

## TO YOUNG WOMEN

A Denver, Colorado, Young Woman recently Wrote a Letter to Mrs. Pinkham, which Aptly Pictures the Condition of a Great Many Young Women. Read What She Says:

"DEAR MRS. PINKHAM:—This is the first opportunity I have found to write and thank you for the good your Vegetable Compound has done me. I feel better than I have for years. It seems a 'seven days' wonder' to my friends. Where I used to be pitted, everything is the opposite now, and there is not a day but some one wants to know what I have done to make myself look so well."

"Before taking Lydia E. Pinkham's Vegetable Compound I had constant headaches, was constipated, bloated, eyes weak and watery, bearing-down pains, pains in the small of my back and right side; took cold very easily, which always caused intense pain in the ovaries, and I did not want to go anywhere or see any one. I was called cross, but I could not help it. feeling as I did. I could not lift anything or do any hard work without suffering for days afterwards. Menstruation lasted for eight or ten days, the first three or four days being almost constant pain day and night."

Nothing in this wide world has relieved so much female suffering as has Lydia E. Pinkham's Vegetable Compound; no medicine can produce such positive proof of cures and good results; therefore, no other medicine can be "just as good."

Office women are frequently afflicted with sickness brought on by constant work in one position. Perhaps in going to the office, they get their feet wet and sit all day long with damp shoes and stockings.

Nothing in the world is so injurious. Wet feet, hard work, and confined positions have made invalids of a great many robust and ambitious young women.

A Richmond Girl's Experience.

"DEAR MRS. PINKHAM:—I have just purchased a bottle of Lydia E. Pinkham's Vegetable Compound but am advised to write you before trying it."

"I hardly know how to express myself. At times I feel well, and in less than ten minutes I am actually writhed with headache, and tired feeling, and so nervous that the sound of a door bell will make me start. I cannot walk two blocks without feeling fatigued. Menstruation has never been regular, have a slight discharge of leucorrhoea. I would like your advice, and sincerely hope I may find relief in your medicine."—Miss CLARA FORTWELL, Richmond, Va. (Oct. 26, 1921.)

### Statement No. 2.

"DEAR MRS. PINKHAM:—It gives me great pleasure to thank you for the benefit I received from your Vegetable Compound."

"When I wrote to you I could not go upstairs or walk a hundred yards without being completely fatigued out, but to-day I can easily walk two miles. I was also very nervous and suffered from a misery in my back but these troubles are all a thing of the past. I was at a loss to describe my feelings, but now thanks to your Vegetable Compound I am a well woman."

"I advise all suffering women to write to Mrs. Pinkham, and I shall never fail to recommend your remedies to my friends."—Miss CLARA FORTWELL, Richmond, Va. (March 26, 1921.)

### Miss Thompson's Pains are Cured.

"DEAR MRS. PINKHAM:—I want to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. For several years I had suffered with loss of appetite, nausea, vomiting, constipation, palpitation of the heart, headache, pains in nearly all parts of the body. My physician said it was indigestion, but his medicine did not help me any. I began the use of your Vegetable Compound. I have taken four bottles and now those troubles are cured. I cannot praise it enough."—Miss BELLE S. THOMPSON, Box 14, Acushnet, Mass.

**\$5000** REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

He told her I should kiss her every time she giggled.  
She—What was the result?  
Why, she giggled the whole evening.

### Pain in the Back

makes life miserable. Can it be cured? Yes, in one night. Polson's Nervine gives a complete knockout to pain in the back, for it penetrates through the tissues, takes out the soreness and pain, invigorates tired muscles, and makes you feel like a new man. Nervine cures quickly because it is stronger, more penetrating, more highly pain-killing than any other remedy. Don't suffer another minute, get Nervine quick, and rub it in, for sure as you were born it will cure you. 25c.

You mustn't associate with chickens, said Mother Duck to her ducklings. Why not, mamma? Because they are not in the swim.

### A True Brain Food

must replace the feeling of lassitude and mental tiredness by clearness and strength of mind. Not that it goes directly to the brain, that were foolish. The true brain food must be carried by rich, red blood. If mental fatigue worries and alarms you, look not to the brain but the stomach and assimilative organs. No remedy yet discovered possesses the marvelous brain strengthening power that Ferrozone has demonstrated in thousands of cases. Ferrozone does not stimulate the brain into a feverish glow, but by improving digestion, strengthening the nervous system, stimulating assimilation, giving new strength to the heart, it sends a stream of red vitalizing blood to the brain. This is a true brain food. Ferrozone is sold by McCall & Co.

Don't hit a man when he is down unless you are sure he can't get up again.

"DRINK GRANO, CEREAL COFFEE."

A kind thought is like a blossom. It always has the potential fruit of a good at its heart.

—Humors of all kinds are prolific of worse troubles. They may be entirely expelled by a thorough course of Hood's Sarsaparilla.

### CLIMATE OF THE YUKON.

Weather Report Based on Scientific Observations of Seven Years.

So many conflicting statements as to the severity of the climate of Dawson City and the Yukon have been in circulation during the past few years that a true statement of it will doubtless be of interest. Such a statement has been prepared by the Weather Bureau and is based on nearly as scientific observations can make it.

The statement is as follows: A somewhat broken series of observations at Dawson and various other places in Yukon Territory between 1895 and 1898 and a continuous series at Dawson during the past three years, afford data for estimating with a fair degree of accuracy the average climatic conditions of the Klondike.

The average annual mean temperature is about 22 degrees; the mean of the three summer months is about 57 degrees; the mean of the three winter months is 16 degrees below zero, with January 23 degrees below zero. Spring may be said to be open towards the end of April, the last severe winter the winter usually occurring about the 5th of this month. May, with an average temperature of 44 degrees, is by no means an unpleasant month, and the 23rd is the average date of the last frost of spring. Daily observations during five summers indicate that on the average the temperature rises to 70 degrees or higher on 46 days, and to 80 degrees on 14 days; 90 degrees was recorded in Dawson in June, 1899, and 95 degrees in July of the same year. These temperatures, with much bright sunshine and an absence of frost during three months together with the long days of a latitude within a few degrees of the Arctic Circle amply account for the success so far achieved by market gardeners near Dawson in growing a large variety of garden produce including lettuce, radish, cabbage, cauliflower and potatoes. The winter of 1900-1901 was the coldest on record, with a minimum of 60 degrees below zero on 21 days, to 50 degrees below zero or lower on 7 days, and to 69 degrees below zero on two days. In January, 1896, 65 degrees below zero was registered at Fort Constant, 22.5 degrees below zero at Dawson, and in January, 1901, 68 degrees below zero was recorded at Dawson.

Observations of rain and snow have until the close of last summer been very fragmentary, but it is probable that the summer rainfall near Dawson is usually between seven and nine inches, and that the total snowfall of the autumn and winter is between 50 and 60 inches. Dawson being situated near the river with high hills or mountains on all sides, is well protected from the winds and a few of the neighboring country is the long periods of calm weather which occur.

### A Forgotten Friend of Canada.

On April 9, 1841, died Dr. J. C. Col. Joseph Douchette, the able topographer who indicated what should have been the line of the Maine boundary. Born in Canada in 1774, he was the son of the naval officer who had been captured by the British and made the perilous trip from Montreal to Quebec during Montgomery's invasion. At a very early age he entered the office of his uncle, the Surveyor General of the Province, and then he entered the Provincial navy and served for some years as a naval officer. Next he joined a Provincial military corps, and finally, in 1804, he became Surveyor-General of the Province. During the war of 1812 he rendered valuable services, some of his reconnoissances being particularly daring and successful. In August, 1814, he sailed for England to superintend the publication of his topographical and geographical exhibit and description of Canada. While he was in England he was nominated Surveyor-General, under the treaty of Ghent, to establish the boundary between the British possessions and the United States. His work in ascertaining the position of the several ridges of highlands stretching westward from the exploring line, which he laid out due north from the mouth of the St. Croix River, was most arduous and was highly commended by the commissioners under the treaty. The line, which he indicated as the correct boundary, has long been known to have been the true one; the dishonest means by which the boundary was advanced to within a few miles of the St. Lawrence are well known. Later in life, in 1831, he published "The British Dominion in North America," a statistical report of Lower Canada, enriched with excellent maps.

### Setting the Judge Right.

A middle-aged judge was in the police court at Harrisburg recently on a charge of larceny, chickens being the articles of value he was accused of purloining. When placed on the stand the judge said: "You are the defendant, are you not?" "No, sir," replied Sam. "Then, who is the defendant?" "Then, who is the defendant, and who are you?" "Dat's de defendant," said Sam, pointing to his secretary. The gentleman dat stole de chickens," Canadian Law Review.

## Bent Double With Backache

A SEVERE CASE OF BACKACHE, URINARY TROUBLE, DIZZINESS AND HEADACHE, WHICH DR. PITCHER'S BACKACHE KIDNEY TABLETS CURED COMPLETELY.

Another Lindsay Gentleman Who Has Reason to Thank Dr. Pitcher for His Splendid Remedy.

Not long ago we published in this paper an account of the remarkable recovery of Mr. Jas. Murdoch, of Lindsay, Ont., who was cured of a very severe attack of kidney and bladder trouble by Dr. Pitcher's Backache Kidney Tablets, after two prominent Lindsay doctors were unable to help him.

It was through hearing of Mr. Murdoch's case that Mr. George Duke, a well-known and highly respectable Lindsay young man, in the employ of Mr. W. S. Braund, of that town, to try Dr. Pitcher's remedy for the distressing backache and kidney complaints with which he was afflicted, and for which he could find no relief in ordinary treatment.

What Mr. Duke Says: I feel it my duty to add my few words in praise of a remedy that has such merit as Dr. Pitcher's Backache Kidney Tablets.

"For some months I had been troubled with severe pain in the back and at times that I was bent nearly double, and the urine was scanty and of a high color. In addition to this, I was troubled with headache, dizziness and a general feeling of sickness. In the region of the kidneys there was considerable tenderness, and I could not bear to be touched on account of the pain. I noticed in the papers a testimonial of Mr. Jas. Murdoch, of Lindsay, and made up my mind to try the tablets. I am thankful I did. They worked wonders. They gave me relief and helped me after the first half box, and when I had used them a time I was completely cured. I am feeling splendid now—not a pain or ache. Dr. Pitcher's Backache Kidney Tablets positively cured me, and I am glad to have this opportunity of telling what the tablets have done for me."

(Signed) "GEO. DUKE." Mr. Braund's Confirmation. "I feel it my duty to say that Mr. George Duke is a clerk in my employ, and was for a time in the condition above stated by himself."

"I noticed that he has been taking Dr. Pitcher's Backache Kidney Tablets, and that he is now well and working every day. He says he was cured by those tablets and I believe him."

(Signed) "W. S. BRAUND." Dr. Pitcher's Backache Kidney Tablets are entirely different from the common kidney pills you hear about. They are prepared by the eminent kidney specialist, Dr. Zina Pitcher, and are the newest and most up-to-date treatment for backache, lame or weak back, swelling of the feet and legs, bloating and dropsical conditions, pain or distress in urination, sediment in the urine, too frequent calls during day or night, rheumatism, dragging pain in the loins, mist before the eyes, persistent headaches, dizzy spells, kidney troubles of women, kidney weakness of children and old people, and all forms of kidney, bladder and urinary difficulties. Price fifty cents a bottle, or three bottles for \$1.25, at all druggists, or sent by mail. The Dr. Zina Pitcher Company, Toronto, Ont.

Greatness is not as much ability to plan masterpieces as in persistency in pursuing them.

"DRINK GRANO, CEREAL COFFEE."

Some people are so unfeeling that they never feel their own insignificance.

"DRINK GRANO, CEREAL COFFEE."

The oculist knows that experience is the best teacher where pupils are concerned.

"DRINK GRANO, CEREAL COFFEE."

Somewhat, the narrow-minded people are often those who have the big heads.

"DRINK GRANO, CEREAL COFFEE."

Discretion is an old-fashioned virtue, perhaps, but it has made many women beloved and many men successful.

"DRINK GRANO, CEREAL COFFEE."

The only advice worth taking is the kind you pay for.

Minard's Liniment for Sale Everywhere.

## District Dashes

Mrs. Donald Cameron, of Chatham, is the guest of Mrs. J. S. Laird this week.—Blenheim News.

On June 11th at 12 o'clock, noon, a happy event took place at the residence of Hiram Willson, Florence, it being the marriage of his eldest daughter, Maude Louise, to Walter P. McCarty, of the same place.—Ridgeway Dominion.

County Constable Geo. Peters, last Saturday received the \$100 reward offered by the Wallaceburg Sugar Company for the arrest and conviction of the men who had the trouble with the Belgians some weeks ago. He arrested nine and five were convicted.—Dresden Standard.

Allen S. Bond, son of Rev. S. Bond, formerly a student in the office of Willson, Kerr & Phipps of Chatham, has passed his second intermediate examination at Osgoode Hall. Mr. Bond is at present a student in the office of McLaren, McDonald, Shepley and Middleton.—Dresden Standard.

Announcement is made that a Chinaman from Chatham is coming to town and will start up a laundry in the old Moore bakery shop about the end of the month. A Chinese laundry is not a new thing in Blenheim, but Blenheim citizens seem to prefer giving their work to Canadians.—Blenheim News.

Messrs. Rankin and Wilson, the latest firm to be added to Wallaceburg's list of business men, held a very successful opening on Saturday last. The store was thronged all day by delighted buyers and visitors, each of whom was surprised at the up-to-date stock shown. Music was furnished by a talented quartet. The store itself is one of the most modern in the west.—Wallaceburg Herald-Record.

The funeral of Jeremiah Lewis, who died Saturday at his residence, River Road, Harwich, at the age of 71 years and nine months, took place on Monday afternoon, at two o'clock, at Bethel cemetery. Mr. Lewis was a well known Kent resident and the remains were followed by a very large number of friends and relatives. Mrs. Lewis mourns the loss of a loving husband.—Blenheim News.

A MISTAKE. The people of Wallaceburg were greatly surprised a week or so ago to learn that Mrs. Thomas O'Mara, of Dover, was charged with stealing about \$55 from Mr. D. MacKenzie, of Wallaceburg. To those who knew Mrs. O'Mara it was evident that a most distressing blunder had been made.

The case came up for trial before Mr. McDougall, Esq., Police Magistrate, on Tuesday, June 17, at 10.30 a. m. Mr. E. Bell, of Chatham, appeared for the Crown and the defence. Before the evidence for the prosecution was all in it became very clear that Mrs. O'Mara was entirely innocent of the charge and the private prosecutor very frankly expressed his regret that he had laid the information and he was convinced that Mrs. O'Mara knew nothing of the loss of the money, and that in fact she could not have taken it. Mrs. O'Mara's many friends are jubilant on account of her ample acquittal.—Wallaceburg Herald-Record.

To Broil Bacon. Broiled bacon is a dish which in few households deserves the adjective, because it is seldom broiled, the fat is fried out of it and again soaked into it by long sputtering in a spider full of grease.

The only way to cook bacon—both for the matter of appearance and for digestive qualities—is to broil it, not over a bed of coals, it is too fat for that, but in a very hot oven. Cut the bacon in the most delicately thin slices possible, rejecting the rind. Lay the pieces close together in a fine wire broiler. Place it over a dripping pan and set in a hot oven. It requires to be turned just once. The fat which falls into the pan makes excellent drippings for frying potatoes.

Drain the bacon on brown paper. If you wish to serve calf's liver with this, sprinkle the liver with pepper and salt, roll it in flour and fry brown in the bacon drippings. Serve with a curled morsel of bacon on top of each plate of liver. Bacon as served by the average cook, well soaked in grease, is the most indigestible of food; when broiled crisp in the oven, it is a dish that may be served even for a child of two years with impunity. Among all the fats delicately crisped bacon ranks next to cream in ease of digestion.

Indian Prayer Sticks. Those acquainted with Indian customs know of the prominence that feathers hold in the religious and social ceremonies of the red men. Particularly among the Navajos and Pueblos are the plume emblems believed to have the utmost efficacy for good or bad.

All about any Pueblo town may be seen carefully whittled sticks, each with a tuft of downy feathers, generally white ones, bound at the top of it. They are prayer sticks and are quite as curious as the prayer wheels of Burma and the paper prayers of the Chinese. The feathers, stick and manner of tying the feathers vary according to the nature of the prayer. The Indian who wishes to ask a favor of the "Great Spirit" prepares his feather prayer with great secrecy. Then, taking it to a proper spot, he prays to those above, and planting his stick leaves it to continue his petition.

## FOR YOUNG WOMEN

Honest Words of Advice From one who Knows.

Algonia Young Lady Speaks Strong Plain Counsel to her Suffering Sisters—Tells Them Her Own Experience as Proof.

Blind River, Ont., June 20.—(Special)—Anyone who might to-day see Miss Emily Liddell of this place for the first time would find it hard to believe that only a few months ago she was an invalid.

Miss Liddell suffered with Female Weakness and Backache and for months was so ill as to be unable to attend to her household duties, the slightest task being too much for her in her weakened condition.

She was terribly run down, and nothing seemed to do her any good or afford her the slightest relief till she tried Dodd's Kidney Pills. From the very beginning they seemed to help her, and although at first the improvement was slow she preserved and gradually grew stronger, till to-day she is in better health than she has ever known before.

Miss Liddell is very grateful for her remarkable deliverance, and strongly recommends Dodd's Kidney Pills to all her lady acquaintances who need help. She has given for publication a very strong letter of recommendation in which she says:

"I would most heartily and conscientiously advise all young women troubled with Female Weakness in any form, to try the remedy that cured me after everything else had failed, and that remedy is Dodd's Kidney Pills."

"For months at a time I was so low and weak that I found it impossible to attend to my household duties, my back used to ache something dreadful. Now I feel strong and better than I ever did, and Dodd's Kidney Pills did it all. They are worth their weight in gold to any young woman suffering as I used to suffer."

"They built me up wonderfully and I cannot speak too highly of Dodd's Kidney Pills as a medicine for sick women."

Some Famous Famines. In A.D. 450 famine prevailed all over the south of Europe, raging worst in Italy, where parents ate their children, and in 739 England, Scotland and Wales were ravaged, also in 823, when thousands starved, and in 954, when the crops failed for four successive years. In 1315, a great famine raged through all Europe and again from 1193 to 1195, when crop failures caused terrible suffering. In England and France the people ate the dead dogs and cats, and many cases of cannibalism were recorded.

## Hot Weather Breakfasts

Malt Breakfast Food IS RECOMMENDED BY THE BEST PHYSICIANS.

It Does Not Heat the Blood or Hamper Digestion.

Heavy, rich and starchy foods cause digestive disturbances and stomach derangements in hot weather. Delicious Malt Breakfast Food, a concentrated and nourishing breakfast cereal food is easily digested, soothes the irritated and inflamed stomach, and keeps the blood cool and pure in the hot weather. This most delicious of grain foods is sold by all grocers.

Truth is the golden chain which links the terrestrial with the celestial which sets the seal of heaven on the things of this earth and stamps them with immortality.

"Cleanliness is next to godliness." Dirt and depravity go hand in hand. This is just as true of the inside of the body as the outside. Constipation clogs the body and clogs the mind. Constipation means that corruption is breeding in the body, poisoning the blood with its foul emanations, belonging the brain with its tainted exhalations. Constipation is the beginning of more diseases than perhaps any other single disorder. The consequences of constipation are legion. Headache, pain in the side, shortness of breath, undue fullness after eating, coldness of the extremities, nervousness, indigestion, lassitude, dizziness, sallowness, flatulence, and a score of other ailments are directly caused by constipation. Cure constipation and you cure its consequences. The quickest cure of this evil is obtained by the use of Dr. Pierce's Pleasant Pellets. They are small in size but wonderful in result. They cure permanently. They contain no injurious ingredients. The use of them does not bog the "pill habit." Ask your druggist for them.

Send 31 one-cent stamps, the expense of mailing and customs, and receive Dr. Pierce's Common Sense Medical Adviser, in paper covers. This work contains 1008 pages and 700 illustrations. For 50 stamps it can be had in substantial cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Kneeler—Do you practice at ping-pong?

Rocky—Yes; I open a soft boiled egg for breakfast every morning.

WIRE WOUNDS. My mate, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until, after three weeks, the sores have healed, and best of all, the hair is growing well, and is not white, as is most always the case in horse wounds.

F. M. DOUCET.
