

### YOU CAN DEPEND ON IT!

Always—in any climate—at any season—any hour! You'll never run out of pure, rich milk if, aside from daily requirements, you keep a dozen tins in reserve. St. Charles is unsweetened cow's milk nothing added, nothing taken away, except half the natural water content which is evaporated so that this choice milk may be put up in handy form.

# Do Men Buy Style ?

YES---Certainly. But they buy one of two kinds. One kind concerns just so many buttons---certain lines and curves---call it Mathematical Style if you wish.

The other kind is the style of gracefulness---it concerns itself not so much with inches and numbers of buttons---it is the style of good fit, of grace, it is an air of correctness. This is what
