The Collar of a Coat

Gives out first. It's the part that time turns green and dust turns gray. If we cannot get back the color by cleaning we make a new color by dyeing and restore the old suit just—well, almost as good as new.

LANGUAGES.

Berlitz's System.

The modern and the best way of learning a language is by the "Berlitz system," which does away with the slow, dry grammar, and instead teaches one on the same principle as a child learning its mother tongue. Ladies desirous of traveling, students studying a language, business men and travelers should study French or German on the above system. Study "Parisian" French and "Hanoverian" German. There are more dialects in France than England. You would not wish to learn the "Cockney dialect" for English? Mons. Masson, the celebrated "Parisian" teacher, will resume his classes on Wednesday at the "Conservatory of Music." He is a cultured gentleman and is Toronto's leading teacher. He will visit London Wednesdays and Thursdays of each week. Private or class lessons at moderate rates.

Business is increasing in the Manchester Ship Canal. It is reported that the fleet of Dominion liners, which has hitherto sailed between Liverpool and Canada, will next season be engaged with Manchester cattle trade via the ship canal. The Holt line of steamers, trading between Birkenhead and China, is also to be removed to Manchester.

English shipbuilding returns for this year show a large increase in the production of tonnage, especially at the larger building ports.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Eclectric Oil is earache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are especially subject.

—Miss Wilson, London, and Miss Morley are spending a few days in Aylmer with friends.

—Mr. Richard Poulton, of Elizabeth street, left today for Cobourg to assume a position with the Crossen Car Company.

—Mr. and Mrs. J. B. Heritage, of "Sunny Lawn," London West, have returned home after a week's visit with friends in St. Marys and Stratford.

—A Windsor telgram says: Rev. Geo. W. Henderson's throat trouble has developed into diphtheria, and he is under quarantine. He is getting along very nicely.

—Mr. Fred. Haylock has returned to this city after a successful tour of Michigan. He gave a number of exhibitions of fancy roller skating in all the principal towns and cities of that State.

—Some miscreant entered the small grocery store of Mrs. Gyde, Horton street, Saturday night, and while the latter was making change grabbed her money bag and decamped. It contained about $5.

—St. Thomas Journal: Mr. J. C. Leggatt, attorney for the Lake Erie and Detroit River Railway, said on Saturday there was a possibility of the road being extended to St. Thomas this summer.

—The employes of the C. T. R. round house and mechanical repair shops were placed on short time yesterday by the reduction of an hour of the working day. A number of freight handlers were laid off on Saturday night owing to slack business

—The Brantford Expositor, speaking of an entertainment given there by Miss Saywell says: "Miss Margaretta Saywell, of St. Thomas, captured her audience in her first reading. He manner so attractive and pleasing, her gestures so perfect and natural, combined with a voice over which she has perfect control, gave special excellence to her recitation. She is a success in grave and gay alike." Miss Saywell appears tonight in the St. James' Presbyterian Church.

—Mr. John Forrest, the G. T. R. engineer who shot himself Saturday night at his home in St. Thomas, was born in Edinburgh, Scotland, and was 46 years of age. He had been an engineer on the G. W. R. and G. T. R. for about twenty years. His family is a large one consisting of eight children, the eldest but 16 and the youngest but 5 years of age. Mr. William Forrest employed at the M. C. R. round house, St. Thomas, is a brother, and another, Alex., is a G. T. R. fireman at London. Deceased was a member of the lodges of A. F. and A. M. and of the I. O. O. F. at Niagara Falls, and also a member of the G. T. R. Provident Society.

—A pleasant party assembled on Friday evening last, consisting of Mr. and Mrs. D. Levine and the young people of their establishment, who met for the purpose of partaking of a supper and spending a pleasant evening in honor of Miss Annie Ross, a young lady long connected with the establishment, who was on the eve of leaving the city for the home of her parents, where she will soon be wedded. Mr. Levine made some very complimentary references to Miss Ross' personal and business capacities and to the efficiency of his staff. Mrs. Levine corroborated his remarks. Suitable addresses were made by each member of the company. They were favored with two very appropriate solos by Mrs. Levine. A vote of thanks was rendered to Mr. and Mrs. Levine for the enjoyable time they had given the young folks. The party broke up by singing the parting him, "God be with you till we meet again."

—Striking contrast and interest will be offered in the bills to be given at the Opera House Thursday night in the engagement of that notable and rare character comedian Felix Morris. "A Game of Cards" is a dainty one-act sketch, pathetic and tender, and will be followed with the brilliant three-act farcical comedy success, "Behind the Scenes," Mr. Morris' own adaptation and arrangement of the French "La Debutante." Mr. Morris is said to have one of his best characterizations in this play—as Achille Talma Duford. It is in French dialect, bright, humorous and at times pathetic and almost tragic. The play serves to introduce a number of well-drawn characters, which are judiciously disposed among Mr. Morris' admirable company in support, and the presentation will be surrounded with excellence of rare detail—the fame that has characterized his engagements elsewhere giving assurance of an absolute treat.

Death by Her Own Hands.

A coroner's inquest was held at the asylum yesterday afternoon on the remains of Mrs. Dutton, the inmate who committed suicide on Sunday by tying a string around her neck and strangling herself. The jury consisted of Messrs. Arch. Dufton (foreman), George Fowler, Reginald Christian, John Tusker, Hegry Dooley, Norman Kimball, Edward Pudney, J. W. Ward, Edward Simpson, James O'Donnell, John Evans and Wm. Wheeler. A verdict was returned that deceased came to her death by her own hands.

The Last Meeting.

The finance committee of the Board of Education held its final meeting for 1894 yesterday afternoon. Commissioner Grant presented a report, showing the average assessment of the ratepayers to be $1,856. The report was received in order that the board could decide on the non-resident pupils who should pay the $10 annual Collegiate Institute fee. Consequently all non-resident scholars whose parents are not assessed in the city for the average will pay the fee—if the report is adopted by the new board. Principal Althouse's application for a $100 increase in his salary was also referred to the new board. Miss McNee, Miss Cullen and Miss Hardy were placed on the substitute staff of teachers. Trustee Sanders brought up the question of a better enforcement of the Truancy Act. Mr. Sanders, Principal Merchant, Inspector Carson and Secretary McElheran were appointed a committee to devise ways and means for carrying out the act to the letter. The Governor-General's medals, which were won by Mr. C. M. Carson and Miss B. Bayliss, have been received. The successful pupils' names will be engraved on them, and they will be presented in the near future. The night school for girls will in future be held on Wednesday and Thursday. This concluded the business of the committee, and Mr. Jeffery took Chairman Alexander's place. Dr. Campbell and Mr. Griffin moved a vote of thanks to Mr. Alexander for his services as presiding officer. Trustees Sanders, Jeffery and Murphy spoke kindly of the impartial manner in which the retiring chairman had performed his duties. The motion was carried by a standing vote. Mr. Alexander returned his thanks for the confidence placed in him and also for the hearty support he had received from every member of the committee. The members present were: Chairman Alexander, Trustees Griffin, Dr. Campbell, Sanders, Craig, Murphy, Wilkins and Jeffery; Secretary McElheran, Principal Merchant and Inspector Carson.

Reopening Concert.

The reopening of the King Street Presbyterian Church was further celebrated last night, when a big tea meeting, followed by a concert was given. It was the most successful affair of the kind in the church's history. Tea was served in the basement from 6:30 to 8 o'clock. It included all the delicacies necessary to satisfy the most particular, and was served in admirable style by the ladies. The concert was held in the church, and the crowd was so great that seats had to be placed in the aisles. Rev. D. Robertson presided, and delivered a brief address, expressing his delight at the large attendance, which included so many strangers. It was a sure indication that they wished the congregation all success in the big undertaking. The programme was introduced with a number by the choir, and then Miss Phillips gave an instrumental of Scottish airs, which received well merited applause. Miss Retta Mutch (by request) sang "The Holy City"; the Misses Hartson rendered a duet, and Master W. Murray gave a selection on the violin. Miss Boon, in her Scottish readings, created no end of laughter. The talented young violinist, Mr. George Angus, displayed great skill in his selection and received vociferous applause. Solos were also given by Mr. Blaikie and Miss M. Hartson. Brief addresses by Rev. M. P. Talling, Rev. Mungo Fraser, Rev. W. J. Clark and Rev. D. M. Mihell added interest to the evening.

ANOTHER CROOKED CASHIER

Causes the Closing of a Bank and a Shortage of $90,000—Then Shoots Himself.

DOVER, Jan. 14.—The Dover National Bank has suspended. Cashier Isaac F. Abbott's accounts were badly mixed, and there is a shortage which may amount to between $60,000 and $90,000.

Cashier Abbott, who had been under surveillance since Saturday, was interviewed today. He admitted that his accounts were short, but refused to say how much.

This morning the bank vault was opened and notice was posted on the bank door that the institution had suspended. Bank Examiner Dorr immediately telegraphed for a United States marshal to come here and take Cashier Abbott in custody. Abbott was treasurer of the city of Dover, and also connected with the Dover Five-Cent Savings Bank, which has offices in the same building with the National Bank.

Later—Cashier Abbott shot and killed himself in his house this afternoon.

BARGES SHATTERED AND SUNK,

No Word from the 29 Men on Board of Them.

HAWESVILLE, Ky., Jan. 14.—In a dense fog early this morning as the towboat Boaz, with 30 loaded coal boats, bound from Pittsburg to New Orleans, rounded the bend just above here, she struck the bank and the fleet went to pieces. Twenty barges went down immediately, and others drifted out of sight and are going to pieces in the ice. The Boaz drifted by lying on one side evidently about to sink. At 8 o'clock tonight not a word had been heard from the barges or the 29 men on them.

TELL CITY, Ind., Jan. 13.—Four men on broken barges drifted by here crying for help, but no one dared to try and reach them.

Death Prefered to Misery.

PAXTON, Neb., Jan. 14.—John Paxton and his wife, Ida, were found in their sod house near here today with their throats cut from ear to ear. A letter discovered near the bodies stated that the couple were driven to desperation through want and illness.

Earthquake in Indiana.

PRINCETON, Ind., Jan. 14.—Two distinct earthquake shocks were felt last night at 9 and 10 o'clock at Union, a small town twelve miles from this city. The shocks were severe and did much damage to houses. They were preceded by rumbling noises lasting several seconds, followed by vibrations from the south to northeast.

As the season approaches when dainty cake, crusts and pastry are in demand, Dr. Price's Cream Baking Powder becomes indispensible.

Divorce in the 400.

OKLAHOMA CITY, O. T., Jan. 14.—Mrs. Annie Childs-Whitney, a niece of the late George W. Childs, of Philadelphia, has been granted a decree of divorce from Carles W. Whitney, a scion of the celebrated Whitney family of New York, and a clubman of that city. The grounds are marital neglect, incompatibility of temperament and constructive abandonment. They were married in New York on Feb. 8, 1889, the wedding being a most brilliant affair. Whitney made no defense.

Out of every 100 lives insured in England only five are women.
