## MILL POND SUGGESTED AS SITE FOR SUGAR REFINERY

Harbor Board Yesterday Decided Ballast Wharf Site Impracticable And Will Make Alternative Offer Of Lots Along Courtenay Bay Or Dry Dock Site—Delegation To Interview D. McNichol On West Side Transfer Work—Allotment Of Berths Deferred.

At a meeting of the Harbor Board yesterday afternoon it was finally decided not to grant Mr. F. C. Durant the property asked for at the Ballast wharf for the purpose of erecting a sugar refinery but two alternative propositions were suggested and will be submitted to Mr. Durant for his consideration. It was also decided to send a delegation to Montreal next week to confer with Mr. D. McNichol, general manager of the C. P. R., with reference to the transfer of the West Side lots.

The decision not to grant Mr. Durant a lease of the thirty acres at the Ballast wharf and along Courtenay Bay was founded on the prospect for development of this part of the harbor. The mayor was instructed to write Mr. Durant however offering him a lease of fifty-five to sixty lots east of Pitt and south of Union street, but not extending far enough to interfere with the building of terminals for the G. T. P.

The second proposition, which it is believed may prove satisfactory for Mr. Durant's purposes is to lease him the Carleton mill pond, west of Union street and once destined as a site for a dry dock.

It was pointed out that Mr. Durant would have to build up forty feet at the Ballast wharf and construct a breakwater besides, while in Carleton the site would not have to be built up more than ten feet and no breakwater is necessary.

Mr. Durant asked for thirty acres at the Ballast wharf and in Carleton there are thirty-three available in case he accepts the city's offer. Mayor Bullock will write Mr. Durant, placing these facts before him.

The transfer of the West side lots was taken up and the agreement as prepared by the Recorder will be mailed to the C. P. R. head office today. A delegation from the board will leave for Montreal next week to interview Mr. McNichol, and will likely visit Ottawa to confer with the Government on the matter of the transfer.

On application of Mr. John Kane, secretary of the Longshoremen's Association, it was recommended that two electric lights be placed on the McLeod wharf.

When the matter of the allotment of berths on the West Side was considered, Mr. Wm. Downie, general superintendent of the C. P. R. was heard. The Manchester line ask for No. 1 and the Allans for No. 2 berths, while the C. P. R. have applied again for the berths 1, 2 and 3.

Mr. Downie pointed out that with berths Nos. 5 and 6, the Allans had no difficulty in securing grain in 1908 and he undertook to make satisfactory arrangements this year. The matter was laid aside for one week.
