarkable.
—Over 50,000 bushels of oats have been landed at Pictou, N. S., from P. E. Island, selling prices being from 23 to 32 cents per bushel.
—Chief of Police McEae, of Winnipeg, was shot and probably fatally wounded last week, by a notorious cattle thief whom he had arrested.
—Messrs. A. Robb & Sons, Amherst, N. S., are now filling orders for ten portable saw mills, with engines and boilers.
—Mr. John Campbell, M. P. for Digby, died suddenly at Ottawa on Thursday last.
—The Sumichrast-Kind libel suit has been settled by the defendant agreeing to allow a verdict for \$1,500 and costs to be entered against him. It is understood that the settlement was the result of efforts of the church authorities to prevent what would have been the greatest Nova Scotia scandal of this decade.
—Two Clydesdale horses and one mare, have been shipped from southern P. E. Island. The London Live Stock Journal says, of these horses: "All of them are such as reflect credit on the breed, and cannot fail to enhance the Clydesdale popularity."
—The great event of the Queen's Jubilee number of the Montreal Star, a superbly illustrated paper, of twenty-eight pages, and two artistic plate supplements. Those who have seen the advance copies say it is magnificent. Something that everybody will want and few can get. It is to be sent by mail for 25 cents. Graham & Co., Montreal, are the publishers.
—Prof. Lawson of Halifax, has been elected resident of the Royal Society of Canada.
—A Winnipeg despatch of the 27th says: The Blood Indians are causing considerable trouble just now. Lieut. Gov. Dewdney left for McLeod, reports having been received by him, that the Bloods have stolen forty horses belonging south of the line. They have done this as an offset to the theft of one hundred horses from the Bloods some time ago. The Lieutenant-governor will make an effort to pacify Gros Ventres and make satisfactory arrangements with them.
—Two Gloucester fishermen, were picked up in a dory, and stranded at North Sydney by a passing barque after being six days on the Atlantic, without food or drink. They were greatly exhausted.
—Horat Wilson, son of Professor D. M. Wilson, formerly of Windsor, graduated with honors in medicine over a year ago in New York, after which he passed a competitive examination for position in the Mary's Hospital, Brooklyn, which position he has been filling the past year, first as junior house surgeon, and as head house physician, and now as senior house physician. —Windsor Tribune. Mr. Wilson is a graduate of London, and has many warm friends in Wolfville, where he resided for several years. They will be pleased to learn of his success. —Acadian.
—The Minister of railways has given notice of the following resolutions: That the agreement entered into between her majesty and the Western Counties railway company in relation to the completion of the line of railway from Yarmouth to Annapolis in the province of Nova Scotia, bearing date the 31st January, 1887, be hereby confirmed; and that the sum of \$500,000 be hereby granted to her majesty to enable her to comply with the provisions of reason five of the said agreement. —Herald.
—The N. S. press excursion to Boston, was a great success, and the trip proved most enjoyable. A number of American newspaper men were brought back and are now enjoying themselves in Nova Scotia.
—Steamer Fishing has taken the place of the Seacrest for this week, on the Digby and Annapolis route.
—Halifax is to be lighted in future by electric light.
—There is talking about a street railway.
—Mr. David Stone, an old and highly respected resident of Pictou, died at that place on Wednesday evening last. Mr. Stone was the son of the late Rev. Titus Stone who came to Sussex early in the century and took up a considerable tract of land in the western part of the county, now known as Pictouville. Mr. David Stone was born there, and spent his entire life in that locality. He was a man of sterling honesty and integrity, and a devoted and consistent member of the Baptist church. A widow and five children survive him, the eldest living son being Mr. Geo. F. Stone, merchant, of Digby. —Telegraph.
—In the recent report of the Insurance Commissioner of Massachusetts, we find these words:—"Insurance that does not insure is dead at any price. Insurance that costs beyond the needs of safety is an unjust burden. That system is the one which combines at fey with the minimum of cost." W. T. Standen, New York, another high authority, in a report on the system of the Dominion Safety Fund Life Association, St. John, N. B., says:—"It combines the least possible cost with the greatest degree of safety."
BRITISH AND FOREIGN.
—A terrible loss of life has resulted at Paris from the burning of a theatre. The number is placed as about five hundred.
—Canon Fleming, of York, England, has created something like a sensation by delivering a sermon bearing a suspicious resemblance to one delivered by Dr. Talmage when in England ten years ago. It is said to be no new thing for preachers to use the Doctor's sermons, when there is no special claim to authorship set up. Dr. Talmage sees no sin in their action. As an instance he cites the fact of his once listening in his own church to one of his

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low cost, short weight, adulterated, and impure powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall-st., N. Y.

JAMES PYLE'S Short Hours PEARLINE For Women.

The best and most perfect Washing Compound known. Used As Directed. It produces better results with a greater saving of Time and Labor. It is Washing and Bleaching, than anything yet invented. Wash your Dishes, Glassware, Windows, Curtains, Jewels, Silver, in fact everything with it. Try it in the Bath, and you will be Satisfied over its Superiority over Soap. Beware of cheap imitations. The Genuine always bears the above PEARLINE DIDY. JAMES PYLE, New York.

MR. WALTER MCFARLANE

IS A MANUFACTURER who is not content to keep using the same old tools and work in the same old way, but every year makes it his duty to go west and south, and visit the various States in Ontario and the Eastern Provinces, and learn all about the Latest Development of Mechanical skill and Organization in Factory Work, and introduce the newest invented machinery in practical use.

On his last observation trip, Mr. McFarlane stopped over at Gannan's, Ontario. He will tell you many interesting, and to us satisfactory things of what he saw there, if you ask him. This is what he gave us for publication:—

St. Mary's, York Co., N. B., April 19th, 1887.
Messrs. JOHNSTON & CO., Fredericton, N. B.

DEAR SIRS:—In answer to your enquiries about the Gannan's Carriage Co., I beg to say that I spent two days at Gannan's last October, and was quite surprised at the magnitude of their factory, and the very thorough and skilful way in which all work is done there.

Before visiting the place I was prejudiced against their carriages, but now I am satisfied that no concern turns out carriages made of better stock, or that are better put up and finished. I looked over their stock of materials and pronounced it first class. Very severe tests of the wheels were made by me and others with samples taken at hazard out of a big stock, but we could not find any weakness or defects.

I can heartily recommend the Gannan's Co's carriages to everybody.

Yours truly,
WALTER MCFARLANE.

Come in and see our NEW PREMISES, opposite the City Hall, Fredericton, and look over the Carriage and Farm Machinery; or, if more convenient, call upon one of our Local Agents, all of whom have more or less stock and are authorized to sell at Factory Prices, on very reasonable terms.

JOHNSTON & CO.,
Directly Opposite City Hall,
Fredericton, N. B.
And Public Wharf, Newcastle.
18-44
