

LIBERALS OPPOSE WOMEN'S FRANCHISE

The granting of the franchise to women was merely a matter of justice. The part which women had played in the war signified to the Government that they were entitled to the vote and qualified for the franchise. Down in the Maritime Provinces, Mr. King had declared that the Government was forced into

granting votes to women. This was a foolish and dishonest statement, said the Premier. As a matter of fact any opposition to the Franchise Bill had come from the ranks of the Liberals.

Service! --- Is McCurdy's second name. In all matters entrusted to him--service is his first consideration. Isn't that what Northumberland wants in her Ottawa representative.

RUTH WILL GET \$3,000 A WEEK

N.L.W. ORK, Oct. 27.—Babe Ruth, whose first name is George—if he ever uses it—signed contracts today calling for his appearance for 20 weeks in the B. F. Keith Theatres as a vaudeville headliner at a salary of \$3,000 a week, or \$60,000 for the engagement, said to be the highest paid in the business. His engagement is also unusually long for a baseball player. The home-run king will open at Keith's Theatre, Boston, Nov. 7, and after a week there will come to the Palace Theatre in New York, Nov. 14.

Ruth will be teamed on the stage with Wellington Cross, a song, dance and chatter headliner, and the two will work by Thomas J. Gray. Baseball will figure largely in the patter, and Babe will sing a baseball song or two. Babe will hide away for a few days polishing up in his tryout before opening in Boston. Standing on the Palace stage today, trying his voice, he remarked that "The back fence seems an awful long way off."

As Cross is playing in the Davis Theatre, Pittsburg, this week, Ruth, author Gray and Harry Weber, Ruth's theatrical manager, boarded a train tonight for the Smoky City.

Other baseball stars, though of a different variety, have been added to the Keith string. Nick Altrock and Al Schacht, noted as comedians of the diamond, will open at Keith's Prospect Theatre, Brooklyn, Monday, with dialogue on the national sport, also written by Thomas J. Gray.

Vote For the Peoples' Candidate,---McCurdy.

When McCurdy takes hold, you can't shake him off. This is the kind of representative Northumberland wants a Ottawa.

THE ELECTION AND CANADA'S FATE

If ever there was a time in the history of Canada, when the Electors—both men and women of the Dominion, should pause, think, and reason together, before casting their votes, at the approaching election; that time is NOW. The fate of our nation is in their hands, for weal or woe. The next Government, as chosen by the people, means either a steady advance towards national prosperity, and Canada for the Canadians, in laws to benefit ALL THE PEOPLE, and not mere cliques and classes, or a downward and backward course, which will retard our progress; knock the life out of both our capital and labor, and force us into the position of a dumping ground for the foreign goods and produce of other countries, (especially of the one to the South of us) who have a high protective tariff against us; the highest ever they had. They lovingly gaze upon Canadian Free Traders, who would pull down at once, or gradually—some say in five years—whatever protective tariff we have, and place our Manufacturing Industrial Institutions, and their thousands of workers at their mercy commercially. That is simply how a free trade policy in Canada, would work against Canada, however much its glib-tongue advocates now perambulating the country, may say to the contrary. From a national standpoint it is a suicidal policy, against which every earnest wisher and worker for the National Fiscal prosperity of our Noble Dominion, will cast his vote on election day. The women of Canada, too, will not forget, that it is to the Government, now seeking reelection, that they owe the power to vote. It would be a strange return, to cast their votes against the party which placed them equal, by granting the franchise to them. To the Liberal Conservative Party, their present position as electors, is due; and like the voters of the sterner sex, they too should show to the world, that all Canadians cannot be classed among the fakers and humbugs, who are fishing to catch place and power, by any and every sort of bait they think they can lure the people with.

The elector who votes for the Liberal Conservative Government, under the Premiership of Mr. Meighen, can easily understand what he is voting

for. He is not bewildered by any political trickery, or different stories, arguments, and policies for every Province of the Dominion. He knows just where he is. If he follows the Premier, from the rock-bound shores of one East, to the slopes of the West, on the shores of the Pacific, all over, and through our vast Domain, he will hear only the one story, the one policy, the one sane solid determination expressed, to govern for the welfare of all the people, without distinction, and to give to all, both manufacturers, and their workmen, our laborers, farmers, fishermen, and other sons of toil either by hand or brain, that full, moderate and adequate protection, necessary to place our economic position on a firm solid foundation, tending to increased security and prosperity. And Meighen is manfully, nobly, unflinchingly doing his work. He has been among his political foes, graingrowers, and all, and fearlessly told them to their teeth, what he stands for, and what he will do. He is proving himself to be, what Laurier pronounced him to be "the brightest mind in the Government," no small praise from a political foe. The great French Canadian leader, was not astray when he said to a friend in reference to Mr. Meighen—"watch that young man, he will yet be heard from, a great destiny is before him." He is

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Women of Canada

"I ask from all the people of Canada an earnest review of the real issue before Canada to-day. I ask from men and women a calm, thoughtful consideration of serious public questions; and, so far as I am concerned myself, I ask not favors but fairness."—ARTHUR MEIGHEN.

WOMEN OF CANADA, the coming General Election will be one of the most momentous in Canadian history, and Arthur Meighen asks YOU to give the issue fair, unbiased consideration.

Women and men alike are called upon to decide whether political, industrial and economic stability is to be replaced by class rule, political and industrial chaos and possible economic bankruptcy.

The facts are clear, and every Canadian woman will do her own thinking. She will not be misled by others. She will not blindly follow family political precedent, neither will she be carried away by the false theories or empty "isms" of theorists and extremists. Every woman will arrive at a personal decision by the application of practical common sense.

The great issue is the Tariff and here are briefly the facts.

The present Canadian Tariff, so far as it affects the necessities of life, is a very moderate one. It is simply a tariff maintained to keep Canadian factories in Canada, employing a steadily increasing volume of Canadian labor and developing Canadian resources.

Meighen stands firm for the continuance of a reasonable tariff. It is now even more imperative than in the past. All other important countries are retaining or increasing their tariffs in order that they may hold their home markets for their own people.

Under Crerar's Free Trade policy Canada would be swamped with foreign goods, principally from the United States, Canadian industry would be ruined, thousands of men and women would be out of work with all the hardships to themselves and their children that must result. The farmer's great home market would be seriously affected, taxes would be increased, and Canadian working men would have to go to the United States for employment.

While King's Tariff policy is wobbly it nevertheless tends toward the destruction of the Tariff and would bring with it practically the same results.

MEIGHEN'S POLICY EVERYBODY KNOWS. It is the only means whereby confidence may be maintained and employment given to all classes of the people.

The foregoing is a plain statement of logical conclusions arrived at from the facts. Think the matter over carefully "without favor but with fairness".

Make your own decision, stand by it unmoved and be sure to exercise your vote.
