The Question Settled.—Those eminent men, Dr. Jas. Clark, Physician to Queen Victoria, and Dr. Hughes Bennett, say that consumption can be cured. Dr. Wister knew this when he discovered his now widely-known Balsam or Wild Cherry, and experience has proved the correctness of his opinion.

Is the mind a ponderable or an imponderable substance; an essence, vapor, or an indescribable something which cannot be grasped, felt or withheld?

Man thinks, studies, invents, tires the brain by overwork; and loses his reason; rests his intellect, becomes calm, uses restoratives, and again thinks.

When we reflect that a power of endurance can be imparted to the brain, and that weak minds have been restored to strength by Fellows' Compound Syrup of Hypophosphites, we cannot but conclude that the subtle power is really ponderable matter, from the fact that the ingredients are supplied which render it support and give it vitality. Persons who study hard should preserve their balance of power by using the Syrup.

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever in-troduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Sore-ness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.
