PEERLESS PERFECTION

In all that represents strength, character, real worth, permanency and the elements which builder and buyer recognize as the stamp of honest accomplishment,

The Peerless Perfection Fencing

stands every test. Made by the open hearth process, all the impurities are burned out of the metal, thus removing one of the greatest causes of rust. The wire is also galvanized so thoroughly that it will not flake, chip or peel off. Every intersection of the wires in our farm and poultry fence is locked together with our Peerless lock. While these locks

hold the wires securely together, yet this fence can be readily adjusted and perfectly stretched over uneven ground. It's easily erected and on account of heavy, stiff stays used, few posts are required.

PEERLESS Perfection Poultry Fence

is true to its name, a perfect fence strong enough to keep strong animals out and close enough to keep even small poultry in. Every Peerless Fence is guaranteed against sag, rust or break and we stand back of your dealer unconditionally.

PEERLESS Ornamental Fencing

for lawns, parks, cemeteries, etc., are handsome. Also lawn borders, flower bed guards, trellises, etc.

Send for Catalog and get familiar with the best, cheap ornamental and serviceable fencing to be had in the Dominion. Throughout Canada, Peerless Perfection stands as the symbol of quality.

Economical Tubes That Cost More

The economy of a tube is not to be measured by its price. Nor can it be judged alone by the length of time the tube serves you. A tube's sole purpose is to hold air, and to hold it continuously. But upon its efficiency in performing this duty depends not so much the life of the tube, but the life of the casing.

For the commonest enemy of tires is under inflation.

And slow leaks are the deadly cause of under-inflation!

Deadly because inconspicuous and insidious.

For this reason a good tube is as important as a good casing. Without good tubes, good casings are of little avail.

A Goodyear Tube is as important as a Goodyear Tire.

They are Laminated Tubes. They are built up thick, layer on layer, of pure, tissue-thin rubber. It is this thinness that enables us to make the rubber clean and flawless.

So they hold air better, give longer service, save tires.

It is just as easy to say "Goodyears" when you buy tubes. It is much more economical.

Goodyear Tubes, along with Goodyear Tires and Tire-Saver Accessories are easy to get from Goodyear Service Station Dealers everywhere.
