Some Vacation Suggestions.

BY RUTH CAMERON.
 The season of vacation and travel is close at hand. In a week or two the annual hunt for pleasure will be fairly under way. May I, then, offer a few heterogeneous suggestions to the vacationer and the traveler?
First don't draw advance drafts on your vacation account—in other words don't get exceptionally tired because you are about to have a rest. There is nothing more dangerous to the success of any trip than that.
 Don't expect too much. Then all your surprises will be pleasant ones. If you want to look as well when you arrive at the way station or at your journey's end, as when you start out, wear very plain things. A tailored suit and a silk shirtwaist is the ideal travelling rig for a woman. It may be personal preference, but it seems to me that a woman who is travelling never looks quite so well as in a dark blue silk with a blue silk blouse and white ruche or turnover collar.
 Be thinking more of the people you are going to meet than of the person they are to meet, and you will be very likely to please.
 Be ready to make friends—for after all, these new personalities are as valuable a part of our vacation treasure as anything we see or bring home—but not too ready. Especially be not too ready with your confidences. Re-

NATURE'S ESSENCE... Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysterious herbs that we can gather for you. Take the bark of the wild-cherry tree, the root of mandrake, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have—
Doctor Pierce's Golden Medical Discovery.
 It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.
 Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of Public Approval, and has sold more largely in the past forty years than any other blood purifier and stomach tonic.
 "Some time ago I got out of health—my stomach seemed to be the seat of the trouble," writes Mr. EZRA WILLIAMS, of Belleville, Kansas. "I consulted a doctor with all the doctors at home as well as some other specialists on stomach and digestive organs. Some seemed to do other good in fact, most of the medicines did me harm. Finally I wrote to Dr. Pierce, Buffalo, N. Y., who replied, stating that I had liver complaint with indigestion and constipation, and advised Dr. Pierce's Golden Medical Discovery and Pleasant Pellets."
 "The 'Discovery' and 'Pellets' have put me on my feet again," seemed to be just what I needed. I could not have recovered without them."
E. WILLIAMS, Esq., Dr. Pierce's Pleasant Pellets are for Liver Ills.

The Double "Hat Trick."

At a quarter-past six at the Old Trafford ground one night recently Mr. Matthews, of Australia, created a new record in Test match cricket by twice accomplishing the "hat trick," and so enabling his side to beat South Africa by an innings and 88 runs. In the first innings, with successive deliveries, he dismissed Messrs. Beaumont, Pegler, and Ward, and in the second innings Messrs. Taylor, Schwarz, and Ward.
 Mr. Matthews is a medium-paced leg-break bowler, who is making his first trip to England, and it was due in a great measure to his sensational feats that the South Africans were compelled to follow on and were finally beaten by so great a margin.
 From start to finish the South Africans were outplayed. In batting, bowling, and fielding the Australians were the superior team, and though an injury to Mr. White made a considerable difference to the South Africans, the Australians always held the upper hand.
 Mr. White, who had split his hand in attempting a catch on Monday night, gave a plucky display in both innings, but, of course, could not

The Stomach Needs Help

The liver, kidneys and bowels must be kept active by **DR. CHASE'S KIDNEY-LIVER PILLS.**
 The liver and kidneys are overworked in their efforts to remove the poisonous waste matter from the system. They fail and become torpid and clogged. The bowels become constipated and stomach derangements follow.
 There is one medicine which will overcome this condition more certainly and more quickly than any other, and this is Dr. Chase's Kidney-Liver Pills.
 This medicine gets the bowels in action at once and by awakening the liver and kidneys ensures the thorough cleansing of the filtering and excretory systems.
 With the poisonous obstructions removed, the digestive system resumes its healthful condition, appetite improves, pains and aches disappear as well as irritability and depression.
 You cannot imagine a more satisfactory treatment. One pill a dose, 25 cents a box, at all dealers, or Ed-

Pride.

BY H. L. RANN.
 Pride is a large mental swelling which never pains anybody but the innocent bystander. We are assured that it goes before a fall, but in every community there are several striking instances where the fall failed to connect with the time of the deceased. Generally speaking, pride is an inflation of the soporous cavity where thought is supposed to board. There is a good deal of loose pride in this country that ought to be earning wages. There is the young man who is too proud to give his mother his arm in a crowded street, and the girl whose pride won't permit her to do any of the household that her mother can get to better meals. The towns are full of scented youths in dazzling wardrobes who have so much pride that they cannot consider a proposition to mingle with a day's work and retain their self-respect. On the other hand, some people could use a little more pride without wounding anybody's refined sensibilities. This is true of the dinner guest whose jokes have the pungent flavor of the vaudeville stage and the light-hearted comedian who throws out veiled hints by placarding the bridegroom's trunk. The man who seeks a situation with testimonials in the form of a cigarette butt and a celluloid collar would look better to a keen-eyed business man if he would replace his humility with a fresh shave. A certain amount of pride is necessary to prevent this world from running to shirt sleeves at the supper table and the open-necked kimono for afternoon dress. Some people have so much pride in their children that they take them out of school if the teacher objects to being talked to in the language of the ball hall, while others have so little pride in their sons and daughters that they are perfectly satisfied if they get in before sunrise. When pride is fused with patriotism a man can't look at the old flag without wishing that somebody would start a war. The right kind of pride is an indispensable stiffening to the human backbone, but the wrong kind is the poorest advertisement a man can carry about on his person.

Murdered on Albert Trail.

Medicine Hat, Alta., June 4.—Strip of gun and cartridge belt and his horse missing, the lifeless body of Mounted Policeman Frank W. Davies with a bullet through his heart, was found lying on the trail last night two miles southeast of Southesk. Two Indians and a half-breed were arrested last night and are now charged with the murder. A party of men working for the Southern Alberta Land Company were going into Southesk last evening when they came upon the officer lying on the trail. The body was still warm and he had been dead only a short time. They immediately hurried to Southesk and an alarm was sent to the Bassano quarters of the police. They hurried to the site and soon rounded-up the two Indians and the half-breed on the charge of killing the officer.
 The section patrolled by the murdered officer, is considerably upset as a result of the crime and the feeling against the murders runs high. Davies was most popular throughout the town. Prior to starting out on what has proved to be his last case, he had been around town joking and talking to the boys with whom he was a universal favorite. Just at dusk a terrified Italian hurried into town, located a constable and in broken language told him that two Indians and a half-breed had shot several times at him at the same time pointing to bullets holes in his hat, coat sleeves and a bundle of blankets that he carried. The officer immediately started after them and that is the last seen of him alive. His dead body was found some time later on the trail two miles from this town. What took place when he caught up with the party of three is only a matter of conjecture, but the bullet hole through the officer's heart tells of the culmination of whatever happened.
