

**Canadian News.**  
The total value of pulp and paper production by provinces in Canada in 1920 was as follows: Quebec, \$131,822,000; Ontario, \$113,415,000; New Brunswick, \$11,000,000; British Columbia, \$27,221,000. Quebec produced about 1,000,000 tons of the total woodpulp production, Ontario coming next with 654,000, while British Columbia's production was 218,000. During the same year, however, Ontario produced the most newsprint, or 351,000 tons, as compared with Quebec's 358,000, and British Columbia's 136,000. Since then Quebec's capacity for newsprint production has surpassed that of Ontario and is being still further increased through the opening of the new International Paper Company's mill at Three Rivers.

The salmon industry in British Columbia represents a capital investment of \$16,000,000, and payments to the producers of the raw material runs close to \$4,000,000. Cannery employees are paid over \$2,000,000 annually, and the number of persons employed in the industry exceeds 17,000. Over \$300,000 is paid each year to local merchants for supplies such as groceries, and the cans used for packing salmon cost \$2,000,000.

Vancouver Island's population is 116,730, which is 299 per cent. greater than the population of the Island in 1911, according to figures compiled on the basis of the census figures announced by the Dominion Bureau of Statistics recently. The population of Greater Victoria, including the three adjacent municipalities and surrounding districts, is approximately 60,000, although details are yet lacking for the district municipalities.

Over 19,870 cwt. of fish were caught by commercial fishermen in Northern Manitoba during 1921, giving an aggregate value of \$125,490. Of this quantity 15,260 cwt., valued at \$96,244, were caught during the winter; 607 cwt., worth \$9,255, during the summer, and the remainder secured under seller's permits. In the winter 132 men were engaged in fishing, using 1,200 gill nets. Among the fish caught were whitefish, pickerel, pike, trout, mullet, suckers, ling sturgeon and turbot.

Farmers of Saskatchewan invested approximately \$6,000,000 in new tractors in 1920, no less than 2,000 tractors being sold to purchasers during the year at a cost averaging \$3,000 each.

The total value of all sea fish caught in Canadian waters during 1921 was \$18,867,062. British Columbia accounted for \$8,359,026 of this; Nova Scotia \$6,738,309; New Brunswick \$2,073,615; Quebec \$1,244,704; and Prince Edward Island \$451,408.

The latest figures of the Agricultural Institute at Rome confirm Canada's assumption to second place among the countries of the world as a wheat producer, with a yield of 329, 835,000 bushels from the 1921 crop. Canada was exceeded in wheat production last year by the United States alone, which had a yield of 794,893,000 bushels.

The total net debt of Canada on January 31st was \$2,372,572,884, as compared with \$2,366,861,252 at the end of December, 1921, an increase of \$5,711,732. The total amount paid in interest on the public debt during the present fiscal year is \$114,579,577, as compared with \$120,042,240 during the ten months of 1920-21.

Of the 616,000 horse-power actually used by the pulp and paper mills of Canada in 1920, no less than 455,000 horse-power was developed either by hydraulic turbines, or by electric motors, leaving only 160,000 horse-power developed by steam, gas or gasoline engines.

A party of over three hundred Canadian school teachers will tour Europe during the coming summer, according to Major Fred Ney, founder and honorary organizer of the Overseas Educational League. A similar but smaller expedition was made last summer. The party will sail from Montreal for Harve, France, on July 1, where they will be joined by teachers from New Zealand and Australia, returning on August 25.

#### Famous Last Words.

"I've used kerosene to hurry up the kitchen fire for nearly twenty years."  
"I'll keep chopping till the tree begins to fall."  
"This is all foolishness about having to use a staff to lead a bull. Why, I've always used a rope."  
"I just can't do any more repairing on this car till I light my pipe."  
"Oh, I'll get across the track long before the train gets here. My car never stalls."  
"I'll stop here under this big tree till the thunder-storm passes."  
"I don't very often get in front of the cutter-bar when the mower is in gear, but this team is gentle."  
"What in the world did they put a danger sign on this bridge for? Why, I crossed it with my tractor less than a week ago."

#### Lifeboats Equipped With Heated Cabins.

New Brighton, near Liverpool, is to have the first of a new type of 60-foot motor lifeboats designed by the British Lifeboat Institution. The boats will be capable of carrying 150 passengers, fifty of whom can find refuge in a heated cabin. New Brighton always has had the biggest and best lifeboats in the service on account of the dangerous sand banks running fully ten miles out to sea. The new boats are designed, above all, to combat rough seas. Their speed is ten knots in moderately bad weather.

There are now machines which record emotions, and can show if the person under examination is telling the truth or not.

## TRYING TO RUB OUT YOUR RHEUMATISM

It Can't be Done—The Trouble Must be Treated Through the Blood.

The pain of rheumatism is something you cannot rub out. Every sufferer from rheumatism has been advised to rub this liniment or that on the affected part, but after all the rubbing the pain remained. Rubbing did not cure it and can't cure it.

Thin blood and rheumatism come together and if they are properly treated they will go together. Rheumatism is in the blood—in poor watery blood. Sometimes cold, damp weather starts the aches and pains, but it is the condition of the blood that is at fault, and only by correcting this, and making the blood rich and red can the rheumatic poison be driven out. This is what is done in the treatment of rheumatism with Dr. Williams' Pink Pills. Acute and muscular rheumatism show improvement as the thin blood is built up, and when the blood has been restored to its normal condition the trouble vanishes. This is proved by the experience of Mr. John A. O'Neill, Port Hood, N.S., who says, "I was a periodical sufferer from rheumatism for years. I tried many remedies, but with indifferent results, and I had about concluded that the trouble was too firmly rooted in my system to be got rid of. While I was suffering from an attack a friend advised me to give Dr. Williams' Pink Pills a trial. I first got three boxes and by the time I had taken them I felt much better. Then I got three more boxes, and when I had taken them not only was the rheumatism gone, but I was feeling better in every way. If you suffer from rheumatism I strongly advise a trial of Dr. Williams' Pink Pills.

These Pills are sold by all medicine dealers or will be sent by mail, post paid, at 60¢ a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## BITS OF HUMOR FROM HERE & THERE

**Natural Mistake.**  
"William," said a teacher to one of her pupils, "I am surprised that you do not know the date of Columbus' discovery of America. It's actually printed at the head of the chapter."  
"I am sorry, miss," said William, "but I thought it was his telephone number."

**One on the Prisoner.**  
The prisoner was being cross-examined for the prosecution, when the judge interrupted.  
"You say that you dined at the Hotel Metro. What did you partake of?"  
The prisoner turned to reply.  
"Beef steak, my lord," he said.  
The judge looked stern.  
"On your oath?" he said.  
"No, my lord," he said, "on a plate."

**In a Difficulty.**  
Mike had saved up a little money, and when Pat came over a few years later the two brothers went into the coal business.  
One day Mike bought a roll-top desk, and when it arrived he said to Pat:  
"The one desk will do for the two of us. And here are two keys, one for you, Pat, and one for me."  
Pat accepted the key, but seemed to be studying the desk.  
"That's all right, Mike," he said, "but where is my keyhole?"

**Wisps of Wisdom.**  
To go forward is important. To go straight is more important.  
Don't sit down and take what comes. Go after what you want.  
All you've got to do is to want a thing, want it hard, and it's as good as yours.

Health is the foundation both of judgment and industry, and therefore of success.  
The man who knows enough to keep

his mouth shut generally draws healthful breath as well as a good salary.

**Business is Business.**  
A train in the Western States of America was held up by bandits, who ordered the passengers to give up all their money.  
One of the passengers was a Jew from New York, and when his turn came, he reluctantly drew three hundred dollars from his pocket, and, taking six, put them in his pocket.  
"What do you mean by that?" asked the bandit.  
"Surely," answered the Jew, "you don't mind me taking a 2 per cent. discount on a cash transaction?"

**The Belle of the Family.**  
"Yes," said the old man to his visitor, "I am proud of my girl and would like to see them comfortably married, and as I have made a little money they will not go penniless to their husbands."  
"There is Mary, twenty-five years old, and a really good girl. I shall give her \$1,000 when she marries. Then comes Bet, who won't see thirty-five again. I shall give her \$3,000, and the man who takes Eliza, who is forty, will have \$5,000 with her."

The young man reflected a moment and then asked, "You haven't one about fifty, have you?"

**CHILDHOOD CONSTIPATION**  
Constipation—that disordered state of the digestive tract which is nearly always caused by improper feeding—can be readily regulated by the use of Baby's Own Tablets. These Tablets are a mild but thorough laxative. They are easy to take and are absolutely free from injurious drugs. Concerning them Mrs. Joseph Dion, Ste. Perpetue, Que., writes: "I have nothing but praise for Baby's Own Tablets. When my baby was three months old he was terribly constipated, but the Tablets soon set him right and now at the age of fifteen months he is a big healthy boy and this good health I attribute entirely to the use of the Tablets." They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Home and Love.**  
Because I like to sit at home  
And hear the robins call and sing,  
Or breathe the sweet the breezes bring  
I've grown to pity those who roam  
And have no spot however prest,  
Where he can whisper, "Here I rest."

Because I like to hear the tone  
That says I love you, needs no phrase  
No spoken word, to cheer and praise  
I pity those with none their own  
Their very own to understand  
The language of the eye and hand.

Because life has so much unrest,  
Because for each the strife and stress,  
God sends the humble home to bless,  
And loving hearts, His best bequest  
Not gold nor pleasure, pomp nor gain,  
But Love that makes Life not in vain.

"Yes, I've got a comfortable, well-painted set of buildings," said the old citizen complacently, "and the best part of it is that there ain't an hour's work in the whole job; just spare minutes."

The word "honeymoon" originated from Germany, where it was the custom to drink mead—a sweet liquid made from honey—for thirty days after the wedding, "moon," of course, meaning "month."

**MONEY ORDERS.**  
The safe way to send money by mail is by Dominion Express Money Order.

**Colors That Stimulate.**  
Color schemes for factory workers, with a view to increased production, are among the bright ideas of modern decoration specialists. In one case, at least, the idea has been adopted with the best results.

"We were asked to decorate a factory so that it would produce better workers," explained a member of a firm of expert house decorators.  
"The walls were done in daffodil yellow; the corners and the capitals of the pillars being picked out with deep blue. The stimulating atmosphere created by that scheme was remarkable."

Do the colors and designs of our wall coverings really make their "victims" sad, mad, or sublimely happy? Several decorative artists think they may, especially as regards emotional, highly sensitive natures.

Thus, the psycho-craze has penetrated not only the wall-paper and colored wall industry, but also has crept into furnishing and furniture.

To dignity, beauty, and comfort in house decorating modernists have added the mental and moral aspects of complete schemes.

For instance, soft, gentle yellows must be the background of a room in which sufferers from neurasthenia are to find calm.

It would be unwise for a wife to enter into a contentious domestic discussion within red walls. Large patches of red in the home are admitted to be an irritant.

Welsh school children during the summer holidays have, in many parts of the Principality, helped to compile records of the districts in which they live.

**Postum for Health—"There's a Reason"**  
Made by Canadian Postum Cereal Co., Limited, Windsor, Ont.

Your grocer has both forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water, Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

## LIKE NEW PERSON FROM HEAD TO FOOT

**MISS ST. JEAN WISHES EVERY SICK PERSON KNEW THE WONDERS OF TANLAC**  
Suffered So After Every Meal She Thought She Had Heart Trouble.

"I just can't begin to express the gratitude and joy I feel over my restoration to health and I just wish every sick person in this world knew what I know about Tanlac," said Miss Irene St. Jean, 298 Maisson Neuve, Montreal, Que.

"For one whole year I didn't know what it was to eat anything without suffering the greatest distress afterwards. At times my heart palpitated so that I would go almost distracted. I thought I had heart trouble, but I know now that indigestion and nothing else was responsible."

"It is simply wonderful the way this grand Tanlac overcame all my troubles. I just feel like a new person in every way. I have a splendid appetite, my digestion is perfect. I have a calm and restful sleep at night and wake up in the morning feeling bright and cheerful."

Tanlac is sold by all good druggists.

**Spanish Flu**  
Claims Many Victims in Canada and should be guarded against.

**Minard's Liniment**  
Is a Great Preventative, being one of the oldest remedies used. Minard's Liniment has relieved thousands of cases of Grippe, Bronchitis, Sore Throat, Asthma and similar diseases. It is an Eucalyptus. Thousands of bottles being used every day. For sale by all druggists and general dealers.

**Mother! Open Child's Bowels With California Fig Syrup**  
Your little one will love the "fruity" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

**Instalment Plan.**  
He (time 11:45 p.m.)—"I hope your father doesn't object to my paying you visits?"  
She—"No; but I think he would prefer having you pay them in instalments."

**Colors That Stimulate.**

## THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

Whenever you hear a man sticking to his own opinions with obstinacy and urging them with vehemence you may safely set him down as stupid.

**Minard's Liniment prevents Spanish Flu**

"Danderine" costs only 35 cents a bottle. One application ends all itching dandruff, stops itching and falling hair, and in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

Keep Sloan's handy for neuralgia, sciatica, lame back, stiff joints, sore muscles, strains and sprains. At all druggists—35c, 70c, \$1.40. Made in Canada.

**Sloan's Liniment**  
Is a Great Preventative, being one of the oldest remedies used. Sloan's Liniment has relieved thousands of cases of Grippe, Bronchitis, Sore Throat, Asthma and similar diseases. It is an Eucalyptus. Thousands of bottles being used every day. For sale by all druggists and general dealers.
