That is say, WEDNESDAY. APRIL 27, 1998. WEDNESDAY. APRIL 27, 1998. Progress of the War. ALL kinds of reports and rumors regarding the war be-tween Spain and the United States have been going the rounds within the past few days; but very little of a definite and re-liable nature has been or can be ascertained; for the reason, in the first place, that about all the in-formation that reaches us comes through United States channels, and is consequently colored to suit the prejudices of the people of that country, and secondly because the press, so far as war news is concerned, has been placed under a gensorship. This much, how-ever is authentic: The time limit im President McKinley's ulti-matum to Spain, expired at noor on Saturday last; as soon as the ultimatum reached Spain, and was communicated to the Spanish embassy at Washington, the Spanish ambass.Jor at the latter place demanded his passports and left the county, turning the busi-EXPENDITURE, 1897. vote. response to a question, Mr. Fielding

ould not say exactly whether the re

fineries protection would be reduced. Leaving out preferential rate, he

ential reaction on English and Sc efined sugar was not easy to estimate He thought Mr. Foster was right when e estimated an increase of sugar taxes om two hundred and fifty thousand four hundred thousand. The preferce clause and sugar clauses were ased, and tobacco clauses were eached at midnight. The tobacco clause passed shortly before 1 o'clock and the house adjourned.

On Wednesday the 20th a delegation waited upon Sir Louis Davies and urged pon him the advisability of establish-Lawrence and maintaining it for five years, moving it from place to place in goes out is FULLY WARRANTED. the gulf, for the purpose of preserving the nature and sources of food supply for fishes, oysters and lobsters, and of studying the habit of food fishes. The deputation was introduced by Professor assell and represented a committe of the British association for the ad ancement of science. Mr. Ellis, of St John, was also with the deputation which included the representatives of several of Canada's colleges. They \*sked an appropriation of \$15,000, o which one-third is for the establish ment and the balance for five years maintenance. Sir Louis gave the depu tations some encouragement, but was non committal. After dinner the discussion on statutory increases was re sumed and continued till ten o'clock The item for salaries in the governor eneral's office and privy council office ound that of six clerks qualified for ncrease four got the raise and two did not. This revived the discussion of the discrimination, and again no explana-tion of the basis of choice was given A long discussion took place on the tem of militia salaries, respecting the perannuation of Accountant O'Meara ad appointment of Mr. Border, Kentville, in his place at a larger salary to begin with than that paid to the ac outant of any other department Hon. Dr. Borden said, in reply to nestion, that the new accountant was ais cousin, but he was a brother of the senior member for Halifax. When the house adjourned at midnight the militia clause had not been voted. Davin moved that it should be reduced \$600.

The long-expected plebiscite bill an peared in the house on Thursday the 21st. On moving the first reading. Hon. Mr. Foster gave a brief summary of its contents. The bill provides that

aportation, manufacture or sale of irits, wine, ale, beer, cider and other intoxicating liquors used as beveragee?" the remainder of the bill, which con-tains fifteen clauses, contains machinery for taking and recording the vote. The persons qualified to vote are those entitled to vote in a federal election The government is anthorized to fix the date and appoint returning officers. Organizations on each side of the ques tion are permitted to have representa tion at the polls. The form of the ballot is designated, and is such that the voter makes a prost in a space under the word "Yes" or under the word
