

Consumption is a disease of the stomach as well as the lungs.

For Bilious Diseases.

Not one in a thousand would suffer from Bilious complaints if Dr. Radway's treatment is observed, and all who may be seized with Bilious Colic, Bilious Fever, Typhoid Fever, Chills and Fever, Fever and Ague, Remittent and Intermittent Fever, in fact, all animal and vegetable fevers, are prevented and cured by RADWAY'S PILLS, assisted, when required, by the READY RELIEF.

Treatment.—See directions around each Bottle and in each Box.

One Pill, taken when symptoms of dizziness, fulness or pain in the head, nausea at stomach, indigestion, costiveness, pain after eating, sleeplessness, bad dreams, etc., etc., appear, will soon cure this difficulty. Radway's Pills are unlike all other pills; each Pill contains three grains of the active curative principles of extracts of the rarest products of the vegetable kingdom—of ingredients some of them never before used as medicine, and to be found only in these Pills.

In cases of colic, severe inflammation, or paralysis of the bowels, and a speedy discharge of their contents required, grind six of the Pills to a powder, and take in some preserves or water. In half an hour, the Pills, given in this way, will generally operate. The dose can be repeated, if necessary, in two hours. We have known the Pills, given in this form, to open the bowels WHEN CROTON OIL, *Elaeterium*, *Podophyllum*, MANDRAKE have failed. It is seldom that a second dose will be required in these cases of *Intestinal Obstructions*.

It will greatly assist the Pills in effecting a cure, by giving the patient a bowl of hot oatmeal gruel six hours after taking the Pills, or in the morning previous to their operation. In sudden Colds, Influenzas, etc., this treatment is a sure cure.

RADWAY & Co.—*Gentlemen*: I have given your Purgative and Regulator Pills, received at the Druggist here, a trial, and find them THE BEST of any I have ever used for the system; and where all others failed in giving me relief for a general disorganization of the stomach, with, I may say, other equally bad symptoms of the system, your Pills succeeded.

I am, very respectfully,

Saxton, Bedford Co., Penn., May 1, 1873.

DANIEL GEARY.

Important to Persons Advanced in Years,

Troubled with Constipated Bowels, and Difficulty of Passing Water,
Imperfect Digestion, Food Converted to Water.

Letter from a well-known citizen of Ohio, MR. J. HILDRETH, aged 67 years, Mansfield, O.:

MANSFIELD, O., March 27, 1869.

DR. RADWAY:—Enclosed find one dollar. Send by mail as many of your Regulating Pills as you can afford. I wish your Pills and Resolvent. I like them very much and recommend them to others. Our druggists have none: they say the run is so great they have sold out. I am free to say for myself they are the best medicines I ever found. I wish you would inform me if there is any danger if they are retained in the system for a length of time, by taking one or more every evening for a length of time, as there are many good medicines that are injurious to take for a length of time. * * * I have for several years been troubled with COSTIVENESS, so that even injections would not procure an evacuation. I was all the

The longer an intermittent remains the more difficult it is of cure.

If in Lock-jaw a convulsive fever sets in, the disease goes off.

Lime, Whiting, and Magnesia, are antidotes for Oxalic Acid.

After a flux of blood, a delirium or convulsion is bad.
