

Department of Public Works

Public Notice!

Commencing Nov. 1st, 1924, the Department of Public Works will observe Saturdays and Wednesdays as Pay Days. Bills for services rendered or goods supplied, properly certified, must be in the Department for approval and audit by noon on preceding Thursdays and Mondays of each week to be available for collection of payment on following Saturdays and Wednesdays.

The above also refers to allocations in connection with road and special grant expenditures.

In the event of any Saturday being a whole holiday, bills must be tendered by noon on preceding Wednesday and payment will be available on Friday. If any Wednesday be a whole holiday payments will be available for collection on the Thursday following.

C. E. RUSSELL,
Minister Public Works.

Harbor Grace Notes.

Mr. J. Sutherland, of the Imperial Cable Co's Employ left here recently for Halifax, to pay a brief visit to his brother residing there. After which he will leave for Scotland to spend a holiday at his home.

Mrs. L. Noseworthy, of Spaniard's Bay was in town during the week, the guest of Mr. and Mrs. J. Fox.

Miss Kate Hutchings left here on Wednesday of last week for St. John's, where she will spend the winter with her sister-in-law, Mrs. G. Hutchings. Mrs. Hutchings and daughter, Mrs. D. White came over from the city and after a short stay in town, accompanied Miss Hutchings to St. John's. We wish her a pleasant stay in the city.

Mr. Arch Taylor, of the Southside, left on Tuesday last for Grand Falls, where he will spend the winter months with his son, Arch, who is residing there.

Mr. Arthur Heath, our popular Postal Telegraph Operator, who has been on a two week's holiday, has resumed duty again to-day.

Mr. S. Kennedy, who has been relieving Mr. Heath at the Postal Telegraph Office, leaves town on Monday for Corner Brook, to resume work at the office there.

Some good pictures have been screened at the "Star" Movie here recently. On Friday night last "Jackie Coogan" in "Daddy" was the attraction of the evening. There was a crowded house, and all were delighted to see this youthful actor, especially the children present, who were particularly amused. This week the eight reel production, "The Affairs of Lady Hamilton," was shown, which was most interesting for its historical importance. Another big picture will be screened here shortly, viz., "The Aquittal."

Capt. A. Anonsen went to St. John's by Tuesday morning's train.

During last week and the early part of this week, a number of men have gone from this District to Corner Brook and vicinity, where they will take up work.

The S.S. "Finos" left port this afternoon for St. John's—COM.

Our Dumb Animals

REPORT CHIEF AGENT S. P. A.
WEEK ENDING OCT. 24.

Attended to the landing of some cattle at the Railway Station. Put to death an Alderale terrier, which had been hit by a motor on New Gower Street. The owner contributed a subscription towards the funds. A dog which had no home and was an annoyance to the people of Charlton St. was also destroyed. Another was put to death on William Street. The owner gave a donation to the Society as his annual subscription. Attended two sales of cattle at the St. John's Abattoir Co. I have received several complaints about cattle being out these stormy nights. I would like to say that after the last of October if cattle are found exposed to the weather at night the owners will be summoned. I would like to point out people to pay attention to this notice, as I will have all people summoned who leave their cattle exposed. In the past cattle have been left out, and there have been cases where some have perished. I would also like to say the cattle shipped on schooners or steamers must be kept in a wind-tight and water-tight stall or box according to the law. I am very anxious that shippers should take notice of this as the fine for shipping on deck or in an open boat after the last of October is fifty dollars per head. This also applies to all steamships. During the week several horses have been severely injured hauling loads over tarvia roads. Five horses belonging to Mr. Lester have had the skin taken off their knees and one severely injured. Surely those in authority could devise some method to make this easier on the animals. Quite a number

ber of complaints have been attended to. I request all importers of oats to stop importing low grade grain. Horse owners are to blame as if they refused to buy low grade oats importers could not sell it which would settle the question. If people pay high prices for poor oats they have only themselves to blame. On account of high market rates for oats lately buyers are tending to buy cheaper grade oats, and if they demand this grade of oats, importers will give the buyers what they pay for. Annual subscriptions for 1924 are now due, which should be paid promptly.

Chief Agent.

New Griffith Film
"Big" in Simplicity

Mob and Spectacle Scenes Forsaken in "The White Rose" for Characterization.

Probably the most delightfully artistic and by far the greatest heart-appelling story yet to come from that master of the motion picture, D. W. Griffith, is his newest offering, "The White Rose," a United Artists Corporation release coming to the Star theatre next Monday.

It tells a story old in theme, simple and direct, but in such a manner as to make it possibly the one "big" outstanding picture production of the present season.

The tale has to do with an orphan girl and a young divinity student who meet when the latter is making a walking tour to learn of the world and its ways. What transpires results in a denouement of compelling power and tender beauty.

Mae Marsh, after a long absence from the screen, returns with the most notable effort of her remarkable career. Her characterization of the orphan girl will long stand as one of the great things in the way of screen acting. Ivor Novello, a handsome young English actor, has won immediate recognition as the young preacher in this new story. Carol Dempster, so popular in several previous Griffith successes, essays the part of a girl of high Southern family and as only one of her distinguished refinement and intelligence might. Critical reviewers declare it the finest thing she has yet done. Neil Hamilton, a newcomer to the screen, is now heralded as a "Griffith find" as a result of his characterization of the lowly grocery boy who makes a name for himself. Others in the cast of principals are Kate Bruce, Jane Thomas, Charles Emmett Mack, Edville Alderson, Herbert Sutch, Joseph Burke and the real Southern darkies and other supernumeraries are a positive delight in their naturalness.

"Hollywood," a Big
Movie Attraction

COMES TO THE NICKEL THEATRE
ON MONDAY.

How many men, women and children are there who would not, so to speak, "give their eye teeth" to see behind the scenes of a motion picture studio?

Their names must be legion, judging from the number of applications for admission to the studios—which are not granted for obvious reasons. The next best thing to actually getting on the inside is to use the inside pictures on the screen.

Paramount has an original idea. The James Cruze production "Hollywood" from a story by Frank Condon, adapted by Thomas J. Geraghty, which will be the big feature at the Nickel Theatre Monday, shows the inner workings and also the outer appearance of the studios. It does it in story form. The story of a middle-
