

WOODSTOCK THEOLOGICAL GRADUATES.

This list furnishes food for thought. It shows what becomes of our graduates. It is designed to show the number of graduates in Theology of Woodstock College at present in our ministry in Canada, and also to show what has become of the others. The editor has done his best to have the list correct.

U.S. is used to denote those who have gone to the United States. * Those who have left the ministry. Ob. the dead. The other marks need no explanation. Those who are still in the ministry in Canada have no mark.
