WATER BILLS NOT TO BE REPORTED

States F. H. Keefer Concerning Outcome of Chicago Diversion Fight.

Canadian Press Despatch.  
Toronto, May 7.—Asked for his opinion as to the probable outcome of the fight against the Chicago water diversion before the rivers and harbors committee of the United States, F. H. Keefer, M.L.A., Ontario's representative before that body, upon his return today stated that the bills before the committee would not likely be reported.

"The probable outcome is," he said, "that there will be no bills reported by this committee this session. The supreme court will give its decision next November, and in all reasonable probability, they will confirm the judgment of the lower court—that is, enjoining Chicago against using more than 4,100 feet, which the war office permitted."

Public Recognizes Merit  
You will quickly see the difference between a mild laxative like Dr. Caldwell's Laxative Syrup Pepsin and castor oil, or rough cathartics and physics. Syrup Pepsin acts gently and does not gripe. Increased doses are not necessary. A bottle can be had at any drug store, and a spoonful costs less than a cent. It has been successfully used for thirty years and is the largest selling liquid laxative in the world, over 10 million bottles having been sold in drug stores last year. Keep Laxative Syrup Pepsin in your medicine chest.

Safe for Young and Old  
Let mothers with growing daughters interest themselves in this matter and see that their judgment is enforced. A rule followed by many is to take a spoonful of Dr. Caldwell's Laxative Syrup Pepsin once a week until the bowels function daily, and at other times as there is headache, biliousness, sores and fever blisters, lack of energy and appetite, sleeplessness, indigestion.
