Pacific Blockade of Greece.

The embargo which was laid on the exportation of certain articles from the Entente territories to Greece, is apparently being followed up by a Pacific Blockade of the Greek coasts. The object of the Embargo on exports was to prevent Greece obtaining articles for warlike purposes and building up national stores of supplies. So far there is no official news here of any Proclamation of the Pacific blockade of Greece. The earliest precedent for a Pacific blockade occurred in connection with the Near East. In 1827, Great Britain, France and Russia blockaded all the coasts of Greece occupied by Turkish forces. Since that date a course of this kind has been followed by Great Britain, France and Germany to exert pressure on states with whom difficulties have arisen. The course followed usually, is to institute a blockade along a certain coast, and at the same time issue a proclamation declaring that a state of peace is maintained. Hence the name, Pacific Blockade. In 1897 there was an insurrection in Crete against Turkey and the Great Powers instituted a Pacific blockade, to prevent supplies reaching the insurgents and to prevent Greece sending troops to the aid of the Greek insurgents. Thirteen years ago Great Britain and Germany instituted a Pacific blockade of Venezuela. It will be seen from these cases, that there are abundant precedents for this action. Exports from Greece are fruits such as olives, oranges, lemons, figs, almonds, citron, pomegranate and currant-grape, dried currants particularly. Her imports are cotton and other manufactures, corn, timber, cattle, hides, sugar, salt fish and coal. It will be seen from this list of imports that a Pacific Blockade of Greece will seriously hamper the Greek people.

That the effort of Miss Furlong on behalf of the Patriotic Fund was greatly appreciated by the public is evidenced by the splendid sum realized at the Patriotic Bazaar held at her store yesterday. Miss Furlong and staff and the young lady volunteers and boy scouts were kept continually busy, the latter delivering the goods purchased. Miss Furlong wishes to express her gratitude to all who assisted to make the affair such a success, particularly Capt. Bulley and the members of the C. C. C. band who so generously gave their services. Messrs. Bowring Bros., Jas. Baird, Ltd., and Mr. Tasker Cook for the use of flags, etc., for decorative purposes, and also Miss Mary Cashin, who during the day acted as Treasurer. "Still Getting Worse."

"No one can measure your 'Nerve Force' as it leaves you."

"Prescription A" will increase your 'Nerve Force' wonderfully.

Nerve Force is the very motive power of the body as petrol is of the engine.

If you are using up too much Nerve Force through overwork, worry or other causes—you are like a motor car with a leaky petrol tank; however good the mechanism it must break sooner or later.

Now Prescription "A" not only restores lost Nerve Force but actually increases it to a remarkable degree. Try it. You will really be astonished at the result.

Price: Trial Size, 25 cts.; postage, 5 cts. extra.

Price: Large Size, 50 cts.; postage, 10 cts. extra.
