WOLFVILLE, N. S., JUNE 8, 1888
Local and Provincial.

WORMS! Worms!!—A big stock of London Purple at B. G. Bishop's.

OUR AGAIN.—We are glad to see that Conductor Edwards is able to be on his train again.

APPOINTMENT.—Mr E. A. Davison, of Gaspe, has been appointed deputy master of marriage licences.

NO TIME-TABLE.—The summer time-table of the W. & A. R. will not go into effect till about the 18th inst.

MASONIC.—The Grand Lodge of Free Masons has been in session at Halifax this week. J. B. Davison Esq. attended as delegate from St George's Lodge.

AN M. A.—At the recent convocation of Mount Allison the degree of M. A. was conferred on Rev. D. W. Johnson, of Lower Horton. The Rev. gentleman has our congratulations.

GOOD.—The *Western Chronicle* says:—"The *New Star* refers to the *ACADIAN* as 'a juvenile.' This is like the street arab who calls his elders 'sonny.' A very good comparison.

BUILDING.—C. S. Hamilton, Esq., of New Haven, Conn., having erected for him a residence in Wolfville on the lot between the residence of Messrs W. C. Archibald and Charles Fitch. Mr Patterson, of Canning, is the master builder.

RECOVERING.—We are pleased to know that Mr Wm Stewart, Esq., of Grand Pre, who has been ill for some time, is now able to drive out. Mr S. B. Sheffield's Mills. We are glad to hear that he is now recovering.

CANON BROOK.—Our Wolfville readers will be pleased to learn that Canon Brock is expected to conduct the services for St. John's church again this summer for a few weeks beginning about the first of July. The Canon's excellent sermons were much enjoyed last summer.

FIRE.—About 2:30 o'clock Thursday morning the house and outbuildings at Walbrook owned by Captain Gormley and tenanted by J. W. Fuller were totally destroyed by fire. Nearly all the furniture and farming implements were destroyed. The loss is partially covered by insurance.

AMERICAN HOUSE.—Mr John Harris is making quite an extensive addition and improvement to his house so as to afford greater accommodation for the increasing number of tourists and other visitors who spend part of each summer in Wolfville. Mr D. A. Munro has the work in hand and it is to be completed in a few weeks.

JOURNALISTIC.—We are in receipt of the first number of the *Tablet*, a small monthly journal printed in the interests of the First Baptist Church, of Halifax. It is neatly gotten up and filled with interesting matter. The pastor, Rev. W. H. Cline, is the editor; and Messrs A. W. Hoare and H. L. Beckwith, both well known here, the business managers.

Big clearance sale of Roompaper at Rockwell's; don't miss it.

BASE BALL.—A sufficient amount having been subscribed, a number of the gentlemen of Wolfville met on Thursday evening last and organized "The Wolfville Base Ball Club." The following were elected officers:—

G. H. Wallace—President.
J. W. Caldwell—Vice do.
O. D. Harris—2d Vice do.
Geo. W. Munro—Sec. Treas.
E. W. Sawyer—Captain.
Chas. Patrinquin—Ex. Com.

The necessary outfit has been procured and the club will no doubt be a success. Some interesting matches will probably be had during the summer.

B. G. Bishop sells West's Standard Dressing for Buggy Tops. Best thing going.

HONORS ABOARD.—The May number of the *Thiendiana*, a college journal published at Thiel College, Greenville, Pa., is laid at Thiel College, Greenville, Pa., to hand, from which we learn that Mr Charles Fritze, a former Wolfville boy, now attending Thiel, has been elected its editor-in-chief for the ensuing year, and also president of the "Chrestomathes Society of the same college. In a report of an entertainment recently given by this society the Greenville *Press* says: "C. J. Fritze is an able writer. His lecture on 'Stars' was happily conceived and his numerous hits repeatedly convulsed the audience with laughter." Mr Fritze's many old friends in Wolfville will be pleased to learn of his success.

ACADIA VILLA SEMINARY.—The examination and closing exercises of Acadia Villa Seminary, Lower Horton, took place on Friday, May 25th, and were of unusual interest. The exercises began at 9 a. m. and concluded at 5 p. m. and reflected great credit on the Principal and pupils alike. Miss Ida Jones, of this place, the teacher of French and Music, is to be congratulated in the progress made by the pupils in these branches of study. Good work is being done at this school, which in the twenty years of its history has helped to educate many of our most successful men. Long may it prosper!

B. G. Bishop sells mixed paints at \$1.40 per gallon, the best in the market and in all shades.

Church Street Items.

For the past few weeks the farmers have been very busy. On account of the late spring work is in a great hurry. Besides the late spring large lots of fruit trees have been set out, which means a considerable amount of extra work. Such a boom in fruit trees has never been known here before. There is hardly a farm in the street but has added to its old orchard a new one. Some have set 18 or 20 acres. The Nova Scotia nursery, T. E. Smith proprietor, employs from seven to ten or more men and is hardly able to fill all orders.

News worthy of mentioning is very scarce. The latest is that the old-fashioned moorads are quite prevalent about here.

We are glad to notice that the people are going in more largely every year for stock raising. Calves and colts are very plentiful and several are pushing the poultry business. Had we hens like one which James W. Masters has and eggs were sold by weight we might make quite an amount of money at it. Eggs from one hen in one week six eggs four of which weighed 1 1/4 lb, the largest weighing 6 oz. and measuring 6 1/2 inches in circumference.

B. G. Bishop sells Greenhead lime at \$1.50 per caulk.

A Worthy Undertaking.

On Saturday last, the first instalment of Ontario Salmon Trout ever brought to this county for the purpose of stocking our natural waters, arrived by the morning express from the Bedford Hatchery. Some 20,000 of them were given in charge of J. L. Gertridge Esq., of Gaspe, to be placed in the several lakes in this vicinity. Mr Gertridge has for a number of years past been much interested in the matter of fish culture and has been in correspondence with the managers of some of the most important fish hatcheries in the Dominion as well as in the United States, with a view of ascertaining the best kind of fish to plant in our waters. From the information he has received, he is convinced that the trout will mature in our waters equally as well as in Ontario, where it is often caught weighing 30 lb and upwards, and is perhaps the best fish to import for this purpose.

There are a number of lakes of more or less magnitude on the South Mountain some of which are now stocked with native fish while in others, so far as is known, there are no fish found. It is these latter lakes which Mr Gertridge proposes to stock first with these foreign fish; and with this in view placed a portion of his allotment in each of the following lakes, viz.—Sunken, Moosehorn and Little River. Mr Gertridge deserves much credit for the interest he has taken in this very important matter of stocking our lakes and rivers with this valuable fish, having spent a large amount of time and money to accomplish what he has already done. We believe that it is largely through his efforts coupled with those of A. B. Wilnot, Esq., manager of the Bedford Hatchery, that these fish have been placed in our waters, and it is hoped that his most sanguine expectations may be realized.

B. G. Bishop sells only first-class leads such as Brandram's Chemical Pure, and pure Oil.

Obituary.

We regret to record today the demise of one of our most respected citizens Wm H. DeWolf, Esq. He had been in feeble health for some time and passed away at 12:15 p. m. on Wednesday last in his eightieth year. Mr DeWolf was a son of the late Wm H. DeWolf and was born March 10th, 1809, at a farm now occupied by Mr Forsyth, near White Rock Mills. His father subsequently removed to the house (opposite Mr Charles Fitch's) now occupied by Mrs George Thomson. William left home and began farming at Parrabro about 1830. In 1836 he was married to Sarah E., daughter of Luther Lauby, of Amherst. After a year or two he removed to Amherst where he engaged in business for some fifteen years. In 1849, he began business in Liverpool, England, where he remained for four years. In 1855 he came with his family to Wolfville where he continued to reside until his decease. When Mr DeWolf came to Wolfville he bought his late residence, which formerly belonged to his uncle, Elisha DeWolf. He also bought the property formerly owned by his father, who was deceased, and that of his grandfather, the late Judge DeWolf, which is now owned by Mr Haliburton. Mr DeWolf has now living. Of these one son lives in New Orleans and one in Liverpool, England. Of his five daughters one resides in Vancouver, B. C., one in Brandon, Manitoba, a third in London, England, a fourth in Halifax, and another, the eldest in Wolfville. As a citizen Mr DeWolf was universally respected and his kindly face will be greatly missed from among us.

We have to chronicle the sudden death of Mr George Strong, of New Minas, which occurred on Saturday last. Strong had been in rather poor health during the greater part of the winter, but feeling better on Saturday he went into Kennebec, transacted some business and returned to his home. He had occasion to go into an old house in the afternoon which belonged to him, and not being able to open the door, gained access to the house by the cellar-hatch, where he was found on a pile of old brick. He had expired some time before his body was discovered, as no one knew of his intention of going into the old building.

ARTISTIC.—A lively sketch from the hands of an artist is a winter scene on exhibition at G. A. Harvie's, painted by Miss Lizzie Harris. Miss Harris has been teaching in Windsor nearly a year with excellent success, and at the present time has about as many students as she can well attend to who are all making very creditable advancement.— *Tribune.*

A Year's Experience.

After nearly a years use of SIMON'S LINIMENT, I have proved it to be what I supposed at first it was, an excellent Liniment to have about a stable. I have used it in cases of Cuts, Galls, Bruises and Sprains on my horses, and in every case found it to give relief at once, cleansing the cuts and galls so that they healed rapidly, and reducing the soreness in cases of sprains and bruises in a short time. Nothing has presented itself to me that it does not very effectively relieve, and prevents Horse Discomfort. I have also found it of very great service, and in my own family and in the families of my men, in cases for which it is intended to be used.
