More Law Suits.

It is understood the London Street Railway Company will this week inaugurate another suit for damages against the city, basing their claim on the revenue lost through being unable to run their cars on Dundes street west of Richmond because of the council's action in tearing up their tracks. A statement of claim will be furnished the city in a few days. But this is not all, so 'tis said. The company will probably push the action for assault on its employes, writs in connection with which have already been served on the aldermen and others. The total amount of damages asked in this suit is about \$21,000.

Repairing the Breakwater.

A special meeting of the London West Council was held Friday at the residence of Councilor Smith. The purpose of the meeting was to consider the complaint of Councilor Foollins in reference to the unsatisfactory condition of the breakwaternear his icehouse. The present state of affairs, the complainant said, was liable to cause heavy damage to the village should a freshet take place. Tenders were received for the work and further consideration adjourned till Tuesday next. Mr. R. A. Jones recently purchased a house on Center street, which he found it impossible to rent on account of no sidewalk being laid in that section. He appealed to the council for such an improvement, and the chairman of the Board of Works will deal with the matter. All the members of the council—Reeve Platt, Deputy Reeve Scarrow and Councilors Smith, Spence and Collins—were present. Has Hon. Frank Smith Resigned?

A rumor is current in Ottawa to the effect that Hon. Frank Smith has resigned his seat in the Dominion Cabinet because of the Government's refusal to carry out certain promises made by him and approved of by Sir John Abbott, as Premier, in connection with the McGreevy-Connolly case. The Montreal Gazette's Ottawa correspondent states that pressure is already being used to induce the Dominion Government to order the release of Messes. Connolly and McGreevy. Speaking editorially of the conviction of Mr. McGreevy, the Ottawa Journal said Friday night: "Those who got the money from Mr. Thomas McGreevy are extremely likely to have known where he got it and how he got it. They are, therefore, guilty with him, but they escape scot free; there is not even moral or social condemnation. It is supposed to be all in the way of politics. And this is why there is undoubtedly a deep and general public conviction that either Thomas McGreevy and N. K. Connolly have got more than their deserts, or other people have got a great deal less."

IMPORTANT!

"Win a Crown and wear it," is a very good motto. HEINTZMAN & Co. having worked for and obtained a reputation as first-class plano manufacturers, do not feel that they are called upon to share it with any other firm, who by fallacious argument try to make the public believe that the Fiano they make or sell is "just like THE HEINTZMAN," or that it is THE "Heintzman." The public and intending purchasers especially, are asked to bear in mind that there is only one HEINTZMAN & CO. Piano.
