POST OFFICE OFFICIALS AGREE ON CHANGE

Two cents per pound, each packet being stamped separately, or four cents per pound bulk rate. The sender to have the right to elect whether he would send his mail in bulk or separately addressed packages at the optional rates named.

This proposal was to be complicated and difficult of application, and has therefore been rejected by the United States postal authorities. But they submitted a proposal which was accepted today by the Canadian officials. The rate agreed upon is substantially the second class rate, which the individual citizen of the United States now enjoys, the exception being that publishers of the United States have an additional privilege of mailing their papers at the first class rate, and the new agreement was therefore entered for the protection of the American publishers.

CANADA SECURES NEW SYSTEM

Postmaster-General Meyer endeavored to obtain a reduction of the old agreement until congress shall have had an opportunity to legislate upon the question. The new system of mail, but it did not appear possible thus to maintain the status quo, and the new agreement was therefore entered for the protection of the American publishers.

THE NICOLA RAILWAY

The Nicola railway is now steadily under the control of the C. P. R. and the first train under the new management arrived in Nicola on Monday, says the Herald. On the C. P. R., among them being H. E. Beasley, assistant superintendent of the Pacific division; H. G. Walker, division engineer; J. G. Macdonald, master; S. L. Prenter, Z. Choate and the traveling auditor of the company, who at once intimated that the company was to be reorganized. Mr. Meyer is looking after the right of way on behalf of the company, was on the train, as were J. Macdonald, P. Hoy and A. Muir, of the contracting firm of Lenz, Macdonald & Co. The train was in charge of W. Fricken, who will act as conductor on the regular train.

A preliminary schedule has been arranged as follows: Leaving Spence's Bridge every Monday at 8 a. m. the train will call at various points on the route as follows: at 11 a. m. the train will leave the same day at 2 p. m. This service will start on Monday, April 1st, and the mails will be carried on the train on and after this date.

The action of the company in thus taking hold of the mail contract at once is to be commended, as it will undoubtedly prove of the greatest benefit to the business interests of the valley.

Stewart has been awarded the contract for carrying the mail between the station and the post office.

The officials of the route are very optimistic with regard to the future of the district, and they expect to see a large progress which is being made in its development. It is expected that the rate upon newspapers and periodicals will be abandoned, but afterwards it offered compromise. It proposed that the rate upon newspapers and periodicals sent from the office of publication in one country to subscribers and news dealers in the other, be either

UNIVERSITY BILL DEBATED IN HOUSE

Liberals and Socialists Unite in Opposition to the Measure

PREMIER REPLIES TO CRITICISM

Railway Bills Are Advanced a Stage—Mr. Oliver's Suspicions Are Set at Rest

An extended debate on the second reading of the bill proposing the setting aside of 2,000,000 acres of land towards the establishment of a provincial university was held in the House of Commons on Monday afternoon. The bill was introduced by Mr. Macdonald, the leader of the opposition, and also by Premier McBride. The first mentioned opposition was followed by Mr. Oliver, who also took part in the discussion. The adjournment of the House was moved by W. J. Bowser, who is expected to express his views relative to the bill at a later date. A number of private bills, mainly providing for the construction of different railway lines in various sections of the province were advanced.

Speaker Eberts read a communication from the Canadian parliament members of the legislative assembly a luncheon to be addressed by Commissioner of the Dominion of the station army, which has been arranged for today noon at the Poodle Dog restaurant.

Opening of Proceedings
 The proceedings were opened by the reading of prayers by Rev. J. P. Tappscott.

Committee Reports
 Reports were submitted by the private bills committee, by its chairman, Mr. Bowser, and also by the committee on the bill (No. 55) intitled "An Act to incorporate the Vancouver 'Stock Exchange,'" which has been proved and the bill ordered to be reported with amendments.

That the time limited for the presentation of reports be extended until the 11th day of April, inclusive, and to recommend the same accordingly.

These came down in the form of two district reports, the former being received and the second read and adopted.

Mr. McPhillips introduced "An Act for the Protection of Persons Employed in Factories." It was read a first time and the order for the second reading was given at the next sitting of the house.

A bill intitled "British Columbia Immigration Act, 1907," was introduced by Mr. Bowser. It was read a first time and placed on the order paper for second reading at the next session.

"An Act to Amend the Companies Act, 1906," was introduced by Mr. Ross, of Pentic. It was put through its stages and placed on the order paper.

Songhes Reserve
 Mr. Jardine moved as follows: "That an order be passed granting for a return of a copy of the provisional agreement entered into between the government and the Songhes Reserve of the City of Victoria in reference to the Songhes Indian reserve."

Questions were asked and answered as appended:
 1. Have the government received any proposal from any person or persons for the purchase of the crown lands for colonization purposes?
 2. What action, if any, has the government taken in respect thereto?
 3. If no action has been taken, what action does the government propose to take?
 The Hon. Mr. McBride replied as follows:
 "1. That the government grant large tracts of land in return for which it would be agreed to settle a certain number of people within the province."
 "2. None."
 "3. None."
 "4. None."

University Question
 On the consideration of the adjourned debate on the measure proposing the granting of 2,000,000 acres of land to the province of British Columbia, Mr. Macdonald continued the discussion. He said he thought the government had acted prematurely. He was of the opinion that the mover of the bill should have taken the trouble to explain the present status of the university question in the province. While in name there was a university of British Columbia, there was no such institution as a matter of fact. Therefore it was the natural conclusion that the administration proposed to grant an immense tract of land to a "mere shadow." Before asking the legislators to give away an area which might be valued at anywhere between \$3,000,000 to \$20,000,000 the government should give forth the details of the project. While it was true that a bill was promised along that line he was of the opinion that there were many questions which should be answered. He thought it would bear him out in the statement. Mr. Macdonald thereupon rose to a point of order.

"I retract what I have said," stated the premier, again rising. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. Macdonald thereupon rose to a point of order. "I retract what I have said," stated the premier, again rising. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. Macdonald thereupon rose to a point of order. "I retract what I have said," stated the premier, again rising. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. Macdonald thereupon rose to a point of order. "I retract what I have said," stated the premier, again rising. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

EASIER LILIES

ARE FRESH, PURE, CHARMING TO THE SIGHT.

WHITE ROCK

THE CHAMPAGNE OF TABLE WATERS, IS FRESH, AND CHARMING TO THE TASTE.

Mr. Henderson replied in the negative. Concluding his speech, he contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. Macdonald contended further that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. McPhillips contended further that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. McPhillips contended further that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. McPhillips contended further that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. McPhillips contended further that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. McPhillips contended further that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Mr. McPhillips contended further that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed. He contended that the bill was a potent fact and he would be glad to see the bill passed.

Skin Disease is Blood Disease

"Fruit-a-tives" clean the blood of all impurities and clear the complexion.

Pimples and Blotches—Redness—Boils—Eczema and other inflammations of the skin—mean Impure Blood. A person with a bad complexion always suffers from poor digestion—non-action of the bowels (or Constipation) and often the kidneys are weak. These unhealthy organs cannot rid the system of the waste matter. It is this waste—taken up by the blood and carried to the skin—that ruins the complexion.

"Fruit-a-tives" are a wonderful cure for Pimples and Blotches on the skin. They are without doubt the greatest blood purifier in the world. A box—6 for \$2.50. At all druggists.

"Fruit-a-tives" cure all skin troubles because they cure the kidneys and bowels. "Fruit-a-tives" cause the eliminating organs to do their proper share of the work of ridding the system of waste. This purifies the blood—and instantly the pimples and blotches disappear, and the complexion clears. "Fruit-a-tives" are fruit juices, intensified, and combined with valuable tonics and antiseptics. They are without doubt the greatest blood purifier in the world. A box—6 for \$2.50. At all druggists.

Fruit-a-tives

NOTICE is hereby given that, 30 days after date, I intend to apply to the Hon. Chief Commissioner of Lands and Works for special licence to cut and carry away timber from the following described lands situate on Salween River, Rupert District, Vancouver Island:

No. 1. Commencing at a post on the south-east end of Seymour Island; thence east 80 chains; thence south 80 chains; thence west 100 chains; thence north 80 chains; thence east 80 chains to the point of commencement.

No. 2. Commencing at a post located at the north-west corner of No. 1; thence east 80 chains; thence south 80 chains; thence west 100 chains; thence north 80 chains; thence east 80 chains to the point of commencement.

No. 3. Commencing at a post on the north shore of Seymour Island; thence east 80 chains; thence south 80 chains; thence west 100 chains; thence north 80 chains; thence east 80 chains to the point of commencement.

No. 4. Commencing at a post marked "D. M. Hyman's Northwest corner post," situated on the west side of the second branch of the Salween River, thence south 80 chains; thence east 80 chains; thence north 80 chains; thence west 100 chains to the point of commencement.

Located on the 25th day of January, 1907.
 D. M. HYMAN,
 J. McNeill, Agent.

NOTICE is hereby given that thirty days after date, I intend to apply to the Honorable the Chief Commissioner of Lands and Works for special licence to cut and carry away timber from the following described lands situate on Salween River, Rupert District, Vancouver Island:
