

Department of Indian Affairs.

Ottawa, July 25<sup>th</sup> 1933

Dear Sir:

I am returning your letter as more accurate information must be given regarding this family. It is not sufficient to say a child is born; the sex of the child must be given in order to keep correct records here.

I am also enclosing the identification ticket of Josiah Jayfoot. This ticket belongs to the Indian and should always be retained by him. In applying for his annuity, you should give his band & band number in the letter. A cheque for his annuity will be forwarded to him as soon as possible.

Yours truly  
J. MacCreary
