TWO SPEAKERS AT HEALTH STUDY IN FREDERICTON

Dr. MacMurphy and Hon. Dr.
Roberts Give Addresses
at Conference.

BETTER FOOD TO GET BETTER HEALTH

Moncton Lady Chosen Pres-
ident of the New Brunswick
Branch.

Special to The Standard.
Fredericton, N. B., April 27.—The
second meeting in the health week
campaign was held at the Fraser Me-
morial Hall this afternoon when Dr.
Helen MacMurphy, Chief of the Child
Welfare Department of the Dominion
Department of Health, Ottawa, spoke
on child welfare.
Mrs. W. T. Whithead, first vice pre-
sident of the Ashburnham branch of
the Canadian Red Cross presided and
told of the object of the health week
campaign. She read greetings from
the St. John Red Cross Society and
the Hillsboro Women's Institute.
Hon. Dr. Roberts, Minister of Health
for New Brunswick said that preven-
tion is the sheet anchor of public
health, the goal at which those inter-
ested are aiming and that it was very
beneficial to set aside a week each
year to concentrate on the pre-
vention of diseases. Red Cross soci-
eties, Women's Institutes and other
women's organizations were giving
their support to the work and there
were in New Brunswick this week
some of the best health workers in
Canada. As New Brunswick is pecu-
liarly made up of two thirds being rural
and transportation being difficult, it
was hard to get the people to co-oper-
ate in these matters, many thinking it
was some new legislation that was
being put through, which would not
benefit them.

Good Food Essential.
Dr. MacMurphy said that good food
was one of the main essentials in car-
ing for children. She did not be-
lieve in artificial feeding and that
every mother should be able to nurse
her own child. She said the W. C. T.
U. had done away with one bottle and
she hoped they would succeed in do-
ing away with another one. Proper
home care, cleaning of the teeth and
other essentials were necessary in the
development of healthy children.
At the conclusion of Dr. MacMurphy's
talk the New Brunswick branch of the
Child Welfare Association was formed
and a nominating committee with
Hon. Dr. Roberts, convener Mrs. W.
J. Scott, Mrs. H. A. McKenna, St.
John, Mrs. D. J. Shea and Miss Mc-
Cain, was appointed to nominate the
officers.

The Officers.
They retired and in a few moments
returned and Hon. Dr. Roberts an-
nounced the result of their finding as
follows: Patron Mrs. William Pag-
ley; Hon. President, The Countess of
Ashburnham; President, Mrs. W. A.
Peterson, Moncton; 1st Vice Presi-
dent, Dr. Doris Murray, St. John, N.B.;
2nd Vice Pres. Mrs. W. G. Clark,
Fredericton; 3rd Vice Pres. Mrs. Da-
vid Martin St. Leonard; 4th Vice
Pres. Mrs. Charles Cumber, Wood-
stock; 5th Vice Pres. Mrs. Marks
Mills, St. Stephen; Secretary, Miss J.
K. Stewart, Fredericton; Treasurer,
G. W. Taylor, Manager of Royal Bank,
Fredericton.

Others to be added to the execu-
tive at a meeting to be held later.
Constitution Committee.
The committee on Constitution was
appointed as follows: Miss K. Ste-
wart, Mrs. C. C. Jones, Mrs. Hooper,
Mrs. Holman and Miss Eliza Camp-
bell and they reported as follows:
Name—New Brunswick Child Wel-
fare Association.
Object—To unite to co-operate and
foster the child welfare activities of
the province.
Membership—Honorary, Active and
Sustaining.
Dr. Doris Murray, of St. John, gave
a short talk on child welfare while
the committees were at work.

HONORABLY ACQUITTED.
Halifax, N. S., April 27.—Arthur N.
Burgess, who was arrested in Toronto
and was brought to Halifax to answer
the charge of the theft of \$700 worth
of goods from the Robert Simpson
(Eastern) Limited, was honorably ac-
quitted by Magistrate O'Hearn in the
police court this morning.

BUSY WITH THE GARDENS.

to possess lawns and gardens are
busy with their spring work now.
Yesterday there was much raking,
cleaning and burning after the storms
of the winter.

Claim Dope Was Bought in St. John

James and Mazie McDonald,
on Trial at Woodstock, Deny
All Knowledge of Theft.

Special to The Standard.
Woodstock, N. B., April 27.—The
criminal case against James
and Mazie McDonald, of Bangor, charged
with breaking and entering and steal-
ing from three stores in town, was
continued this afternoon and adjourn-
ed until tomorrow morning at ten
o'clock when Judge Barry will address
the jury. The defence put on the
stand the prisoners, who swore that
they were in their hotel when the
stealing was done, and that the goods
found in their possession had been
purchased from a man who belonged
to St. John.
The jury was addressed by F. C.
Squire for the prisoners, who pointed
out that at least three men had
been suspected of the stealing, but
they made their escape early in the
morning across the line, and that the
prisoners who could have done
likewise were found in bed in their
hotel.
R. L. Simms for the Crown, showed
that the dope found in the possession
of the prisoners was identified by
Harry Stevens as dope taken from his
drug store, and that the alleged pur-
chaser from a St. John man was un-
believable.
The case against Rev. Mr. Steeves,
the Pentecostal minister, arrested on a
serious charge, will be taken up
next tomorrow morning.

Fredericton Strike Is Authorized

International Sanctions Go-
ing Out of Men at Victoria
Mills.

Fredericton, N. B., April 27.—The
strike of the mill men at the Fraser
Companies Victoria mills in this city
has been authorized by the interna-
tional union of Timber Workers from
its headquarters at Seattle.
Notification to the effect that the
strike was sanctioned and that the
striking would have the authority of
the international union came in a tele-
gram yesterday to officers of local
union No. 120 and it was said today
meant that strike benefits would be
paid to all those for whom they had
worked.
Although in labor circles it was pre-
dicted that recognition of the strike
by headquarters would mean a larger
number of men could stay out, it was
announced at Victoria mills that ad-
ditional men were going back to work
daily, half a dozen more having re-
ported back this morning. It was also
said that all those for whom they had
worked were now employed and that
they had a dozen on the waiting list.

Revise Emergency Embargo Measure

Bill Likely to be Completed
Tomorrow and Reported to
Senate Early.

Washington, April 27.—Revision of
sections of the House Emergency Tar-
iff Bill was agreed upon today by the
Senate finance committee. It was de-
cided to strike out the clause author-
izing customs collectors to estimate
depreciation of foreign currency up
to 25 per cent which it has been
contended would virtually bar all
goods from Central Europe. A substi-
tute adopted, Chairman Penrose an-
nounced, would provide for collection
of United States duties on the fore-
ign market or export value, which
ever should be highest.

Anti-Dumping Law

Revising the anti-dumping section,
the committee decided that the pro-
posed prohibitive tariff against for-
eign goods imported for sale in the
United States below cost or below
prices asked in the country of man-
ufacture should not be general. The
plan adopted would give to the secre-
tary of the treasury power to investi-
gate and invoke the prohibitive anti-
dumping penalty in cases where he
should determine that "dumping" was
being practiced.
With these revisions, Senator Pen-
rose said, the bill would be completed
tomorrow and reported to the Senate
next Saturday or Monday. Senator
Penrose added that immediate Senate
consideration would be sought.

JAIL AND LASHES

Benjamin, April 27.—Ambrose Mur-
phy, of Restigouche county, has been
sentenced by Mr. Justice Chandler to
five years' imprisonment in the Mari-
time Penitentiary at Dorchester, with
the additional sentence that during
his period of imprisonment he shall be
twice whipped, twenty lashes each
time being ordered.

INCOME TAX CHANGES

Ottawa, April 27.—In the House
this afternoon Sir Henry Drayton,
minister of finance, said there was no
proposal to change the date on which
income tax returns had to be in, but
a consolidating bill would be brought
down. The penalties for non-observ-
ance of the act would be ameliorated,
but there was no provision for chang-
ing the method of securing informa-

A. H. Whitman, who has served in the

Chambers, who has recently been re-
tired from the prison staff, and is now

Hopewell Hill

Hopewell Hill, N. B., April 27.—The
relatives and friends will regret to

minor operation and not thought to
be serious, passed away before Mr.
Reid could reach the hospital.

KILLED BY EXPLOSION.

Halifax, N. S., April 27.—Clarence
Richardson, an iron worker, is dead
at the Victoria General Hospital here,
following an accident at the Imperial
Oil Works at Improval yesterday,
when an acid tank exploded. Richard-
son was working on scaffolding some
twenty feet high when the flames
from the exploding tank reached out
and burned him. He jumped or fell
to the ground, fracturing his skull.

HARBOR FULL OF HERRING

Special to The Standard.
Charlottetown, April 27.—Charlot-
tewh harbor is literally teeming with
herring and the unusual circumstance
of fishermen from the north side of
the island—where no herring are be-
ing taken this season—bringing their
nets and gear to the capital and se-
curing big catches has now become
the regular order of the day.
Three weeks ago Mr. Harry Watts
of Grand Tracadie, not being able to
secure a herring on the north side
where they are usually very plenti-
ful brought his nets to the city where
he heard some fish had been taken
and placing them out off Connolly's
wharf one evening had the satisfac-
tion when overhauling them next morn-
ing of securing nearly 800 fish, which
brought sixty cents per dozen when
placed on sale.

STEEVES AND BERRY MUST STAND TRIALS

True Bills Found Against
Prisoners Held on Murder
Charge.

STEEVES' TRIAL IS SET FOR MAY 10TH

Sensational Nature of Cases
Draws Big Crowd to Open-
ing of the Court.

(Continued from page 1.)

The cases of O. Gaius Steeves and
Ezekiel Berry who are to be tried for
their lives on the charge of murdering
their wives, have attracted much in-
terest in eastern Canada both being
surrounded by many sensational fea-
tures.

Burned in Beds.

About the middle of February last
Mrs. Gaius Steeves and her five
young children were burned to death
in their home at an early hour of the
morning. Steeves was arrested charg-
ed with their murder and the evidence
given at the preliminary examination
was of a sensational character the
hearing before Magistrate J. W. Gas-
kin at Coverdale resulting in his be-
ing committed for trial.

More Circumstantial.

In the case of Ezekiel Berry the
evidence given at the preliminary ex-
amination was somewhat similar as in
the Steeves case being largely circum-
stantial. Berry's wife was alleged by
her husband to have left her home on
Saturday night about ten o'clock, Dec.
18 and did not return. Next morning
her husband alleges he found her body
in a spring two or three hundred
yards from the house. The coroner's
jury was not satisfied that the woman
had committed suicide and neither
were the neighbors who result being
that three months after Mrs. Berry's
death the Crown took proceedings
against Berry and he was also com-
mitted for trial by Magistrate J. W.
Gaskin at Coverdale shortly after
Gaius Steeves was committed.
