BARBOUR'S tually checked by the police force, the WE have thought proper to name this healing Compound "Indian Blood Syrup". There are no spirits employed in its composition; it can be used by the most delicate babe, of the most infirm, aged or feeble; care only is required in giving attention to the directions. This syrup possesses varied properties:—It acts inponthe Liver; it acts upon the Kidneys; it regulates the Bowels; it purifies the Blood; it quiets the nervous system; it promotes Digestion; it Nourishes, Strengthens, and Invigorates; it carries off old blood and makes new; it opens the porce of the skin, and induces healthy perspiration. The Indian Blood Syrup does all this; for all diseases arise from a bad state of the blood. This virus, or impurity of the blood, is effectually neutralized and destroyed by the use of the Syrup. If he Liver, Stomach, Kidneys, Bowels, Nerves, Muscles and Brain are kept in motion and fed by bad blood, they must soon wear out. The Syrup makes good blood which will nourish and preserve every organ and part of the body, and keep it in repair until ripe old age. For sale by traders deserting their stores and offer-C.
