

MARITIME PROVINCES.

"It is gratifying to note that the Maritime Provinces are in a most satisfactory financial position. The cry of 'hard times' has no foundation, in fact, so far as it applies to these provinces, and especially to the Province of Nova Scotia and Prince Edward Island. The statement can fairly be made that these provinces have never before been in so good a position financially, and it is with good reason that we look forward with confidence to the year 1908."—F. B. McCurdy, broker, Halifax.

ALL-RED ROUTE.

"To a large number of persons the most serious objection to the scheme will appear to be its probable prejudicial effect upon existing enterprises, financed by private capitalists. Unless, therefore, the scheme provides adequate compensation to interests likely to be injured by State-aided competition, it cannot claim general support as an equitable arrangement, however admirable it may appear from an Imperial standpoint."—Londonancier and Bullionist.
