The Home of 30 lb. Cows.

4 of Them Average 33.10 lbs.

It will pay you to get a Herd Sire Bred along our lines. How would you like a half brother to KING KORN-DYKE SADIE KEYES? (see pedigree below). Write us about the ones we have to offer. If you are looking for some choice females let us send you the pedigrees of a number of cows and heifers that will be an addition to any herd. But for the scarcity of labor we would not part with these females. SEVERAL OF THEM ARE BRED TO KING KORNDYKE SADIE KEYES.

> G. Sire. . King Segis DeKol Korndyke, Sire of Mable Segis Korndyke Milk, 640. Butter, 40.32.

Sadie Cornucopia Mignone, 33.36 lbs.

Market Review and Forecast

ORONTO, Aug. 28. — Canada's ag-gregate trade for the 12 months end-ing with May 1516, reached the emous total of \$1,562,320,512. This is increase of nearly half a hillion over a of the year 1913, and is due largely the increased exports in all clauses of da. The effect of the war is very evi-t in these flagres.
