For Newfoundland, every Monday, at 12 o'clock, noon.

For England, Bermuda, and the West Indies, every alternate Monday, at 12 o'clock, noon, viz:

Monday, April 22; May 13, 27; June 10, 24; July 8, 22; August 5, 19; September 2, 16, 30; October 14, 28; November 11, 25.

Agents for the "Protestant."

Rev Henry Crawford, St. Peter's
Rev Robert S. Patterson, Bedeque
Mr Aitken, Georgetown
D. C. Ramsay, Port Hill
William Rogerson, Crapaud
James Bourke, Esq., Princetown
Daniel Fraser, Esq., Bethel
George McKay, Esq., Campbellton, N. L.
Charles A. Crosby, Park Corner
Patrick Brown, Summerside
John McMillan, Esq., Woodville,
Rev Allan Fraser, Cascumpec.
Rev Alexander Munro, Brown's Creek
Henry Bruhaut Esq. Murray Harbor
Rev. Donald Morrison, Strathalbyn
Donald Campbell, Lot 16.

Farm and Garden.

When to Apply Lime.—A Chester Co., Pa., correspondent of the Germantown *Telegraph* says his method is to apply lime to the grass during the fall or spring, after the wheat is taken off, at the rate of one hundred bushels of air or water slaked lime per acre. He generally commences spreading about the end of October or beginning of November, when he has time. He usually limes one field every year, and as the farm is laid off into eleven fields, all the land receives a dressing of lime every eleven years. He seems to be of the opinion that it would be better to apply it oftener and in smaller doses, but offers no facts in favor of this view.

Ears of the Horse.—It is a good sign for a horse to carry one ear forward and the other backward when on a journey, because this stretching of the ears in contrary directions shows that he is attentive to everything that is taking place around him; and while he is going he cannot be much fatigued, or likely soon to become so. Few horses sleep without pointing their ears as above, that they may receive notice of the approach of objects in every direction. "When horses or mules," says Dr Arnott, "march in company at night, those in the front direct their ears forward, those in the rear direct them back, those in the center turn them laterally or across; the whole troop seeming thus to be actuated by one feeling, which watches the general safety!"

Renovating Land with Sheep.—A correspondent of the Maine *Farmer*, in speaking of the ease with which exhausted fields may, under certain conditions, be restored to fertility by pasturing or yarding sheep on them, says:—"My attention was recently called to this subject by Albert Stover, of Harpswell, who informed me that he had an old exhausted mowing field which had been cropped for nearly half a century, until it would barely pay for mowing. A few years ago he turned in a flock of sheep the last of November, where they remained until late in December (having access to the sea shore and browse). The next season his hay crop was considerably increased, which induced him to continue to turn the sheep in every fall, after the grass was done growing. The same good result followed, until he now gets a good crop of grass, nearly four times as much as when he commenced.

I would here suggest that those who are favorably situated to try the experiment, do so this fall. If they wish to plow up a portion of their pasture or an adjoining field, they can now fence off and yard the sheep on it nights. By giving them salt they will soon become so attached to their fold that they will go in of their own accord.

The sheep husbandry in England shows that the degree of perfection in farming there, is intimately connected with folding and feeding their flocks on lands which they wish to manure highly."

Miscellaneous.

The "Reforms" of the New Sultan.—The following curious correspondence from Constantinople of the 14th is published in a Trieste newspaper:—

Sultan Abdul Aziz promised to follow, and even to go beyond his brother, in the path of reform. Strangely enough, however, all the acts of his Government maintain a medium position between progress and conservatism, and are often so ambiguous that neither party knows what to rely upon. True it is that the ultra old Turkish party believe that they have the Padischah with them, and rejoice over every new decree that seems directed against progress or against the foreigner. Everybody applauded the Sultan when he showed a disposition to abolish the ruinous harem system by no longer keeping so many wives; but an order lately given is in the strongest contrast with the previous dispositions. Abdul Aziz has sent a deputation of the Circassian slavedealers here resident to their native country to bring him thence 150 young and beautiful girls for his harem. Meanwhile, many payments are seven and ten months in arrear, and foreigners especially are great sufferers under the new Sultan's strange system of reforms.

In Stamboul the other day an interesting public auction took place, which deserves notice as an illustration of how things are managed under the new regime. Illieski, the brave Polish general, who is perhaps better known as Iskender Pacha, died a poor man, and left to his widow and children besides a little household furniture, nothing but considerable debts and claims on the military chest. Instead of behaving with due consideration to the widow of an intrepid officer who had grown gray and been repeatedly wounded in the Turkish service—instead of at once handing to her the Pacha's arrears of pay—the Minister of War caused Iskender's scanty chattels to be put up to public auction, in order, it was alleged, to pay his debts. The poor widow, driven almost to despair, addressed a written entreaty to the Sultan, who, after three weeks, referred her to the Minister of War, and everything remained as before. Suddenly, there came to Constantinople a brother of the deceased man, and he, assisted by the Russian Embassy, took the necessary steps to bring the affair to a prompt decision. But all was in vain. Justly incensed, and inveighing against the ingratitude of the Government, he prepared to depart and to take his sister-in-law and her children to his own country, there to provide for them. But neither could this be; a Turkish woman cannot live in a foreign land. Yesterday, at last, it was positively stated that, by order of the Sultan, Iskender's widow is to receive a monthly pension of 750 piastres (£5 or less).

Marvels of Man.—While the gastric juice has a mild, bland, sweetish taste, it possesses the power of dissolving the hardest food that can be swallowed; it has no influence on the soft and delicate fibres of the living stomach, nor has it any upon the living hand, but at the moment of death it begins to eat them away with the power of the strongest acids.

There is dust on sea, on land; in the valley, and on the mountain top; there is dust always and everywhere; the atmosphere is full of it; it penetrates the darkest dungeon, and visits the deepest, darkest cafes on earth; no palace door can shut it out, no drawer so "secret" as to escape its presence; every breath of wind dashes it upon the open eye, and yet that eye is not blinded; because there is a fountain of the blandest fluid in nature incessantly emptying itself under the eyelid, which spreads itself over the surface of the ball at every winking, and washes every atom of dust away. But this liquid, so well adapted to the eye itself, has some acidity, which under certain circumstances becomes so decided as to be scalding to the skin, and would rot away the eyelids were it not that, along the edges of them, there are little oil manufactories which spread over their surface a coating as impervious to the liquids necessary for keeping the eye-ball washed clean, as the best varnish is impervious to water.

The breath which leaves the lungs, has been so perfectly divested of its life-giving properties, that to re-breathe it unmixed with other air, the moment it escapes from the mouth, would cause immediate death by suffocation; which, if it hovered about us, a more or less destructive influence over health and life would be occasioned; but it is made of a nature so much lighter than the common air, that the instant it escapes the lips and nostrils it ascends to the higher regions, above the breathing point, there to be rectified, renovated, and sent back again, replete with purity and life. How rapidly it ascends, is beautifully exhibited any frosty morning.

But foul and deadly as the expired air is, nature wise and economical in all her works and ways turns it to good account in its outward passage through the organs of voice, and makes of it the whisper of love, the soft words of affection, the tender tones of human sympathy, the sweetest strains of ravishing music, the persuasive eloquence of the finished orator.

GRAIN SHOW.

The Annual Show of Grain, under the direction of the Committee of the Royal Agricultural Society, will be held in the Temperance Hall, Charlottetown, on Wednesday, 30th October, 1861, (the same day on which the Industrial Exhibition is to take place,) when the following Premiums will be awarded:—

Best Wheat,	£1 10 0
2d do.	1 0 0
Best two-rowed Barley,	1 10 0
2d do. do.	1 0 0
Best four-rowed Barley.	1 10 0
2d do. do.	1 0 0
Best Black Oats,	1 10 0
2d do.	1 0 0
Best sample Red Clover Seed, not less than 50 lbs.,	1 10 0
Best sample White Clover Seed, not less than 50 lbs.	1 0 0
Best sample Timothy Seed, 2 bushels,	1 0 0

Regulations.

The Grain and Clover Seed to be the growth of the Island in the year 1861.

Each sack of Grain must contain not less than three bushels.

No prize will be awarded without competition of three samples each, of first and second quality.

Competitors must be members of the Society.

Grain intended for competition, and sent by parties residing at a distance from Charlottetown, will be received and taken care of by the Secretary at any time prior to the Show.

By order,
JAMES D. HAZZARD,
Sec'y & Treas. R. A. Society.

Committee Room, Sept. 2, 1861. 1&E

TRIPLE REMEDIES!

Cures Coughs, Colds, Asthma, Bronchial Complaints, and all Throat Irritations leading to Actual Consumption.

Its great feature is a freedom from every component which produces debility, and its unerring certainty in all of the above Complaints rests with the fact that it may be used every hour without restraint. Therefore from childhood and its terror, Whooping Cough, to old age and its infirmities, allow it to be the companion from the cradle, and the grave will be spared many of its early victims.

Make it your pocket companion by day, and your bedside friend by night, using it whenever you please.

Small bottles 1s 6d, large do. 3s.

Cures all Complaints of Nervous and Spasmodic character, such as Neuralgia, Gout, Rheumatism, St. Vitus' Dance, Tooth and Ear Ache, Bowel Complaints, Nervous and Spasmodic Sick Head Ache, to that terror of all Nervous dispositions, and probably the chief cause of Insanity, "Loss of Sleep."

3s. per Bottle.

Designed as special assistant to the above named preparations, when aggravated by Billiousness or Indigestion, and the great substitute for all Mercurial Preparations.

The Eclectic Pills, without the common fatal necessity of almost making a meal of each, will in most cases by the application of a single Pill, produce all the requirements of a cure, gentle, and reliable

FAMILY PHYSIC.

Let me have your confidence to make trial of the above named Remedies, as the only cure tribunal by which real character can be attained, and my declaration is that such confidence will not be misplaced. The greater justice, is to procure and read the descriptive Pamphlet to be found with all dealers, or will be sent free at

1s. 6d. per Bottle.

JOHN L. HUNNEWELL, Proprietor,
Practical Chemist and Pharmaceutist, Boston, Mass.

To whom please address all communications.

Prices within reach of all.

Fac-simile of signature over cork of genuine only.

W. R. WATSON, General Agent for Prince Edward Island. Also for sale by T. DesBrisay (Apothecaries Hall,) and M. W. Skinner, Charlottetown; and by all dealers throughout the Island.

October 19, 1861. 1y

CARPET STRETCHER.

Just received a simple invention for facilitating the putting down of Carpets. Price only 1s 6d, just received and for sale at Haszard's Bookstore, Queen Square.

ASTHMA! ASTHMA!

Just received by M. W. Skinner, a large supply of Jones Whitcomb's Remedy for Asthma, which is said to be very effectual in relieving that distressing complaint, Asthma.

Oct. 19 1861.

CURE FOR PIN WORMS

A NEW DISCOVERY.

The Ascarides or Pin Worms, the removal of which has ever baffled the skill of the most eminent physicians, and universally considered by them as beyond the reach of medicine, are entirely expelled from the human system by the use of

Dr. E. G. Gould's Pin Worm Syrup.

A Cure warranted in every case.

Relief afforded in twenty-four hours.

This Syrup is purely a vegetable preparation, and harmless with the youngest child.

SYMPTOMS.—In some itching, biting and distress in the lower part of the rectum and about the seat, often is mistaken for the Piles; disagreeable sensation in the epigastric region or lower part of the bowels, restlessness, wakefulness, starting and screaming in the sleep, fainting, and not unfrequently spasms or fits.

Caution.—The genuine has the name, "Dr. E. G. Gould's Pin Worm Syrup," blown in each bottle, his portrait, and a fac simile of his signature on the wrapper.

HERVEY & MOORE, Sole Proprietors.

Address Geo. C. Goodwin & Co., 11 and 13 Marshall st., Boston, Mass., General Agents for New England.

Sold by Druggists generally.

B. O. & C. C. Wilson's DYSENTERY SYRUP.

Why will you suffer from Dysentery when a dose or two of the above will cure the worst cases of Dysentery? For sale at the Cash Drug Store of

M. W. SKINNER.

September 26, 1861.

PERRY DAVIS' VEGETABLE Pain Killer

We ask the attention of the public to this long tested and unrivalled

Family Medicine.

It has been favorably known for more than twenty years, during which time we have received thousands of testimonials, showing this Medicine to be an almost never-failing remedy for diseases caused by or attendant upon—

Sudden Colds, Coughs, Fever and Ague, Headache, Bilious Fever, Pains in the Side, Back, and Loins, as well as in the Joints and Limbs; Neuralgic and Rheumatic Pains in any part of the system, Toothache and Pains in the Head and Face.

As a Blood Purifier and Tonic for the Stomach, it seldom fails to cure Dyspepsia, Indigestion, Liver Complaint, Acid Stomach, Heartburn, Kidney Complaints, Sick Headache, Piles, Asthma or Phthisic, Ringworms, Boils, Felons, White-loins, Old Sores, Swelled Joints, and General Debility of the System.

It is also a prompt and sure Remedy for Cramp and Pain in the Stomach, Painters' Colic, Diarrhœa, Dysentery, Summer Complaint, Cholera Morbus, Cholera Infantum, Scalds, Burns, Sprains, Bruises, Frost Bites, Chilblains, as well as the Stings of Insects, Scorpions, Centipedes, and the Bites of Poisonous Insects and Venomous Reptiles.

See Directions accompanying each bottle.

It has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and the traveller, —on sea and land,—and no one should travel on our lakes or rivers without it.

Price, 12½ cts, 25 cts, 50 cts, and $1.00 per Bottle.

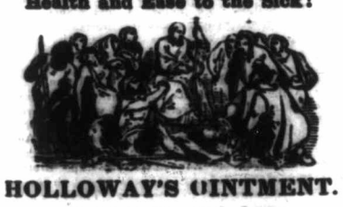
PERRY DAVIS & SON,
Manufacturers and Proprietors,
Providence, R. I.

Sold by dealers every where.

AGENT—T. DESBRISAY,
Apothecaries' Hall, Charlottetown, P. E. Island.

January 26, 1861.

Health and Ease to the Sick!



HOLLOWAY'S OINTMENT.

Diseases of the Skin.

Universal approbation has been awarded to this Ointment for its efficiency in removing diseases of the skin. For scrofula, scurvy scald heads, and all eruptions of the skin both in infancy and mature years, no remedy can be applied which so quickly cures as Holloway's Ointment. In the nursery it should always be at hand to ease the many skin affections to which the majority of children are liable. In all heat and tooth rashes, the Ointment is wonderfully cooling and curative. To soldiers, sailors, miners, and travellers in foreign lands, it is invaluable.

Sores, Wounds, Bad Breasts, Bad Legs,

In this class of maladies, an improvement in the appearance of the disease of the patient, follows the first dressing with the Ointment.

It must not only be smeared on the wound, or sore, but be briskly rubbed for some inches around about the disease swollen or painful parts. It will penetrate to the blood vessels, nerves, and muscels, and even to the bone, and will exercise the most wholesome power over every tissue requisite for through reparation. The effect of the Ointment is increased by fomenting with warm water before the Ointment is rubbed in; but never when healing should never be cleansed with sponge or any thing else, as the young and new flesh which appears like a cream, would be washed away.

Blood to the Head, Apoplexy.

Nothing gives so much ease in these complaints from which so many suffer as Holloway's cooling and healing Ointment. When rubbed upon the spine, it acts most energetically in drawing surplus blood from the brain; even to children in teething; this Ointment has a miraculous effect in preventing fits, and convulsions, so often attendant on tooth cutting. The Pills should be used according to the directions.

Rheumatism, Gout, Stiff Joints.

Every one suffering from these painful affections should use this purifying Ointment, as it has rescued thousands from a life of torture after every other means had been tried in vain. The Ointment should be well rubbed into the skin at least twice a day, after it has been properly fomented with warm salt and water, and dried. The inflamation soon yields, and the patient no longer helpless, resumes his accustomed occupation.

Glandular Swellings, Bronchitis, Mumps, Sore Throat, and Diptheria.

To combat these diseases with success, a remedy is required which will have the whole absorbed system under its control. Such a remedy is Holloway's Ointment, when rubbed on the skin, it penetrates to the gland, and removes any obstruction or impurity which may be impending their healthy action. This Ointment acts on the very commencing of life, for through the glans pass all new matter required for the body's reparation in all the above classes of cases, the Ointment and Pills used conjointly, will act as researchingly, and certainly, as to effect cures in the most deplorable cases.

Fistulas and Piles.

All inflammations and ulcerations of sensitive parts may be presently relieved, and ultimately cured by the diligent use of this cooling and healing Ointment, added twice daily by bathing the parts in cold water. Immediate ease springs from this treatment; perseverance is necessary to effect a permanent cure.

Asthma Shortness of Breath.

In these complaints the Ointment should be well rubbed twice a day upon the chest, and between the shoulders, it will penetrate to the lungs, stimulate them to renewed exertions, prevent stagnation of blood, moderate the pulsations of the heart regulate the current of air through the bronchial tubes, and thus effect a permanent cure.

Both the Ointment and Pills should be used to the following cases.

Bad Legs	Contracted and Stiff Joints	Sore Nipples
Bad Breasts		Sore Throats
Burns	Elephantiasis	Skin Diseases
Bunions	Fistulas	Scurvy
Bite of Venomous and Sand-flies	Gout	Sore Heads
	Glandular Swellings	Tumors
Coco-Bay	Lumbago	Ulcers
Chigoe-Foot	Piles	Wounds
Corns (soft)	Rheumatism	Yaws
Cancers	Scalds	

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot.

There is a considerable saving by taking the larger sizes.

Sold at the Establishment of Professor Holloway, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices, viz.—1s 1½d, 2s 9d, 4s 6d, and 11s. sterling.

JUDSON'S

Mountain Herb Pills

Above we present you with a perfect likeness of Tecumseh, a chief of a tribe of the strange Aztec Nation that once lived in Mexico. You will find a full account of him and his people in our Pamphlet or Almanac—to be had gratis, from the Agents for these Pills.

The Inventor and Manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in travelling, visiting nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was there that the "Mountain Herb Pills" were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphlet.

It is an established fact, that all diseases arise from

Impure Blood!

The stand in the list and when any foreign or unhealthy matter gets mixed with it, it is at once conducted to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food properly. The liver ceases to secrete the proper quantity of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight scarcity at the fountain head of life—the Blood! As if you had thrown some earth, for instance, in a river which runs into a city rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. So quickly does impure blood fly to every part, and leave its sting behind. Judson's Mountain Herb Pills remove the cause, the obstruction is removed, the heap of life-sustaining matter. These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, universal as a

Cure for Bilious Diseases,

Liver Complaint, Sick Headache, &c. This Anti-Bilious Medicine expels from the blood the hidden seeds of disease, and reorders all the feeble and prostrate pores and vessels, clearing and reanimating the vital organs.

Physical inertness, it is to us, that we are able to place before the public a medicine like "Judson's Mountain Herb Pills," that will pass directly to the affected parts, through the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health.

Judson's Pills are the Best Remedy in existence for the following Complaints:

Blood Complaints, Debility, Inward Weakness, Cough, Fever and Ague, Liver Complaint, Chills, Female Complaints, Nausea of Spirits, Fever, Pimples, Piles, Jaundice, Dyspepsia, Indigestion, Sick and Gravel, Dropsy, Inflammation, Scurvy Rheumatism, Dysentery, Bowel Complaints, Fever, Ague, Worms.

Great Female Medicine!

Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, arouse the whole of the system into action, and bring the rich color of health to the pale cheek.

The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Tennessee, a tribe of Aborigines in Mexico. See the Almanac of our Agent, and you will rest with delight the very interesting account it contains of the "Chief and Doctor" of the Aztecs.

Observe—The Mountain Herb Pills are put up in a Beautiful Wrapper. Each box contains 40 pills, and sells at 25 cents per box. All genuine, have the signature of R. L. JUDSON & Co. on each box.

AYER'S SARSAPARILLA,

For Purifying the Blood.

And for the speedy cure of the subjoined varieties of Diseases Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Blotches, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Gallipolis, Ohio, 6th June, 1859.

J. C. Ayer & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my neck and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was induced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. Now and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully,

Yours,
Alfred B. Talley.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 15th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre, or Swelled Neck.

Zebulon Sloan of, Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th Aug., 1859.

Dr J. C. Ayer. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours,
G. V. Lasserre, M.D.

Rheumatism, Gout, Liver Complaint.

Independence, Preston Co., Va., 9th July, 1860.

Dr J. C. Ayer. Sir: I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and crush to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. Fuhan.

Jules Y. Gaudell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has supplied my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries, and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients, in advanced stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is needless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among those who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.
