MARKET REPORTS

indicate that there is no sur-
plus of Anthracite Coal in
the U.S. The shortage caused
by the strike of Anthracite
Miners last year has not
been made up, and American
hard coal will, in all probabili-
ty, be hard to get and high
priced. Coke is an excellent
substitute for hard coal, and
we have on hand a stock of
same that will soon be dis-
posed of, because a shortage
of hard coal invariably
creates an increased de-
mand for our product.
We advise our customers
to book their requirements
as soon as possible.

Notice to Motor Drivers.

In the interest of "Safety
First" the following has been
suggested as an additional Driv-
ing Rule to be adopted by mem-
bers of the Newfoundland Motor
Association, and others. Mem-
bers are requested to give this
suggested rule a trial and be
prepared to advise as to its
adoption, or otherwise, at the
next General Meeting of the As-
sociation:—
After dark, cars RE-
TURNING to the city shall
have the right of way over
cars proceeding FROM the
city, in other words, cars
PROCEEDING FROM the
city and meeting cars RE-
TURNING to the city shall
stop (within a dis-
tance of from seventy five
to one hundred yards of the
approaching car) and dim
lights till the car returning
to the city (which need not
dim) has passed.
The attention of members is
called to the following By-Law
of the Association:—"Any mo-
torist, member of the Associa-
tion desiring to overtake or pass
a car must blow his horn two
blasts, and the driver of the car
ahead shall signal that he has
heard the horn by answering
two blasts. If the car ahead
cannot keep ahead of the over-
taking car, the driver should
allow the overtaking car to pass
and the overtaking car must im-
mediately get far enough ahead
to prevent the occupant of the
car passed from getting the
dust."
