

Have Restored Thousands of Canadian Women to Health and Strength.

There is no need for so many women to suffer pain and weakness, nervousness, sleeplessness, anemia, faint and dizzy spells and the numerous troubles which render the life of woman a round of sickness and suffering.

Young girls budding into womanhood, who suffer with pains and headaches, and whose face is pale and the blood watery, will find Milburn's Heart and Nerve Pills help them greatly during this period.

Women at the change of life, who are nervous, subject to hot flashes, feeling of pins and needles, palpitation of the heart, etc., are tired over the trying time of their life by the use of this wonderful remedy.

It has a wonderful effect on a woman's system, makes pains and aches vanish, brings color to the pale cheek and sparkle to the eye.

They build up the system, renew lost vitality, improve the appetite, make rich, red blood and dispel that weak, tired, listless, no-ambition feeling.

We want you to remember that HOLSTEIN COWS

owned by me (formerly at Brookbank Stock Farm, Ontario) won all sorts of honors in milk tests at Toronto, Ottawa and Guelph (5 years), and among many other prizes in the show-ring, including sweepstakes at Toronto and Pan-American in competition with the best in the world. Our herd is always improving. We have now 5 cows whose official test average 22.4 lbs. butter in 7 days, 10 cows whose official test average 20.4 lbs. butter in 7 days, 15 (3 yrs. and up) whose official test average 19.0 lbs. butter in 7 days, 10 (3 and 4 yrs.) whose official test average 17 lbs. butter in 7 days, 10 heifers (average age 26 mos.) whose official test average 11 lbs. butter in 7 days. That is our idea of a dairy herd, and the kind of stock I handle. A few good young bulls, 1 to 18 mos., for sale.

GOSSIP.

This suggestion to owners of cribbing or wind-sucking horses appeared in the Live-stock World: Nail a rough sheep-skin about eight inches wide the length of the manger, with the rough, woolly side out, and sprinkle it thoroughly with cayenne pepper, renewing it occasionally. It wouldn't cost much to try anyway.

Parties thinking of the new Province of Alberta as a field for securing cheap farming land of the best quality should look up the advertisement in this paper by the Edmonton Board of Trade. A letter or post card to the secretary will bring information that may be helpful to the enquirer. The prospects for farming in that district are bright with promise, and thousands of Eastern men are doing well there.

Volume II. of the South Devon Flock-book has, through the courtesy of the secretary and editor, been received at this office. It is a substantial and handsomely-bound volume of 155 pages, containing pedigrees of rams numbering from 906 to 1,672, and a register of flocks with their history, numbering from 1 to 182, also the constitution and by-laws of the Society, and a list of its members, numbering over 200, showing that the breed is a popular one in Great Britain, while demand for them for export to the colonies is steadily increasing. The address of the Secretary of the Association is Mr. W. W. Chapman, Room 4, Mowbray House, Norfolk Street, Strand, London, England.

That there is a steady demand for wool is shown in the cabled announcement from London about wool sales, in which it is stated that wool reshipped from Boston was sold at an advance, which indicates that wool is needed by the manufacturers very much just now, especially by the English manufacturers who are now making a large amount of blankets and woollen clothing for the Japanese for use in Manchuria. "It is a sort of distribution," said Senator Power, of Montana. "These people shipped the wool to Boston in anticipation of selling it, and then as the London market opened and the demand became evident reshipped it to England at a good profit. It is a sort of a distribution of wool supply that means wool is in no little demand."

CLYDESDALES AT THE HIGHLAND.

The display of Clydesdales at the Highland and Agricultural Society's Show at Glasgow, the first week in July, has seldom been equalled. In a large class of aged horses, Mr. W. S. Park was first with Royal Chattan, who was also awarded the male championship; Mr. Wm. Dunlop's Baron of Buchlyvie was second; Mr. Geo. Alston's Revalanto was third, and Messrs. Montgomery's Acme, fourth. In three-year-old stallions, Mr. Kilpatrick's Perpetual Motion, by Hiawatha, was first; Montgomery's Silver Crest, by Acme, was second, and Mr. Wm. Clark's Dunure, by Sylvander, was third; the fourth and fifth were sons of Hiawatha. In two-year-olds, Messrs. Montgomery's Baron Fyvie, the champion of the Royal, was first. Mr. Wm. Clark's Dunnydeer, a son of Sir Hugo, was second, and Allandale, by the same sire, was third. In yearling colts, a son of Baron's Pride was first; a son of Baronson was second, and the third was by Baron of Brichlyvie. In the brood mare class, Jas. Boyd's Topsy Pride, by Baron's Pride, led, followed by Mr. S. Mitchell's Royal Ruby as second, and Mr. J. E. Kerr's Chester Princess as third. In three-year-old fillies, Mr. Jas. Gray's Lady Madge, by Balmedie Queen's Guard, was an outstanding winner; next came Mr. Robt. Chapman's Winsome Baroness, by Baron's Pride, and Sir J. Gilmour's Montrave Rosalind was third. The two-year-old class was led by Mr. Wm. Park's Rosadora by Marmion, who was also female champion; Mr. J. E. Kerr's Veronique, by Montrave Ronald, was a strong second, and the third was Mr. Stephen Mitchell's 250-guinea purchase, Beatrice, by Baron's Pride. In the yearling class, two daughters of Baron's Pride stood first and second, and the third was by Royal Baron, the fourth by Baron's Pride, and the fifth by Baron of Buchlyvie.
