field, Aug. 21, via Fusan, Aug. 21. — ing from the top rung of his steel cage. Fair weather has returned after five days' heavy and three days light rain. He had torn the sheets of his bed enormous propelling, stopping, backing It is hoped that this is the last stretch into strips and making a rope had fas- and steering power were needed. These of the wet season. Streams are falling tened one end to the bars. Standing difficulties are understood to have been and the sandy soil is absorbing the on a box, he tied the other end around water rapidly. The Russians are re-

Hundreds of Japanese guns continue to pour a destructive fire into the city and harbor, along the lines of forts and entrenchments, preparatory for the infantry assault. It is evident that Russian lines have been weakened and partly penetrated in the vicinity of the Antsevan and Itzshan forts. The entire line of Russian defenses im-mediately about the harbor is within range of the Japanese guns. A number of Russian forts and batteries continue to be vigorous. The Japanese death roll will be heavily increased before they are captured. The direction of the Japanese attack creates the im-

the bloodiest since Sedan. The Japan ese are supremely confident of the ultimate result. The leaders of the Govdecorating streets and houses and erecttion for a national celebration of the

could not, try as they would, get back "We want more help, more help,

Gets 60,000 Tons of Steel Rails at yelled Cameron, H. J. Williamson, of Baltimore, volunteered to jump into the bay. First New York, Aug. 25. - A break in the he called for a rope. There was none uggested cutting the bell vas done, and six of them ropes. This hand Williamson took a the bridge. now drifted out about two a ton under the pool price. The rails hundred yards and the rope was not have been sold by the United States long enough to reach them. At any rate Steel Corporation, and the Pennsyl- it parted where two sections were vania Steel Company.

Technically, the officials of both comgave it a tug. He swam to the spot panies declare the sale of steel rails where the three were working against

tion wanted to keep the deal a secret, gineer that there was a fleet of oyster because of its political effect. It feared boats anchored at the western end of Democratic party in its fight against up his dory after a cruise in the bay, high tariff. The story came out from With the reporter as stroke oar and Big Tom Corcoran pulling for dear life It is expected that the American, it was not many seconds before the litrailroads, especially the big eastern the dory was sliding its nose through Williamson, Cameron and Herbert read, E. H. Harriman, who needs near- were far from being exhausted when systems, has declared that he will not seemed to have confidence in their ability to keep affoat all night if need be

to hold his head above water while the dory was rowed against the tide to the bridge, Williamson, Herbert and Cameron clambered up the slippery piles the injured man up with a rope, so the reporter and Big Tom Corcoran tool through express train waited for them Williamson, Cameron and Herbert ot aboard the train. There was a par of Southerners in one of the coaches the decided to faint when the trouble vas nearly over was among those who

got a little nip. When the train pulled into Elizabethport the injured man was taken to the nospital by Tom Corcoran. He will be ble to leave there in a few days as well as ever, the doctors say, name is Edward Lynn, 22 years old, b lieved to be a tramp. He is it all the way from Buffalo, The first man who attempted to re cue Lynn, William Herbert, got off here and was taken to police headquar-
