KELLY'S SON  
REMOVED THE  
EVIDENCE

All papers relating to Law  
Courts Tender taken from  
office so police, could se-  
cure no evidence.

Winnipeg, Nov. 4.—That most of the  
papers in the office of Thomas Kelly  
& Sons relating to the law courts  
contract were removed by Maurice Kelly,  
a son of Thomas Kelly, was the evi-  
dence in the law courts enquiry this  
morning of Roy L. Worthington, esti-  
mator for the Kelly firm.

The papers were removed about the  
first of October during Worthington's  
absence, and Maurice Kelly told Wor-  
thington he had burned some and  
taken others to Detroit. Documents  
relating to Kelly's sub-contract for  
stone were left, but all papers in con-  
nection with the Kelly firm's tender  
for the law courts were missing, said  
the witness.

Maurice Kelly told Worthington  
that he had taken the papers so that  
in the event of another search by the  
office such as for the parliamentary  
building contract no evidence would  
be found. Correspondence relating to  
the law courts had been taken from  
the letter files. Isaac Pihlback, crown  
counsel, intimated that the Kelly firm  
had entered two tenders for the law  
courts. Worthington said he knew  
nothing of two. He prepared the esti-  
mate and the firm entered the tender  
at \$857,000, but declined to sign the  
original estimates were likely to be  
asked for at the enquiry.

Lawrence replied that the crowd  
had no right to ask for them: That  
at any rate they would not be pro-  
duced.

"So far as Thomas Kelly & Sons  
are concerned it looks as though there  
were some reasons for the removal of  
these documents," said Mr. Pihlback.

"Some cogent reason," agreed the  
commissioner.

Did it of His Own Accord.

Maurice Kelly, aged 20, son of  
Thomas Kelly, and partner of a  
month's standing, in the firm of  
Thomas Kelly & Sons, told the law  
courts commission this afternoon that  
early in September he took a large  
quantity of documents from the office  
of the Kelly Company to his house,  
that he sent part of them to the family  
cottage at Detroit, Minn., and that he  
burned the balance in the furnace.

He said that he did not know what  
papers he burned, and he used no  
plan in separating those to be saved  
from those to be destroyed.

Kelly's explanation of his act was  
that he was nervous, alone, and he  
wanted to make sure that if the au-  
thorities made another search of the  
company's office they would find nothing.  
The search of the Kelly office for  
papers relating to the parliament  
buildings' contracts had occurred  
shortly before, and Maurice Kelly said  
he was indignant over that occur-  
rence. "I decided," he said, "that the  
office was no safe place for anything,  
the way the attorney-general's depart-  
ment was acting."

The witness declared that he had no  
instructions from anyone to secure  
the papers. "I did it of my own ac-  
cord," he said, "and I got the deuce  
for it from my father and my two  
brothers."

SACKVILLE LIGHTING.

The hearing in the matter of the  
Electric and Development  
Company was continued yesterday be-  
fore the Public Utilities Commission.  
Evidence was given by Kenneth Pick-  
ard regarding the affairs of the com-  
pany, several matters of a technical  
nature being dealt with in connection  
with the protest of the people of Sack-  
ville against certain proposed limita-  
tions in the use of electric power dur-  
ing the day time. Robert Carter, of  
Halifax was also examined respecting  
matters on the record of the hearings  
at previous sessions.

The Recruiting Office.

Private William McClair, of the 64th  
Battalion, who has been stationed here  
for the past two months, engaged in  
recruiting work, left yesterday morn-  
ing for Sussex, to join his regiment  
before leaving for Halifax for the win-  
ter. With him went a little black and  
white kitten which has been with the  
last two or three weeks a member of  
the recruiting office staff. Mr. Cat  
made the trip to the station in "Billy's"  
pocket, and when last seen was sitting  
on the window sill of the car, looking  
at the scenery.

McClair's departure leaves Ptes.  
Walter and Fred Shaw in charge of the  
work here. Two men from the 104th  
Battalion here this week, but they have  
not had the experience in the work  
that the two Shaws have had, though  
they are fast learners the "ropes."  
Walter Shaw seems to be a born re-  
cruiting officer. He gets almost every  
man he tackles, and he seems to have  
a pretty good idea who to tackle. He  
has had the best results of any of the  
men who have been stationed here in  
the work, and his gung as a canvasser  
for recruits is not to be found in the  
city.

PLOT AGAINST  
ALLIES WAS  
WIDESPREAD

Besides attempts to blow  
up supply ships, large  
amount of war material  
stolen on eve of being  
shipped.

New York, Nov. 4.—Examinations of  
Robert Fay and three other prisoners,  
under arrest here before a United  
States commissioner on charges of  
conspiracy, set down for today, was  
postponed to November 11.

The government's counsel expects  
the grand jury will have disposed of  
the case before the date set today for  
the prisoners' examination.  
After all waiting witnesses had  
been called, Assistant District At-  
torney Knox today took into the grand  
jury room the mechanical apparatus  
with which, it is charged, Fay and his  
associates intended to destroy munici-  
pal arsenals. The apparatus was  
brought to the building by Secret  
Service men who have been guarding  
it since Fay's arrest.

Mr. Knox said he was inclined to  
believe there was no connection be-  
tween the alleged acts of Fay and the  
other prisoners with recent fires  
aboard sugar carrying vessels. The  
latest of these fires, aboard the steamer  
Euterpe here last night, caused  
damage estimated at \$25,000.

The case gained importance today  
owing to the announcement from  
Washington that the department of  
justice will undertake the prosecution  
of the alleged conspirators and the  
statement that the federal investiga-  
tion shows that the alleged plot had  
wide ramifications throughout the  
country. Ten or more men were un-  
der arrest today in West New York,  
New Jersey, across the Hudson river  
from New York city, charged with the  
thefts of magazines and automobile  
tires from automobile trucks in the  
yards of the West Shore railroad at  
Weehawken and in freight yards at  
West New York. These trucks were  
allotted to the European Allies from  
Cleveland and other middle western  
cities. It was alleged that eight car-  
loads of tires, valued at \$75,000, and  
many hundred bags of sugar have been  
stolen, either from the freight yards  
or from ships loading at the water-  
front in Hoboken or in Weehawken,  
N. J.

After the thefts of sugar it was al-  
leged some of the vessels in which it  
was to have been loaded were set on  
fire by fire bombs.

Jelly Cream

To the stiffly beaten whites of three  
eggs and three teaspoonsful of pow-  
dered sugar add one glass of any clear  
fruit jelly. Beat until thoroughly  
mixed, put into small cups or glasses  
and place in the refrigerator until cold.  
Serve with sweetened whipped cream  
garnished with finely chopped nuts.

She Coughed  
Day and Night.

Mrs. Fred. Feair, Cedarville, Ont.,  
writes: "I am sending you this letter  
telling what Dr. Wood's Norway Pine  
Syrup did for me. Ten years ago I had  
a terrible cold. For days I could not  
speak above a whisper. I coughed day  
and night. One evening I was so bad I  
went down to my storekeeper, and when  
I went in he said, 'You better get some-  
thing done for that cold of yours.' I told  
him, as well as I could, that I had just  
come to get a bottle of the best cough  
medicine he had. He told me Dr. Wood's  
Norway Pine Syrup was the best he had,  
and said for me to take a little of it be-  
fore I left the store. I took some, and  
in fifteen minutes I could speak as well  
as ever. I think 'Dr. Wood's' is the  
very best on the market."

That persistent cough must be gotten  
rid of immediately, for if it hangs on to  
you it may develop into some serious lung  
trouble, such as bronchitis, pneumonia  
and perhaps consumption.

Get rid of it by using Dr. Wood's  
Norway Pine Syrup. A remedy that  
has been on the market for twenty-five  
years. A remedy that cures when all  
others fail.

When you ask for "Dr. Wood's" see  
that you get what you ask for as there  
are many imitations on the market.  
"Dr. Wood's" is put up in a yellow  
wrapper; three pine trees the trade  
mark; price, 25c and 50c.

SERBIAN WOMEN  
GO WITH MEN TO  
BATTLEFIELD

Over 2,000 Women Fight-  
ing in the Army — Fight  
side by side with men  
and bear rigors of march  
without murmur.

London, Nov. 4.—There were nearly  
2,000 women in Serbia's army when  
I left and more women soldiers were  
being organized," said Dr. Gruitch, a  
Serbian army doctor now in London,  
today.

"The women are not in special bat-  
talions. Some of them wear the com-  
plete uniform of a soldier for the sake  
of comfort, while others wear skirts  
with a blue tunic. The younger wo-  
men go with their brothers or their  
husbands. The women are of every  
age, from the population and we can-  
not prevent them from serving. They  
inspire the men, with whom they  
march side by side and with whom  
they eat and serve shoulder to shoul-  
der in the trenches.

"These women are not afraid. No-  
body in Serbia is afraid, and the wo-  
men in the ranks do not lose their  
nerve under fire.

"We realize the great power of our  
friends in the war. Every soldier feels  
that we are only part of a world army,  
and if it is necessary that our army  
shall be lost—well, it is only a part.  
There is time yet to save Serbia, but  
assistance for her cannot come too  
quickly."

pin the buttons on from the inside of

and they can easily be removed be-  
fore washing.

BIG EATERS GET  
KIDNEY TROUBLE

Take Salts at first sign of  
Bladder irritation or  
Backache.

The American men and women must  
guard constantly against kidney  
trouble, because we eat too much and  
all our food is rich. Our blood is filled  
with uric acid which the kidneys  
strive to filter out, they weaken from  
overwork, become sluggish; the elimi-  
native tissues clog and the result is kid-  
ney trouble, bladder weakness and a  
general decline in health.

When your kidneys feel like lumps  
of lead; your back hurts or the urine  
is cloudy, full of sediment or you are  
obliged to seek relief two or three  
times during the night; if you suffer  
with sick headache or dizzy, nervous  
spells, acid stomach, or you have rheu-  
matism when the weather is bad, get  
from your pharmacist about four  
ounces of Jad Salts; take a tablespoon-  
ful in a glass of water before break-  
fast for a few days and your kidneys  
will then act fine. This famous salts  
is made from the acid of grapes and  
lemon juice, combined with lithia, and  
has been used for generations to flush  
and stimulate clogged kidneys; to neu-  
tralize the acids in the urine so it no  
longer is a source of irritation, thus  
preventing bladder disease.

Jad Salts is inexpensive; cannot in-  
jure, makes a delightful effervescent  
lithia-water beverage, and belongs in  
every home, because nobody can make  
a mistake by having a good kidney  
flushing any time.

Acids Stomachs

Are Dangerous

A famous physician said in the  
course of a recent lecture that nearly  
all intestinal troubles, as well as many  
diseases of the vital organs, were di-  
rectly traceable to a deranged condi-  
tion of the stomach which in turn was  
due nine times out of ten to excessive  
acidity, commonly termed sour stom-  
ach or heartburn, which not only irri-  
tated and inflamed the delicate lining  
of the stomach, but also set up gas-  
tritis and stomach ulcers. Remarkable  
results have been obtained by the use  
of ordinary bisulphated magnesia, which,  
by neutralizing the acidity of the food,  
removes the source of the trouble. It  
is foolish to treat the stomach itself,  
neutralize the acid and the stomach  
troubles will disappear. Irritating  
medicines and medical treatments are  
useless, so long as the contents of the  
stomach remain acid; remove the acidi-  
ty, and there will be no need for  
medicine—the inflamed lining of the  
stomach will then heal itself. Sufferers  
from acidity, sour stomach or heart-  
burn should get a small bottle of bi-  
sulphated magnesia from their druggist,  
and take a teaspoonful in a quarter  
of a glass of water after meals, repeat-  
ing in fifteen minutes, if necessary.
