### MEANING OF THE CROSS

This cross (in red) has been adopted in Canada and all over America as the emblem under which the Crusade against Consumption is carried on.

Every reader knows of the ravages of this disease; how, too often, the bread-winner of the family falls a victim, or the young man or young woman, with a promise of a happy and useful life, is stricken down.

This modern Crusade, like the one of old, is a winning fight. The death rate from Consumption in this province shows a decrease of over 25 % in the past few years.

Nearly 6000 of these poor sufferers have been cared for in our Consumptive Homes in Muskoka and near Weston. To-day we have 300 patients under treatment-patients who, if they had the money, could not through near of contagion gain admittance into other hospitals.

In the Muskoka Free Hospital alone we are now caring for .156 patients. 128 of these cannot pay a single cent for the cost of their maintenance, 15 pay 70c. per day, 1 pays 57c. per day, 12 pay 50c. or less per day.

Our Trustees, having faith in the generous-hearted people of Canada, have continued to carry on this work during the past year.

Money to pay doctors, food, nursing and caring of these sick ones, is urgently needed. Will your readers help and have the joy of sharing in a work that has the promise of the Master's reward?
