Rev. Father Kelly preached an eloquent sermon in St. Dunstan's Cathedral on Sunday last. He lectured at Emerald on Monday evening and left for his home at Lapeer, Mich., on Tuesday.

DURING a meeting of a scientific society in the Atheneum at Muli, in the province of Murcia, Spain, the other day, the building collapsed, killing seven and injuring twenty. Two of the injured are dying.

The foundation work of the new road mill of the Dominion Iron and Steel company at Sydney is about completed, and work on that mill will be rushed until it is done. It is expected to have these mills in operation some time next year.

At an automobile meet at Durban, France, a few days ago two new world records were made. Durbay with 100 horse-power machine covering a kilometre 3.36 5/6 feet in 25 2/5 seconds. Lamberjok, with a motor cycle, covered the same distance in 34 1/5 seconds.

The controller of the mounted police at Ottawa received a report from Moody, in charge of the mounted police newly established at the post of marine Island, Hudson's Bay, which states that traders in that remote region express the pleasure that they now have in government protection.

A sensation was caused at St. John's, Nfld., by the formation by former Attorney-General Donald Morrison, of a political party which will appeal to the country next year on the policy having in view union with Canada. The new party will also oppose the present Bond ministry and regular opposition by Alfred Morley.

Mr. Chamberlain's speech at Birmingham to 9,000 people was taken by reporters of the Daily Mail by means of the telephone, which allowed them, sitting in the London office, 113 miles distant, to hear every word spoken. The speech was printed verbatim, and the paper was selling on the street 27 minutes after the speech was concluded.

THERE were about 20 schooners at Montague last week awaiting produce cargoes. Every wharf is crowded, and accommodation is at a premium. The vessels being two or three days deep. Produce was coming in slowly, a number of farmers not finishing digging. Prices were as follows, oats 34, potatoes 23, and turnips 16c, hay \$10.50.

Rev. F. C. Kelly delivered his lecture on the "Dream of Equality," to a large and appreciative audience in the Lyceum, on Friday evening last. He is an eloquent, most fluent and pleasing speaker. A vote of thanks was moved by Professor Caven and seconded by Rev. Father Campbell and tendered to the Rev. lecturer by Rev. Dr. Monaghan, who presided.

THERE was a large quantity of produce at the market yesterday. Prices were not very much different from those of Friday. Hay was rather higher, and oats had also advanced a cent per bushel. Pork was a little lower 3/4 was the best price and there was a large quantity on sale. Eggs have advanced quite considerably as will be seen by the price list. Other staples are about the same as last quotations.

The government steamer Tryon, from Sable Island, reports at Halifax that the hull of a schooner with name Topaz on stern drifted ashore two weeks ago. Nine decomposed bodies were found in the hold and were buried on the Island. The schooner Topaz was built in P. E. Island in 1890, and her owner at the time of registry is given by the Maritime Directory as William Joseph C'Keele St. Magdalen's, Westford.

On Friday afternoon William Mahar, of South Shore was badly injured in a runaway accident. While driving in a sulky down Queen Street his horse started and ran down the street colliding with one of Clarkin-Bryce's coal teams. Mr. Mahar was thrown violently to the street and the horse continuing his course rushed down Peaks' wharf and overboard. He was afterwards rescued uninjured. Mahar was taken to J. T. Morris' store and Dr. Conroy who was summoned ordered him taken to the City Hospital. It was found that his hip was dislocated and his head and face badly cut. He is about 60 years of age. He is progressing fairly well at the Hospital.

PRACTICAL Journalism, by Edwin L. Shuman: Appleton & Co., New York, publishers; A. H. Jarvis, Ottawa: The above is the name of a manual of the best newspaper methods which will prove of interest to both newspapermen and the general public. As the preface very truly says, there are few things about which the general public knows less than the inside of a metropolitan newspaper office. The volume is very complete, including a brief history of the press, methods of writing advertisements, a practical on the laws of libel and copyright, descriptions of editorial and editorial work and how news is gathered, together with a general description of the interior economy of an office in all its branches.

The last regular fortnightly meeting of the Cheese Board was held last Friday afternoon. The attendance was large and the buyers present were Messrs A. J. Biffin, R. E. Spillars and Horace Hazard. The obitogram posted read as follows: Montreal, weak and declining; London, dull; Montreal, 10 1/2 to 10 3/4; London, 55 to 56; Brookville sold at 10 to 10 1/4. The highest bid was 10 1/4 by Horace Hazard. He secured the following: Hazelbrook, 50; Udon, 53; Cornwall, 55; Hampton, 45; East River, 145 and St. Peter, 110; Mr. Spillars at the same bid took Red Point, 85; Stanley Bridge, 318; Emerald, 270; Kensington, 470 and Gowan Bros, 40; Lakeville, 120; Hampton, 45; Summerside, 130 and Mount Stewart were held over. The thanks of the Board passed to the Board of Trade for the use of their room for the season. The thanks of the Board were also tendered to the President and salesmen, Mr. Jenkins for their admirable work during the season.

LOCAL AND OTHER ITEMS.

ATTENTION is directed to the call for a Liberal Conservative Convention at Morell on Friday 20th. inst.

It is announced from Halifax that the midland Railway is to be extended to Brule to make a short connection with the Island.

Referring to the observations of our correspondent "Justice" regarding the ringing of the "angelus bell" in this diocese we are of opinion that the practice prevails very generally. It is certainly rung in Charlottetown and we have heard it in several other places.

Two thousand men were laid off by the Illinois steel works at South Chicago Saturday night. In addition to this reduction 1,200 men were discharged two weeks ago, and who expected to return to work last Monday morning, have been informed that there is no work for them. The officials of the company refuse to talk about the retrenchment going on. It is said by the men that they are being laid off because of curtailment in the output.

SATURDAY last was certainly a most disagreeable day. Rain fell in torrents almost all day, and in some parts thunder and lightning of the heaviest were in evidence. At Georgetown, Cardigan and St. Peter's the thunder storm was most severe. At St. Peter's St. Peter's Bay, the thunder and lightning were terrific and were at their worst between twelve and one o'clock. The spire of the Catholic Church there was struck by lightning. The electric fluid passed to the inside of the tower doing considerable damage.

The venerable secretary of state O. Jaws was waited upon Saturday by the staff of the day and presented with a gold fruit dish in commemoration of his golden wedding, which took place Sunday. The address was read by Under Secretary of State Jos. Pope, and the presentation made by Mr. Pelletier, chief clerk. Hon. Mr. Scott was deeply touched by the evidence of good feeling on the part of his staff and replied in appropriate terms. The minister of the Interior, in a message of congratulation, including telegrams from Strathcona and Bowell.

A VERY prominent figure in French Canadian political life has passed away in the person of ex-Governor Masson, who died in Montreal on Sunday evening. Mr. Masson was born at Terrebonne, November 7th, 1837—so that he had just completed his 70th year. He studied law in the office of Sir George Cartier, made a brilliant reputation at the bar, in the House of Commons and in the Senate. He was also a Lieutenant-Colonel and took active service in the militia of Quebec as a member of the 22nd Regiment. He was an excellent speaker, his record is excellent. He was for some time leader of the Conservative of Quebec and he stood in the front rank of the success of political leaders. His personal character was above reproach and he was a gracious and cultured gentleman.

The King's Birthday honours are officially announced from Rideau Hall Ottawa. There are no knightships and no companions given. Colonel Pinaut and Mr. Herbert, Sculptor, are made C. M. G., while seven civil servants and eight emigrants are made C. M. G. The honours received the medal of order. Following the official list. C. M. G.'s: Colonel Pinaut, Louis Phillips Herbert, Sculptor, Montreal. Companion Imperial Service Order Dr. Robert B. H. Acting Director of Geological Survey; Edward Gilpin, Deputy Commissioner of Public Works and Mines, Nova Scotia; John George Hodgkin, Toronto; David Ewart, Chief Architect Department of Public Works, Ottawa; Col. Harry Smith, Sergeant-at-Arms, House of Commons, Ottawa; Col. Irvine, Warden Manitoba Penitentiary; J. N. Gregory, Agent Marine and Fisheries Dept., Ottawa.

Foster in England.

Hon. George E. Foster's speeches are making a decided impression in England, especially as he is looked on as a representative of the political party in opposition to Laurier's government and is mainly supported by the manufacturing vote. The suggestion that Mr. Tarte will also visit England is warmly received, Canada would then speak with practically one voice on behalf of the preferential policy. Foster is refusing in his speeches to take any narrow colonial line and appeals on the broadest grounds to imperial patriotism. Speaking at Newport, Foster said, "the best thinkers in Britain's over the sea Dominion believe that on the decision of the fiscal question depended the future. Canada was determined upon the development of her own industries and could accommodate two hundred million more people. Was it well for the Mother Country to cut the painter in the case of Canada where lay the Empire's future?"

Correspondence.

EDITOR OF HERALD.—Sir I often notice selections in the Herald re the "Angelus Bell." Those selections appear from time to time in the form of poetry and prose. Why do you print these selections so often on this particular subject? Is it for the benefit of your readers; that is to bring to their minds this mystery of all mysteries. I sorely need ask the question. Whenever I see those selections in the Herald it reminds me of my trip through Quebec last summer when you would always hear the "Angelus Bell" morning, noon and night from some church tower or distant. I don't suppose you would publish these selections if you thought they would be of no benefit to your readers, and if these are your convictions and your belief that you do good in this way why is not the "Angelus Bell" heard from every church in this diocese. I don't think they ring in Charlottetown. But you consider Mr. Odlor that some benefits would be derived from the sound of the "Angelus." It would make you reflect in spite of yourself for a moment at least on one of the greatest mysteries that ever took place. I don't take much time to ring the bell and if this is going to be of any benefit in helping us over the crooked path it looks a little selfish to deprive us of such benefits. Quebec is surely in the lead of us in this particular line of help. I must say Mr. Editor that your selections on the outside of the Herald are all a person want in reading of this nature. The inside is made up of honest and statements along political lines. I don't know what your circulation is, but it should be sufficiently large in this Province to enable you to give us either an eight page or a semi-weekly paper. There is no need to go outside of this Province for a paper running on lines such as those of the outside pages of the Herald. All you want is more space and that requires cash. There is any amount of the necessary help in this Province to make the Herald such an educator. The material of the right kind is on the shelves of the libraries and the opportunity. Why enrich foreign publishers that we have nothing in common with when we have a man of our own who in their equal every day in the week on any subject from the most simple to the weightiest philosophical questions of the day? Why not rally to his support and give him a chance to enlarge the Herald and make a semi-weekly which is the desire of his heart and his highest ambition? Send your subscription to the Herald first and then if you have any surplus cash give your help to foreigners. Don't run away

with the idea that you can't get as good on the Island. If you do you are laboring under a very false delusion.

What a comfort it would be to the proprietor and editor of the Herald to see new subscriptions pouring in so that he could carry out his wishes. What an interest he would take to give back in return good reading matter. It is a mistake to let politics interfere when a paper such as the Herald is wanted in your homes. It is a mistake to allow a mind to run in such a narrow groove at the expense of certain knowledge. What the political matter that appears in the Herald can always be relied on as truth, and that is what we should all be after, regard less of any party. If you allow one part of the brain to develop along certain lines the other part will atrophy, decay, and when that condition of things takes place a man is of no use to society.

Yours etc,
Justice.
