

Seeds

We have advantages as Seedsmen of which we wish to tell the public. Thirty years experience as PRACTICAL MARKET GARDENERS AND FLORISTS, gives us such knowledge as to enable us to judge not only what are the best kinds for Fruit, Flower or Vegetable crops (whether for Private or Commercial Gardening), but also to thoroughly test the quality of all Seeds and Plants. Our Greenhouses and Frames in Jersey City, are the largest in America, covering upwards of four acres, solid in glass, employing an average of seventy men throughout the year.

We send our Illustrated Catalogue of "Everything for the Garden," on application FREE.

THE GREAT SECRET

Of the wonderful success of the

WILLIAMS SINGER SEWING MACHINES

lies in the fact that the material used in their construction is of a very Superior Quality, and that extraordinary pains are taken to see that every part is properly fitted and adjusted to its position.

Ladies who have used our Machines for fourteen or fifteen years have noticed with extreme satisfaction that they have not been subjected to the irritating annoyances endured by persons using other machines, such as skipping stitches, breaking threads, etc., etc.

The Williams Machines do not take fits or get out of order, or become played out in three or four years like some inferior machines, but with ordinary care will last a lifetime. Thousands of parties who have used our Machines for ten years and upwards are continually recommending their friends and acquaintances to buy the Genuine Williams Singer, and to take no other Sewing Machine.
