THE ACADIAN

WOLFVILLE, N. S., AUG. 28, 1891.

Local and Provincial.

The Methodist Sabbath-school at Lower Horton had their annual picnic at Horton Bluff on Wednesday.

The new vessel being built at Canning by Capt. Baxter will probably be launched the first high tide in September.

Prof. A. E. Caldwell returned home on Tuesday. He has been with the Canadian Geological Survey during the holidays.

Dr. E. P. Bowles has sold his farm to Mr. A. Gunn, of Halifax, whose family has been residing here for the past year or two.

The bridge near the residence of Mr. E. McDonald, Horton Landing, is in an unsafe condition and requires immediate attention.

The public schools of this place resume work again on Monday next, after their seven weeks' holidays. The academy and seminary begin on Wednesday.

Mr. F. J. Porter has handed us the sealed envelope containing the lucky number for his baking powder competition. On opening we find that No. 29 is the lucky one.

Final Notice.

All balances due the late firm of Caldwell, Chambers & Co. not paid or settled for by September 10th will be left for collection.

Anyone wishing to purchase a new moving machine, hay-rake or other agricultural implement will find it to their advantage to communicate with C. F. A. Patterson, at Horton Landing.

The weather during the past week has been the warmest of the season, the mercury going as high as 90 above some days. Those who thought we were going to get clear of any warm weather this season have found their mistake.

Work on the ship railway will be suspended at the end of this week. There is no failure of the contractor or company, as has been reported, but in the present state of the money market the company were not able to float their remaining securities without a sacrifice.

Rev. John Storrs, Vicar of St. Peter's church, Eaton Square, London, will preach in St. John's church, Wolfville, on Sunday morning next, August 30th; and in St. James' church, Kentville, on Sunday evening next. Service at Wolfville at 11 a. m.—at Kentville at seven p. m.

We had a pleasant call on Friday last from Mr. C. L. Power, of Yarmouth, who has been spending a vacation of a few days at his old home at Upper Canada. Mr. Power is a firm friend of the ACADIAN, and has placed its publishers under obligations to him on several occasions. We will not forget him.

The seines on Long and Bute Island have been taking large quantities of small sized mackerel. In some cases the seines were tied up so that the fish might escape, as they were too small for profit. One seine is reported to have taken a hundred bushels in one tide. The seines at Blomidon are also reported taking large quantities.

We had the pleasure on Sunday evening of hearing Rev. Mr. Blackburn, of Lowell, Mass., preach in the Baptist church. The text was in the following words, "Lead me to the Rock that is higher than I." The sermon was earnest and powerful, and was attentively listened to by the congregation. The reverend gentleman also preached in the morning, and attended the Presbyterian church and assisted in the services.

Get Japanese Enamel Paint for art furniture at Walter Brown's. Anyone can apply it.

We notice that the *Chataqua Assembly* held at Aug. 15th gives Mr. H. N. Shaw, B. A., who has been attending the Chataqua School of Physical Culture, special mention for his performance at the final exhibition. This department of the Chataqua Assembly has a splendid reputation, some of the teachers being Dr. Seaver, instructor at Yale University; Dr. Anderson, of the Brooklyn Normal School of Gymnastics; Dr. Ehinger and other physical educators of note. In the examination Dr. Seaver stated that Mr. Shaw has made the greatest improvement in the execution of the prescribed course, and will take the position of director of the gymnasium at the Acadia College, in addition to his present duties as teacher of Education, at the opening of the coming term. We congratulate Mr. Shaw on his success, and the College on securing so competent an instructor.

Local and Provincial.

The Presbyterian Sabbath-school will have their annual picnic to-day at Oak Island if the weather is favorable.

The schooner *Amherst*, Smith master, arrived from Boston on Sunday with general cargo for parties here and Kentville.

Mr. Warren Moore, now at Ottawa, has our thanks for a copy of the evidence in the Tarte-McGivrey case, so far as printed.

Lost.—On the road leading up Gaspeau Mountain, a Sealskin Cape. The finder will be rewarded by leaving at ACADIAN Office.

Ladies clean your Kid Gloves with Mather's Glove Cleaner, for sale only by O. D. Harris. Also a full line of Ladies' and Gent's Kid Gloves in all the most desirable shades, Glasgow House, Wolfville. July 10 1 mo.

Mr. Sleep has rented the store next this office to Mr. E. B. Shaw, of Hantsport, who will start the shoe-making business here. The shop is now being fitted up for him. Mr. Shaw is a good workman and will no doubt do a good business here.

The Sunday-schools of Berwick, Somerset, Windermere and Rockland held a picnic at Avonport on Monday. They passed through Wolfville a special train in the morning, returning in the evening. They appeared a pleasant company, and, no doubt, spent an enjoyable day in spite of the showers of the afternoon.

The popular steamship *State of Indiana* left Halifax Saturday afternoon with 325 passengers for Boston; and the *Carroll* arrived early Monday evening with 270, making a grand total of nearly 600 people carried between the two ports in two days by this line. They now issue a round trip ticket, allowing the holder to return by the Yarmouth line and W. & A. railway for \$12.50.

The ladies' (7) baseball club which has been playing through the Provinces appears to be, from what we hear, about the worst "fake" out. They played at Kentville on Wednesday, and as was announced by their manager, showed the King's county boys "more about baseball than they ever knew before." Besides not being able to play ball they are not a very creditable set, according to what we were told by a gentleman who came from Kentville yesterday morning. Certainly their visit to Kentville was not very much of an honor to the town, or the enterprise which brought them there. Still, if the people wish to be imposed upon by such "frauds" we do not complain.

There has been a great mortality among dogs in this neighborhood during the past few months and canines are getting scarce. If only the cure that infests our streets were gathered in no great harm would be done, but unfortunately some valuable animals have been killed. In all cases poison has been administered, and this in itself is enough to arouse the indignation of well-thinking people against the offenders. The system of spreading poison around promiscuously is a mean and cowardly one, and we would like to see those who are doing it caught and punished as they deserve. A term in the penitentiary is not too severe, as no one is sure what the effect of putting out poison may be. Other animals besides dogs, and even children, may be poisoned. We trust those who are on the track of the offenders may succeed in getting reliable information.

Ice Cream Freezers, Lawn Mowers and other reasonable household hardware at Brown's.

A Peach Orchard.

Mr. C. A. Patriquin, of this place, has one of the finest gardens in this vicinity. He began some six years ago with a piece of rough land, and by careful cultivation has brought it into a very fertile condition and produces a large quantity of fruit and vegetables each year. We had the pleasure a few days ago of taking a stroll through the garden and was greatly pleased with what we saw there. One of the most interesting features of the garden is a number of fine peach trees, just coming into bearing. Mr. Patriquin has about 35 peach trees in a healthy condition, about nine of which had fruit on them this season and yielded 2½ bushels of excellent fruit. They are of the "Early Crawford" variety. This is the largest attempt at peach growing that we know of in this valley and we are glad to see it so successful. If Mr. Patriquin's trees continue to do well his "peach orchard" will soon be a very paying industry.

PRAT & COLLINS,

Wolfville, August 21st, 1891.

Local and Provincial.

A hole in the sidewalk at the residence of Mr. Rupert Wickwire should be attended to at once.

During May, June and July 750,000 dozen of eggs were shipped from Montreal to England.

Mr. F. Harris, of New York, a nephew of J. W. Barnes, Esq., is spending a few days in Wolfville.

Mr. Charles Fitch, of this place, informs us that he cut a stalk of oats in his field which measured 7 feet 2 inches in length. He also counted 171 kernels from one head. A crop like this would be something worth while.

Mr. C. F. A. Patterson, of Horton Landing, has recently procured an excellently bred Jersey bull. He is sired from the Harris stock at Baddeck, C. B., the service of which costs \$100. Anyone wishing the services of this fine animal should communicate with Mr. Patterson.

In our obituary column this week will be found notice of the death of Miss William H. Black, of Halifax. Mrs. Black was formerly well known in Wolfville as Miss Ella Witter, daughter of Mr. H. B. Witter, and her many old friends will be sorry to hear of her early demise. The ACADIAN extends sympathy to the bereaved family.

"Halifaxian."

"Halifaxian" is the name of the drawing room car on the "Flying Buses," the new W. & A. R. fast train. The Halifax *Globe*, expresses regret that the management did not name the car "Halifaxian," and in referring to the general use of the former expression, says: "The *Globe* has always considered this appellation incorrect, much preferring the better sounding and more appropriate term 'Halifaxian,' which is invariably used in these columns. If the name of our city were 'Haligon,' we could understand calling the people 'Haligonians,' but as it is 'Halifax,' we must be 'Halifaxians,' and there is no reason whatever for misnaming us, except the fact that some one made a mistake at first and others are following the example."

The Dominion Illustrated.

The Maritime Provincial penitentiary, at Dorchester, N. B., is described in the last issue of the *Dominion Illustrated*, with a series of fine illustrations reproduced from photographs. St. Anne's most charming summer resort in the vicinity of Montreal, affords two fine pages of illustrations, and there are fine views from St. Ste. Marie and from Rocky Mountain region. Types of Britain's Colonial troops is a fine page, and Milan Cathedral is another beautiful engraving. There are realistic sketches and laughable cartoons, besides brilliant literary features in this charming number.

Canada for August and September.

A Southern dialect story, of absorbing interest, by a Virginia Canadian, will be found complete in the August and September numbers of *Canada*, the new national magazine. The two numbers will be sent to any address post-free for 20 cents in stamps. Poetry and prose by ablest Canadian writers, choice selections and timely departments in every number. Every Canadian family should subscribe for *Canada*. A one dollar bill will pay for it from now until the end of 1892. Address: *Canada*, Benton, New Brunswick.

TENDERS!

Tenders for Court House Grounds and Buildings thereon, or any portions thereof, and for buildings separately. The County Council in April Term 1891, passed the following resolution: "Whereas it is believed that the present site of the said buildings is unsuited for the same and can be sold for a large sum of money. Therefore resolved that an advertisement be inserted in the County papers inviting tenders for the whole of the said lands with the buildings, and for portions of the same with or without the buildings, and for buildings separately."

Tenders for the whole of the above property, or any portion thereof, with or without buildings, or for buildings separately, as per above resolution, will be received at this office until November 30th, 1891, exclusive, envelopes to be marked "Tenders for County Grounds." The Council reserve the right to accept or reject any tender or all of the tenders. By Order,
L. DRY CHAPMAN,
County Clerk.
